Company Profile

2BFresh, a subsidiary of Teshuva Agricultural Projects Ltd. (TAP), produces a wide variety of fresh Micro Leaves (also known as Microgreens) for local and international markets. Originally used by professional chefs for garnishing, today because of their high nutritional values, they are gaining popularity with home gourmets and health conscious homes as well. Considered “functional foods,” Micro Leaves are known to have disease-preventing and health-improving properties.

Product Description

Micro leaves, also known as microgreens are considered super foods because of their high levels of vitamins and nutrients - much more than in mature vegetables. They are full of flavor and add aesthetic appeal to your culinary dishes . . . and they go crunch when you eat them.

Our micro leaves are grown using advanced, ecologically-friendly methods. Supplied cut and ready for use in attractive individual packages in many sizes to suit both the food-service and retail sectors.

Matok V'Kal Ltd., (since 1975), manufactures sugar substitutes under the brand names "Matok V'Kal", "Sucra Diet" and more. The company believes in manufacturing high quality products using high quality raw materials and puts an emphasis on trying to meet the satisfaction of its customers. Matok V'Kal strives to introduce products that will benefit its customers and meet with their expectation.

Product Description

Liteez, 3rd generation sweetener is made with vegetable protein. The sugar is replaced with fibers which help maintain the kiss shape, while being soluble in hot drinks. Each cookie has only 1 calorie, equal in sweetness to 1/2 teaspoon of sugar, and can be enjoyed as a sweet vegan treat - free of eggs and allergens, or as sugar-free sweetener in a cup of tea or coffee. Perfect new addition to delight your customers when serving hot beverages.

Company Profile

Until a few years ago, the gluten-free niche was poorly managed, offering a very basic range of low quality, unappealing products.

We realized that a solution was needed for gluten-free consumers .

Motivated by our vision, Natural Cakes began developing and producing delicious, top quality gluten-free products, creating more availability and offering the option of tasty, appealing food to celiac patients and others.

In the recent years, the demand for gluten-free products has grown immensely, and continues to grow. Many consumers have no gluten sensitivities at all, yet would prefer a diet free of gluten.

At Nature Cakes, our passion is to strive towards the realization of our vision that is constantly expanding and evolving. Our success is clearly shown by the production of a wide variety of breads, buns and pita breads. Amongst our most successful products is our series of special frozen, ready-to-bake pastry dough, including delicious varieties of Borax, puff pastry and cookies. In addition, production of various flours, dough-preparation mixes, and our special range of premium products is flourishing.

As a leading company in the field of gluten-free pastries, we focus on doing whatever it takes to provide our consumers with appetizing products of the highest quality.

Company Profile

The Nina Family Story starts with Nasri Nehmeh, who founded Nina Bakery in Haifa-Palestine, back in 1936. Twice he had to build his pita bakery from scratch. He combined both his skills, as a baker and as a blacksmith, so in 1958 he patented his invention of a cyclical automatic oven. By the time it was 1964, Nasri had fully automated his production line.

Product Description

We produce delicious pita for our own Nina Bakery label, but we can also produce for private labels in case of specific requests. Nina Bakery is able to customize all products for any private label in weight, dimension or packaging. On special request, we also produce the mezonot recipe for our customers.

Company Profile

Since 2015, Pomeri's Pet-Pastry Chefs have been baking various delicious healthy treats and cakes for dogs daily – all are specially crafted Superfood & Plant-based.

Pomeri Pet Bakery is regularly in compliance with a team of veterinarians and animal nutritionists to ensure nothing less than premium quality products for our furry friends.

All of the products are licensed under the Ministry of Agriculture's Animal Food Control Division and are manufactured under an FDA registration number.

Product Description

Over the past 5 years, we have poured our love into baking thousands of tasty cakes and pastries for our precious pups. Dogs have long been an integral part of the family, this is why we wish to celebrate their birthdays, pamper them with personal and delicious snacks, and treat them just like our most beloved children.

In the last year, we have developed innovative products – dog cakes and muffins - that have been designed specifically for offline and online stores.

What sets us apart from our competitors? Unlike other dog pastries, Pomeri products have a longer shelf life, can be stored and shipped at normal temperature which means they are easily delivered all over the world and the most important thing - they are low cost.
