

TLV ConTech & PropTech

Constructing Tomorrow's Sustainable Buildings

November 24-25 / 2020 / Israel

GOES VR

Israel, the Startup Nation, is becoming one of the world's leading hubs for startups and technologies that are aiming to disrupt the construction and real estate industries towards the next revolution. **Over the past five years, the number of Israeli startups for these domains has increased by a fantastic 800% and has reached more than a 3000% rise in investments.**

Ranging from AI, AR&VR applications, automation, robotics, smart buildings and innovative construction, to user experience, management platforms and sustainability, the Israel ConTech & PropTech ecosystem is a melting pot of innovative technologies improving the entire value chain of construction and property industries.

Bridging between innovative startups, construction and real estate market players, investors and industry experts, Israel's ConTech & PropTech ecosystem is eternally seeking new opportunities, and **The TLV conTech & propTech 2020 virtual event is where properties, construction and technology meet.**

Over
