EXPLORE NEOX SKIN CARE

Active formulas for skin professionals and customers

NEOX is driven by a commitment to provide skin professionals and customers with active skincare products and intensified results you can see, feel, and trust.

Years of research and innovation in NeoTec's in-house laboratories, together with vast clinical field experience at Dr. Ronen Glesinger's clinics, have culminated in the creation of the NEOX brand of premium dermal care products.

POWERFUL COLLABORATION

NEOX has its origins in the long-lasting collaboration between Dr. Glesinger, a reputable plastic and aesthetic surgeon, and NeoTec, a leading developer and manufacturer of professional-grade skincare products.

INNOVATIVE R&D

Backed by cutting-edge R&D and manufacturing facilities, Neotec-Kordan Group develops advanced and patentable technologies (with expertise in peptides and polypeptides) and innovative, highly-concentrated skincare.

"We believe in targeted products that deliver visible results. In our in-house laboratories, we strive to use the latest scientific research and clinical advances from around the world to create powerful formulas that simply work."

Livna Lewkowicz, Neox Founder, NeoTec CEO

CLINICAL EXPERIENCE

All NEOX products have been scientifically formulated and successfully tested and evaluated at Dr. Ronen Glesinger's clinics – the leading, most advanced aesthetic centers in Israel.

"NEOX was born to redefine the perfect choice for both skin therapists and clients. The potent formulas and targeted products incorporate multiple technologies and high concentrations of key active ingredients."

Dr. Glesinger, Plastic and Aesthetic Surgeon, Member of The Israeli Society of Plastic & Aesthetic Surgery.
