AV ALOE VERA Gel

ALOE VERA GEL (BALSAM)

Natural gel extracted from the renowned Aloe Vera plant, famous for its medicinal and beneficial properties to the skin.

Aloe Vera gel is recommended in cases of:

- Redness and irritation of the skin.
- Swelling or stinging due to sunburns or mosquito bites.
- Chafing and irritation of the skin.

The Aloe Vera gel, part of the Balsam line, is a completely natural product, produced from Aloe Vera plants, grown organically and under special climate conditions. These conditions ensure a high percentage of the plant's active ingredients. The product does not contain perfume or color additives (which may themselves cause skin irritation and allergies). The gel is pleasant and penetrates the skin quickly and easily. Recommended for application on the wanted area several times a day, followed by a light massage.

DERMACTOL

Intensive Hand Care

DERMACTOL

Intensive Hand Care

Dermactol Cream was specially formulated to treat dry, rough and cracked skin. Based on natural active ingredients enriched with vitamins and natural fats, which penetrate the epidermis and guarantee a healthy, smooth and supple skin. It is so concentrated that only a tiny amount is needed to make dry skin softer and smoother.

Dermactol is ideal for extra dry, rough and troubled skin due to unique combination of 4 components:

- **Shea butter** an intense moisturizer for dry and aging skin. It contains essential fatty acids, Vitamins A, E, and F, which soothe, protect and retain moisture and elasticity into skin. It also contains natural sun-protection factors.
- **Olive oil** is one of the best oils for dry skin care, due to its high content of vitamins, beneficial antioxidants and unsaturated fats. The oil has great anti-aging properties, rejuvenates and moisturizes skin, and prevents internal moisture loss.
- **Wheat Germ oil** natural emollient with a high Vitamin E content. Softens very cracked and dehydrated skin. It promotes skin cell formation, nourishing, and healing of the skin.
- **Aloe Vera extract** has been used for centuries for its soothing, moisturizing and calming properties. Aloe Vera reduces swelling, stimulates synthesis of skin tissue and promotes healthy skin.

**DERMACTOL IS SUITABLE FOR FACE AND LIPS AS WELL
SUITABLE FOR CHILDREN AND ADULTS!**

Psoderm Oil

PSODERM OIL

For treatment of extreme skin dryness and redness

Psoderm Oil was especially developed for intensive treatment of dryness at various parts of the skin. The formula was carefully chosen following intensive research. Psoderm Oil contains a high potency combination of: Olive oil, Jojoba oil, Evening Primrose oil, Wheat Germ oil and Carrot oil. This unique blend is rich in natural anti-oxidants (Vitamin E and others) that contribute to skin's health.

Psoderm Oil keeps natural moisture of the skin and improves its levels and utilization at external skin layers.

The Oil is recommended for relief of skin dryness of various reasons such as:

- **Weather hazards: excessive sun exposure, wind, cold etc...**
- **Use of detergents or other solvents that harm the skin.**
- **Dry, rough or red skin due to diseases such as: Dermatitis, Eczema or Psoriasis.**

Daily use of **Psoderm Oil** softens the skin, improves its elasticity and texture, reduces redness and dandruff and treats skin cracks.

- **Natural Active Ingredients only**
- **Perfume Free**

TraumaSyn_{Gel}

TRAUMASYN GEL FOR BRUISES RELIEF

Speeds up recovery from bruises

Bruises are often caused by falls, sports injuries, car accidents, or blows caused by other people or objects. Bruising results from the release of blood from the capillaries into the tissues under the skin. The main symptoms are pain, swelling, and skin discoloration. The bruise begins as a pinkish red color spot that can be very tender to touch. It is often difficult to use the muscle that has been bruised.

It is possible to effectively speed the natural recovery process from this painful condition.

- **TraumaSyn gel** was specially formulated to relieve bruises.
- **TraumaSyn gel** eases pain, reduces swelling and promotes the natural healing process in applicated area.
- **TraumaSyn gel** is based on natural herbal extracts of:
 - **COMFREY** the oldest herbal remedy for skin sprains and bruises. Comfrey not only promotes the healing of tissue, but at the same time reduces swelling, effectively speeding up the healing process.
 - **ARNICA** has long been valued as a folk remedy for bruises and sprains. It has great pain-relieving, antiseptic and anti-inflammatory properties.
 - **CALENDULA** is beneficial in reducing inflammation, promoting wound healing, and as an antiseptic.
 - **CHAMOMILE** reduces swelling and is calming.

TraumaSyn is ideal for use in trips and at home

Color and perfume free!

VapoCal

VAPOCAL OINTMENT (BALSAM)

Ointment for Colds relief

Vapocal ointment contains a combination of four medically active components: **Menthol, Camphor, Eucalyptus Oil and Thymus Oil.**

Vapocal is recommended for use in the following cases: Colds or running nose - for application on the chest or under the nose. Applying the ointment releases the vapors of the active ingredients, which open chest congestion and enable free and easy breathing.

Stiff and aching muscles - Vapocal is applied on the back, neck, etc.

The active ingredients penetrate through the skin, warm the muscles and release them, enabling freedom and ease of movement. Vapocal is also recommended for use after sport activities.

SorexTM

Mouth Spray

SOREX

Mouth Spray

Canker sores (aphthous ulcers) are small, painful sores inside the mouth. Canker sores are very common. The cause is unknown, but stress seems to play a major role - for example, during exams, journeys and other stressful conditions.

A canker sore appears as a round white spot with a red border. Many people who suffer from canker sores get them several times a year.

SOREX MOUTH SPRAY provides fast relief from all kinds of sores:

Mouth sores: Canker sores, Cold sores, Cheek bites, Gum sores, Denture irritation, Denture & brace pain.

Contains: Calendula, Myrrh, Sage and Carob extracts. These herbal extracts have proven medical efficacy in treating such conditions. Some of them, mainly Carob was used since centuries in folk medicine in the Mediterranean region.

SOREX provides fast pain relief, and protection from infections while it helps dry the sore.

- Natural active ingredients
- Fast action for a long time
- Quick relief
- No sugar, color or flavor additives
- Suitable for children and adults
