

SPIRIT LEVELS

A NEW LEVEL OF VISIBILITY

2022/2023

ABOUT US

Kapro is a leading manufacturer and developer of innovative hand tools for the professional and DIY markets.

We produce the industry's finest quality spirit levels, laser levels and layout & marking tools. By adopting the method of Systematic Inventive Thinking (SIT), Kapro has registered over 100 patents worldwide, covering a comprehensive range of professional applications.

GLOBAL DISTRIBUTION NETWORK

Kapro is a major global player with headquarters in Kadarim, Israel and facilities in China and the USA, all wholly owned by Kapro Industries. Through our global partners' distribution networks, Kapro's products are sold in over 70 countries throughout Europe, America, Asia, Australasia and Africa.

INNOVATION & DESIGN

Kapro's R&D team has revolutionized the layout & measuring tool design, introducing a variety of ground-breaking inventions to the market:

The Plumb Site® Dual-view™- the only level feature in the market providing a frontal view of the plumb vial, eliminating parallax error as well as neck and back strain due to vertical plumb jobs.

The OptiVision® Red Vial- a new standard in vial visibility, achieved by creating a clear color outline around the spirit level's bubble. The clearest, most visible vial on the market today.

Laser positioning legs – with anti-slip grips and multiple angle Optional:s, our patented strong folding legs simplify angle mounting and height adjustment of lasers.

Prolaser® levels – offer a complete line of powerful lasers, that when combined with variable combination sets, offer the customer a staggering array of choices.

Specialty levels – unique levels that cater the specific needs of professionals in various trades such as drywall installation, plumbing and electrical work.

QUALITY

Kapro is dedicated to excellence in every aspect of development: production, distribution, sales and marketing.

We solely use the highest quality materials and components, from the strongest yet lightest steel and aluminium spirit levels to the most advanced, reliable modules in laser levels.

Kapro is the only level manufacturer in the world to carry the prestigious VPA mark of quality and all our manufacturing facilities are compliant with ISO Standards 9001, 14001 and SA8000. All Kapro lasers and electronic products carry FDA and CE certification, and comply with RoHS, WEEE and REACH regulations.

In addition, Kapro adheres to strict calibration and testing standards for all products, ensuring the highest level of accuracy in the market.

SERVICE & VALUE

The Kapro team strives to supply value to our customers through excellent products and the highest level of service. Our dedicated customer service team is constantly listening and responding to customers, ensuring their needs are met in a professional and timely manner.

KAPRO - TOOLS WITH VISION

VPA CERTIFICATION

VPA Prüf- und Zertifizierungs GmbH is the world's leading organization in testing, evaluating and certifying the quality and adherence of tools to German standards and regulations. The German VPA CERTIFIED seal of approval attests to the safety and the quality of products that withstood comprehensive testing procedures and continuous supervision.

The VPA tests cover:

- Level accuracy according to VPA standards
- Chemical testing of PAHs for plastics and compliance with German standards
- Level strength and reliability through breakage tests
- Level safety according to German standard parameters
- Full-scope inspections according to all the applicable standards and guidelines
- Regular supervision processes

The tests are based on the following regulations:

- EC directives
- EN, ISO, IEC standards
- Legal regulations
- National technical standards
- Rules of technology and safety engineering
- Tested Safety (GS) mark

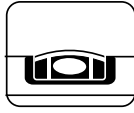

Kapro offers VPA certified products that testify to the highest quality and standards with which we operate and manufacture.

Success begins with vision.

At Kapro, we transform great ideas into superbly crafted tools.

985 DOOR JAMB SET

200 cm & 80 cm (78" & 32") Magnetic Heavy-Duty Professional Box Levels

Kapro's professional Door Jamb set is based on a set of 200 cm (80") and 80 cm (32") 985 Apollo Magnetic Box levels. These levels combine the best of 2 worlds – they keep the traditional design of a classic Box level while offering state of the art features that make work easier, quicker and more accurate. One of the toughest levels in the industry, the 985 features a horizontal 270' magnified breakproof solid acrylic vial and 2 plumb solid Acrylic vials, all at the highest accuracy of < 0.5 mm/m (0.0005 in/in), and with full reversibility.

- 3 solid acrylic, epoxy locked vials, including:
 - 1 Plumb Site® Dual-View™ vial
 - 1 horizontal magnified vial
- 2 milled surfaces on lengths up to 120 cm (48")
- Extra strong rare earth magnets
- Shock-absorbing bi-material end caps
- Ergo Grip™ non-slip handles
- Accuracy: <0.5 mm/m (0.0005 in/in)

985T & 724B MASONRY SET

Heavy Duty Tiler & Mason Level

Professionals working tough jobs require tough tools. Kapro's 985T Titan was built to meet the hefty demands of the job site and provide stellar accuracy. It features a specially designed, shock-absorbing surface along its entire length. Tap it, knock it – Apply force however you need to while working with brick or tile with confidence. The 985T is designed handle-free for a heavy-duty, full profile with the added benefit of easy cleaning on messy job sites.

The Titan boasts an impressive accuracy of 0.5 mm/m (0.0005 in/in), even under pressure from trowel or mallet blows. It features a magnified vial for a superior read for any inside or outdoor work site. The finely milled base ensures precision each and every time. Kapro vials are individually hand-calibrated by experts and thus have achieved the coveted VPA Germany tested & certified seal, and our lifetime accuracy guarantee.

Add the toughest level on the market to your tool box and see the Kapro difference today.
