

**NIHOHOT**  
Smart fragrances

THIS IS A STORY ABOUT

**Innovation,  
Creativity  
and  
Excellence.**

In Nihohot we research, develop and produce smart fragrances and scent essences for a variety of customers in various industries.

Our essences are found in products of the leading companies in cosmetics, personal care, Home care, detergents, wet wipes and room fragrances.

Our many years of experience are based on innovative and ground-breaking international and Israeli technologies in the field of scent essence development and their adjustment for various applications.

## **Safety** and **Quality** Above all.

In all the work processes, we make sure to use the highest quality raw materials in the world of international scent essences.

The raw materials are controlled at every stage of the development and production process.

Production is carried out in our Western European and Israeli plants.

We guarantee accuracy and consistency in all of our products.

We carry out quality control using the most advanced equipment in the field (GCMS) to ensure a perfect level of accuracy of the scent essences we provide to our customers, time after time.

## OUR COMPANY ACCREDITATIONS AND LICENCES:

We work according to a standard - ISO 9001:2015 certification
