THE DK PRODUCT LINE – DR. DOV KLEIN

Developed specifically to provide solutions to the most common cosmetic skin issues, each product in the DK line is the result of intensive collaboration with the prestigious Italian Academy of Beauty Sciences.

The products are based on alpha and beta hydroxy acids, which work in combination with other proven active ingredients to soothe acne-prone oily skin, lighten problematic pigmentation spots, and minimize wrinkles as well as other signs of premature aging.

All DK products are certified by the Israeli Ministry of Health, and are only available from authorized cosmeticians. The best results are achieved with long-term use.
