## easygolden-age

Multivitamin capsules designed for age 70 and above. The **easygolden-age** composition is recommended by the Israeli Ministry of Health. The capsules can be opened and added to the food. Suitable also in case of swallowing disorders. Package size: 100 caps. and 800 caps.

## easycalorie

Flavorless powder based on carbohydrates, designed to increase the caloric consumption. **easycalorie** dissolves easily and quickly, without taste alteration of the food/liquid. Suitable from age 1 and older. Package size: 1 kg.

## ProMuss

**ProMuss** is a dietary supplement containing whey protein powder with added HMB, amino acids, vitamins and minerals. ProMuss is designed to support wound healing and help build muscle mass. Orange-mango flavored. Serving size: 23 g.

## n-rich

**n-rich** is a non-dairy high calorie and protein pudding. N-rich comes in a ready-to-eat form and is suitable for oral nutritional supplementation, also in case of swallowing disorders. Chocolate flavored. Serving size: 150 g.

## easyshake

Soluble powder designed for the preparation of a high calorie and protein drink. Contains whey protein and prebiotic fiber. **easyshake** is suitable in case of poor appetite, involuntary weight loss, recovery from surgery or severe illness. Available in vanilla-orange flavor or unflavored. Dissolves in water or milk or can be added to porridge, yoghurt, sour cream, etc. Package size: 1 kg.

## easydrink

**easydrink** is a non-dairy complete liquid supplement. Designed to enrich the daily menu. Suitable in case of poor appetite, involuntary weight loss, recovery from surgery or severe illness. Caloric density: 1.4 kcal/ml. Coffee flavored. Lactose and gluten free. Suitable from age 4 and older. Serving size: 255 ml and 1 liter.

## easymeal-k2

**easymeal-k2** is a calorie-dense complete liquid nutrition formula. Caloric density: 2 kcal/ml. For increased energy requirements and/or fluid restriction. Easymeal-k2 contains prebiotic fiber. For tube feeding or oral supplementation. Available in vanilla and coffee flavor. Gluten free. Suitable from age 4 and older. Serving size: 250 ml and 1 liter.

## easyfiber

**easyfiber** is a fiber-fortified nutritionally-complete liquid formula. Easyfiber is designed for tube feeding or oral supplementation. Caloric density: 1.1 kcal/ml. Unflavored, no added sugar. Gluten free. Suitable from age 4 and older. Serving size: 250 ml and 950 ml.

# easyline Clinical and enteral nutrition 2021

## easythickener

**easythickener** is an instant food and liquid thickener, for people with swallowing disorders who require consistency adjustment. Thickens within a few seconds, at various temperatures. Does not alter the taste of food and drink. Package size: 1 kg.

## babycalorie

**babycalorie** is a flavorless powder based on carbohydrates, designed to increase the caloric consumption. For babies from birth till age 1, with special energy requirements who are unable to obtain the amount of calories needed through an age-appropriate menu. Package size: 400 g.

## easywhey

Soluble whey protein powder with the highest biological value in nature. Suitable for support in wound healing, in case of under nutrition and increased protein requirements. **easywhey** is an excellent source of BCAA and also suitable for athletes. Can be added to a variety of foods. Unflavored. Package size: 1 kg and 2 kg.

## anin

**anin** is a soluble powder for the preparation of a high calorie and protein pudding. For those who need extra calories and protein in their diet. Anin can be consumed as a dessert or an in-between meal. Suitable for people with swallowing disorders. Vanilla flavored. Package size: 1 kg.

## mid-day

Non-dairy soluble powder designed to fortify foods in the daily menu. For those with increased energy and protein requirements. **mid-day** contains soy and egg protein. Can be added to soup, omelet, mashed potatoes, etc. Unflavored. Package size: 1 kg.

## easycomeal-k2

**easycomeal-k2** is a complete liquid calorie-dense supplement (2 kcal/ml), designed to enrich the daily menu. For those with increased energy requirements and prefer a non-sweet taste. Corn soup flavored. Gluten free. Serving size: 250 ml and 1 liter.

## easydaily

**easydaily** is a high protein, complete liquid nutrition formula. Caloric density: 1.3 kcal/ml. 20% of the total energy is supplied by protein. For tube feeding or oral supplementation. Suitable for those with increased protein and energy requirements. Vanilla flavored. Gluten free. Suitable from age 14 and older. Serving size: 250 ml and 1 liter.
