Investment Banking Division

In the late 90's, iArgento led the first and second investment rounds of Mobileye, a leading Israeli technology company, that was sold in 2017 to Intel Inc. for US\$ 15.3 billion.

Since then, iArgento has been investing in Israeli startups based on a unique milestone model that has proven to lead the companies to success.

Over the past six years, and after examining over 500 different investment opportunities, iArgento raised and invested approx. US\$23 Million in five groundbreaking technology ventures as part of the first milestone in its model.

Our Philosophy

We make sustainable investing accessible to all. We invest in sustainable technology that moves society forward and creates a better future.

Our Style

Reducing Risk Strategically.

We only invest in companies that have a clear competitive advantage in their industry, successful sales and POCs, and outstanding management experience.

How Are We Different?

Attentiveness and Communication

We pride ourselves on having a personal connection with our investors and the teams of our portfolio companies.

In March 2021, iArgento Group initiated an R&D Limited Partnership traded in the Tel Aviv Stock Exchange (iARG) thereby institutionalizing our reporting system.

Fairness and Transparency

iArgento practices parallel investing: we invest the company's capital alongside yours. We dedicate all our efforts to creating higher investment returns for your money. iArgento is fully focused on the long-term health of each of its portfolio companies.

Evergreen, Long-Term Investment

We go all the way and beyond for our portfolio companies.

In our experience, the quickest way to success has no shortcuts.
