

# SK Group- Samir Khoury

**ENGINEERING  
& PROJECTS**

**SK  
ENERGY**

## SK E&P founded in January, 1994

by Samir Khoury (100%). 28 years of experience in construction, management, and design company in processing industries. Has own workshop (manufacturing Factory) in Bar Lev Industrial Park, with cover area 3,500 sq-m, a plot of 8,000 sq-m, three halls, 11-12 height, 4 bridge (overhead) cranes 10 and 5 tons. SK E&P is a qualified contractor/supplier of Intel, Siemens, GE, IEC, IDE, Tnuva, and INGL...ect. Hires around (in average) 180 employees engineers, site management teams. Belongs to the group of leading companies in Israel, rated in dun's100 by Dun & Bradstreet Organization.

## SKE founded in 1997

by Samir Khoury (100%). It is an investment and entrepreneurship company in energy, oil, gas. SKE had sold its shares in Sigma Epsilon (Dalia Energies Sugat power stations). This Exit consider an unprecedented one among the Arab community. Samir was a senior partner and active director in the management of the current operation activities, and he was initiating and promoting energy projects.

The Standard  
of Achievement

2020

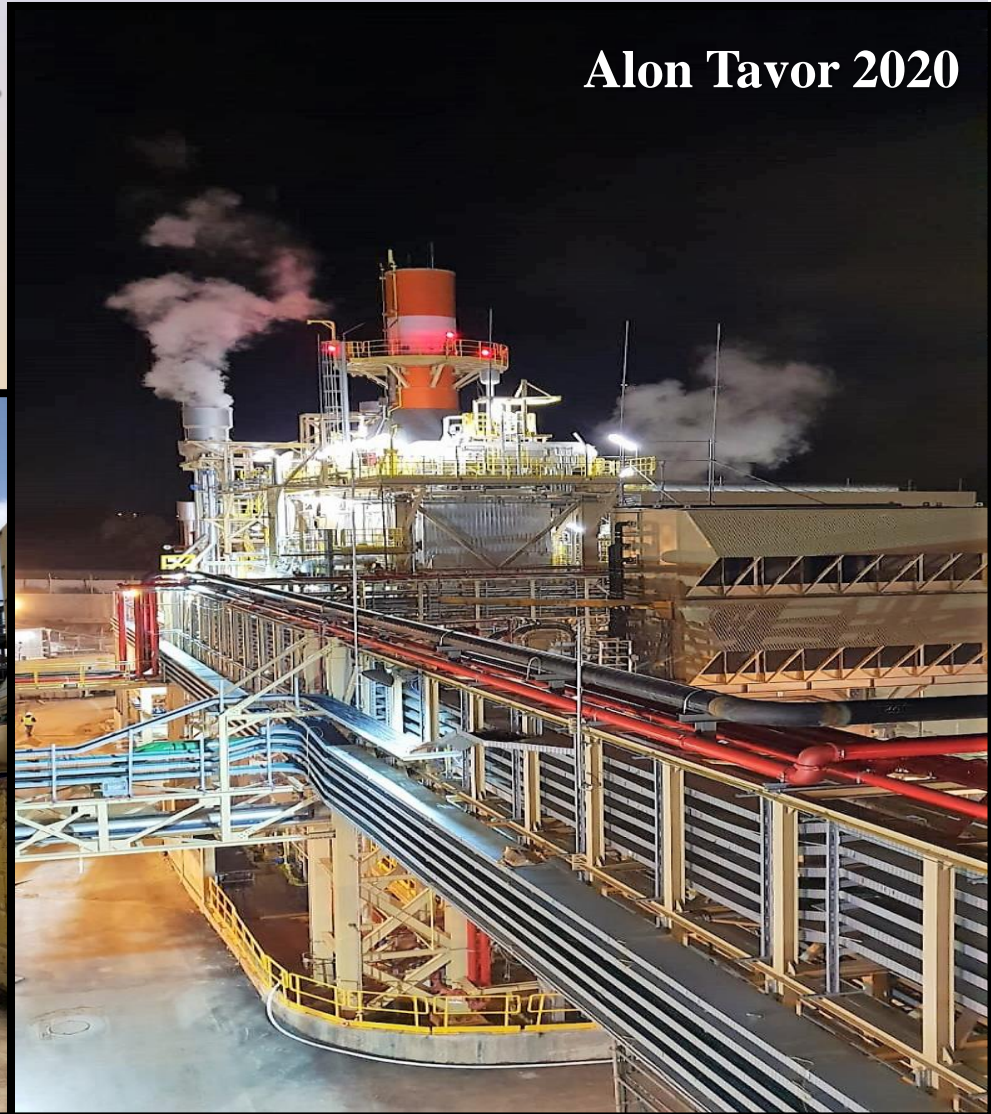

Leading Companies by dun & bradstreet

# Siemens - Alon Tavor Power Station 73

Recently finished Project – SK E&P implemented the contract for mechanical, piping & structural erection and installation of –

- BOP – Piping systems and equipment.
- HRSG - Heat Recovery Steam Generator.
- Gas Turbine & Steam Turbine.
- ACC – Air Cooled Condenser.
- Insulation.
- Steel Structures.

# SK E&P Workshop-

# Bar Lev Industry Park

- Cover area 3,500 sq-m, 8,000 sq-m plot, three halls, 12-11 m height.
- Each hall is designed to carry 2 cranes with lifting capacity of 10 t for one.
- The biggest hall has dimensions: length 60 m width 22 m height 12 m.

- Trains For IDE

# Intel Israel MWHSB- water treatment/sewage plant

- Design, procurement, prefabrication and erection of piping systems - HDPE, stainless piping, pipelines and piping supports,
- Insulation.
- Mechanical works - Equipment erection.

# High Purity Pipelines – SK's Clean Room workshop for Intel prefabrication works.

Intel - Kiryat Gat

# Mekorot – Ashdod & Cyprus Desalination plants

- Piping & Mechanical works (Super Duplex, SMO, PP, PVDF, CS).
- Equipment erection,,
- Steel structures.
- Designing.
- Commission works.
- Membranes
- Overseas purchasing materials around 6.0 M\$.

**Cyprus- Limassol  
2013**

**Ashdod, Israel**

**Ashdod, Israel  
2017**

# Maxima - Gas Separation

2012

- Prefabrication and installation of stainless, carbon steel and PP piping systems.
- Equipment erection , cold box, Reactors, Centrifuges, Deodorizers, Compressors, Heat exchangers, pumps, site tanks and different equipment .
- Final alignment of the motor- gears- compressor .
- The commissioning works of the plant process systems.
- Producing shop drawings of steel structure using 3D software tools.
- Overseas purchasing materials.

# Oil Refinery & Carmel Olefins- Haifa & Ashdod10

- Prefabrication & installation of stainless steel, carbon steel , PP piping and mechanical systems.

- Equipment erection and final alignment.

- Shop drawing design.

- fabrication, painting, and erection of structural steel.

- Prefabrication and erection of fire extinguishing piping systems.

- Pneumatic piping system for solid material transport.

- Designed, manufactured, painted and erected site tanks.

# Galam Biochemical Plant

2010

- Hygienic piping system.
- Stainless steel
- Steel structures & Ducts erection
- Civil works.

2014

2020

# OIL Refineries & Power Station

Paz Power station  
2014

**Our company implemented the contract for –  
Fabrication, erection of piping and mechanical systems.**

**Gas, steam and solid materials transport.**

**Equipment and structural steel erection.**
