

LogisticCare is one of the largest logistics companies in Israel, a pioneer in third-party logistics. The company owns large storage, warehousing, and distribution sites throughout the country.

LogisticCare manages the National Legal Exhibit Database of the State of Israel and the logistics center of the Israel National Police, where exhibits are stored in conditions that maintain their quality over time and are managed with total inventory reliability.

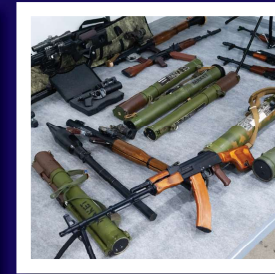

LogisticCare securely manages, stores, collects, and distributes the inventory via a dedicated and integrated system.

“Justice must be seen to be done”

Lord Hewart, Lord Chief Justice of England (1924)

We help justice be done

We help law enforcement agencies improve their productivity, maximize resources, and reduce costs by implementing innovative logistics solutions and securing evidence in the chain of custody, creating a better environment for serving justice efficiently and effectively.
