

The SK Group is a privately held technology and innovation holding company specializing in global frontline defense, para-military solutions, marine infrastructures, and property development. With a history of research, development and manufacturing spanning over 85 years, SK Group provides small arm systems, electro-optic and laser solutions, imaging systems, naval solutions and more. Drawing on Israel's innovation and field-proven solutions, SK's companies offer a powerful track-record of technology, experience, and excellence.

SK Group Members

IWI-ISRAEL WEAPON INDUSTRIES

Israel Weapon Industries is the leading global manufacturer of small-arm weapons systems for nearly 90 years. IWI engineering teams work in close collaboration with the Israel Defense Forces to design advanced Mil-Spec weapons that are rugged and more importantly, dependable in any environment. In addition to the IDF, they are used by militaries, law enforcement, homeland security and commercial agencies worldwide. IWI is known for technological innovation, manufacturing excellence and outstanding performance, even in the worst of conditions.

IWI US

IWI US, a subsidiary, established 2013, is headquartered in Middletown, PA. is active in governmental and commercial markets. In the first year, the TAVOR® SAR received the Golden Bullseye Award for Rifle of the Year by the NRA's American Rifleman Magazine. This award is a symbol of excellence and innovation in firearms.

PLR

PLR Systems Pvt. is a Joint Venture between the Adani Group, Israel Weapon Industries, and India to manufacture a full arsenal of IWI designed weapons in India, in accordance with Prime Minister Modi's clarion call — Make In India initiative. PLR has constructed a state-of-the-art manufacturing facility in the Malanpur region and is the first private sector company to be granted a license by the Indian Government to manufacture small arms and ammunition. PLR has also established an armorer's facility and opto-electronic-laboratory for maintenance / repair on weapons and sights.

MEPROLIGHT® (1990)
