

# Sanara Ventures

A Home for  
Healthcare Innovators

## Sanara Ventures

Sanara Ventures is a healthcare investment platform for innovative startups, comprising an Israeli Innovation Authority backed incubator, a devoted management team of highly skilled professionals and expertise that come with the leadership of global giants Philips Healthcare & Teva Pharmaceuticals. All providing promising pre-seed, seed and A round startups with everything they need to bring their important health and medical innovations into the world.

## Investment Programs

At Sanara, we offer two customized tracks to accommodate each startup at its current stage of fruition and launch it forward from there.

### SANARA Ventures Pre-seed/Seed program

Sanara Ventures is Sanara's flagship incubation program, backed by the Israel Innovation Authority. It provides a home for entrepreneurs and companies to grow, vital support with R&D, finance, business development, international networking, industry validation & mentorship to achieve a working prototype

### SANARA Capital A round program

Sanara Capital is our investment program dedicated to supporting the best startups from our portfolio, as well as startups who are new to the Sanara family, as they mature and scale their operations, optimizing their development, maturation and growth process through validation & integration into healthcare systems, with support from industry experts and global Key opinion Leaders.

## Portfolio Companies

Sanara focuses on digital health, medical device and bio-convergence technologies, spanning a wide range of disruptive innovation in various clinical areas aiming to optimize healthcare and transform patients' journeys.

Sanara Ventures currently have 17 companies in our portfolio.

## Our Strategic Partners

Sanara Ventures' partners are TEVA Pharmaceuticals & Philips Healthcare. These two giants of the global medical scene know medtech innovation and know how to nurture and cultivate it. Their ties are invaluable for the advancement of Sanara's portfolio companies, in many sub-fields among those digital health, cancer and respiration. Teva and Philips are uniquely positioned worldwide to introduce promising startups to leading hospitals and shepherd smart and optimal implementation of their tech innovation and vision.

\* **Sanara Ventures**, our name resonates the Latin word Sanare which means to heal and cure, but also to improve, put-right and settle. Sanara for us, is a harmonious and visionary point of view on the future of health and wellbeing of people around the world...
