 **Solio**

A global technological breakthrough, the easy way to pain relief!

Solio, the innovative brand in the field of therapy and products for treating pain is proud to present Alfa Plus: an effective, advanced device that is safe for personal use at any age, for men, women and children alike, easing and relieving various types of pain, such as: post-exercise muscle pain, period cramps, chronic pain or traumatic pain.

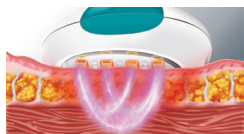

From now on, the technology used by pain clinics is available at home!

### If you are suffering from acute pain – three technologies are better than one!

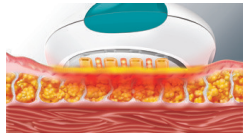

Alfa Plus is an innovative device that combines three sources of energy:

1. **Radio Frequency energy (RF)** – energy that infiltrates the muscle tissue and joints and invigorates blood flow at the source of pain, thereby stimulating the body’s natural healing mechanism.
2. **Infrared energy (IR)** – heat energy that affects the upper layers of the skin and invigorates blood flow, thereby relieving the pain.
3. **Soft laser energy (LLLT)** – energy that activates the cells.

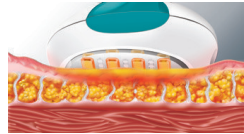

The unique combination of technologies relieves pain immediately, hastening the self-healing mechanism of the body, invigorating renewal processes, decreasing recurring infections and increasing the range of movement of the painful tissues .

Radio Frequency energy (RF)

Low Level Laser Therapy (LLLT)

Infrared energy (IR)

### From chronic pain – to improved quality of life

Chronic pain is pain that lasts more than 12 weeks, usually originating from the bones, tendons, joints or muscles. Chronic pain can easily disrupt daily life, physically and mentally. Daily use of the Alfa Plus device relieves chronic pain.

### Real solution to traumatic pain

Accidents, injury or excessive physical effort can lead to severe traumatic pain. Alfa Plus relieves the level of pain, helps relax the muscles and assists in fast recovery and return to routine activity.

### Alfa Plus – Sports

If you think that tight, sore muscles are an inseparable part of training, then think again...after physical activity, use Alfa Plus to facilitate the rehabilitation of the tissues that are causing pain with no side effect. No wonder physiotherapists, trainers and orthopedists recommend Alfa Plus!

### Alfa Plus for Period Cramps

You probably experience ‘Those days of the month’, when you feel in pain, incapacitated and cranky. With Alfa Plus you can relieve the cramps, relax your muscles and continue your routine, all month every month.

### Say goodbye to the pain

At home, at the office, during vacation or after physical training... Alfa Plus is so compact and comfortable.

- \* When using Alfa Plus, treat the area in pain for the duration of 15 to 20 minutes.
- \* Before using the device, please read the user manual.
- \* You will feel relief from your very first session!

### Your body is in good hands

- \* Tested and cleared by the FDA and the Israeli Ministry of Health
  - \* No side effects
  - \* Can be safely combined with other therapies and pain relief medications
  - \* High quality guarantee from the international Solio Brand
- Customer service available in English
