**All Jackson Health projects are “Net with Add Alternate”**
Subcontractor Bids

Bid Net with Add Alternate

• Contractor estimates on site exposure needed to fulfill scope of contract
• Contractor uses Aon Cost Worksheet to calculate estimated Insurance costs
• Rates from your own GL, WC & Umbrella policies should be utilized

Making Sure Costs are Eliminated from your Corporate Program:

- Once awarded, Contractor notifies their Agent/Broker of OCIP on-site coverages
- Your Agent/Broker instructs your carrier to eliminate exposure for JHS project from your corporate policy
- **Contractor supplies the Agent/Broker Welcome Letter and Aon Certificate to their Carrier**
- Contractor keeps separate record of all payroll reported to the OCIP for Agent/Broker to give to their Carrier

Workers’ Compensation Claims

These procedures are to apply to ALL employees for this project. The main responsibility for any Party is first to see that the injured worker receives immediate medical care.

Contractors and subcontractors’ on-site personnel will follow these procedures if any employee is involved in an accident or occurrence resulting in bodily injury:

1. Contact designated first aid / medical personnel and transport the injured party to the on-site first aid or medical facility, as necessary.

2. Report all injuries or occupational-related illnesses within 24 hours to the Employer’s Project Supervisor and CM Site Safety Manager and OCIP Safety Manager.

3. Employer’s Project Supervisor must complete a Supervisor's Accident Investigation Report and return to CM Site Safety Manager and OCIP Safety Manager within 24 hours of employee's notice of injury/claim. The OCIP Safety Manager will submit the completed form to the WC Insurance Carrier within 24 hours of receipt.

4. Subcontractors and its lower-tier subcontractors of all tiers will provide for Modified Alternate Duty (Return to Work Program) based upon the work abilities given to the Injured Party from the treating physician.

5. Immediately send all subsequent medical return to work notes, inquiries or correspondence about an Injured Party to the CM Site Safety Manager and OCIP Safety Manager.

6. No Injured Party will be allowed on a job site unless they have provided the CM Site Safety Manager and OCIP Safety Manager with the proper return to work note, either full duty or modified duty.
Claims Reporting Procedures

**Property Damage & Liability Claims**

Contractors and subcontractors must immediately report all Accidents at the Project Site involving death, injury, or damage to property of non-employee personnel (the public, tenants, and visitors) to the CM Site Safety Manager and OCIP Safety Manager. As soon as the onsite personnel become aware of the accident or occurrence, they must:

1. Take appropriate emergency measures to prevent additional injury or damage, including contacting police and fire authorities as required by law.

2. Complete and submit a *Supervisor's Accident Investigation Report and General Liability Loss Notice* to the CM Site Safety Manager and OCIP Safety Manager within 24 hours of the incident.

3. Immediately send all subsequent inquiries or correspondence about an insured loss or claim, including a summons or other legal documents, to the CM Site Safety Manager and OCIP Safety Manager immediately.
