

OUR PHYSICAL MEDICINE & REHABILITATION CLINIC IS MOVING

to the Christine E. Lynn Rehabilitation Center for
The Miami Project to Cure Paralysis at UHealth/Jackson Memorial

SAME WORLD-CLASS MEDICAL TEAM. NEW STATE-OF-THE-ART FACILITY.

Your next physical medicine and rehabilitation session will be at the Christine E. Lynn Rehabilitation Center, just two blocks north of Sylvester Comprehensive Cancer Center. The Christine E. Lynn Rehabilitation Center was built from the ground up to be one of the best rehabilitation facilities in the country and features a new, state-of-the-art outpatient setting, with the latest technology in physical and rehabilitative medicine. And it's all supervised by the same medical team you know. Your doctors are moving to the Christine E. Lynn Rehabilitation Center, too, and will be waiting for you when you arrive.

Second floor outpatient lobby

WHAT YOU NEED TO DO.

On the day of your appointment, go to the Christine E. Lynn Rehabilitation Center at 1611 N.W. 12th Avenue. There is ample parking available just north of the building's main entrance, as well as a parking lot with both regular and handicap parking spaces directly in front of the building. There is also the nearby Park Plaza West (Green) Garage if needed. All of our parking options are free for the first two hours. You can also drive up to the covered drop-off area in front of the main entrance doors prior to parking your vehicle. Then just come inside to our main lobby and register at the front desk. You'll be taken to the second floor where our new physical medicine and rehabilitation clinic is now located.

And one more thing. Your medical records will now be accessed through the Jackson Patient Portal. You can find more information on registering and logging in by visiting [MyJacksonHealth.org](https://www.MyJacksonHealth.org).

A LITTLE MORE ABOUT OUR NEW FACILITY.

The Christine E. Lynn Rehabilitation Center brings some of the world's best medical minds together to help patients get their lives back. Here, you will find physicians, nurses, therapists, and scientists from The Miami Project to Cure Paralysis, UHealth — University of Miami Health System, and Jackson Health System—as well as professors from the University of Miami Miller School of Medicine.

At Lynn, our experts are given everything they need to help every kind of patient, whether that patient is recovering from a spinal-cord injury, traumatic brain injury, stroke, burn, or cancer treatments. The facility also offers:

- Physical, occupational, speech, and recreational therapies for children, adolescents, and adults.
- Access to the latest research and clinical trials.
- Next-generation technologies such as the Bioness Integrated Therapy System, Ekso Bionics exoskeleton, and ZeroG Gait & Balance System.
- A full aquatic center featuring a Hydroworx therapy pool with an underwater treadmill.
- “Pre-habilitation” services to prepare patients for transplants and other surgeries.
- Transitional apartments, meditation space, an activities garden, and rooftop terrace.
- Actual airplane seats, a driving simulator, and even a full-size car to help patients reintegrate into daily life.
- Support groups and other services for patients, families, and caregivers.

We look forward to seeing you at the Christine E. Lynn Rehabilitation Center and hope you look forward to seeing our new, world-class facility. To learn more, you can reach us at **305-243-6605** or **305-585-9420**.
