14. MIAMI-DADE COUNTY INSPECTOR GENERAL REVIEW

Pursuant to Miami-Dade County Code § 2-1076, the County has established the Office of the Inspector General (IG) which may, on a random basis, perform audits, inspections, and reviews of all County/Trust contracts. This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the Contractor under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. **The Contractor shall, in stating its agreed process, be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form.** The audit cost shall also be included in all change orders and all contract renewals and extensions.

The Miami-Dade Office of Inspector General is authorized to investigate County affairs and empowered to review past, present and proposed County and Public Health Trust programs, accounts, records, contracts and transactions. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of witnesses and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications and applicable law. The Inspector General shall have the power to audit, investigate, monitor, oversee, inspect and review operations, activities, performance and procurement process including but not limited to project design, bid specifications, (bid/proposal) submittals, activities of the Contractor/ Vendor/ Consultant, its officers, agents and employees, lobbyists, County and Public Health Trust staff and elected officials to ensure compliance with contract specifications and to detect fraud and corruption.

Upon ten (10) days written notice to the Contractor shall make all requested records and documents available to the Inspector General for inspection and copying. The Inspector General shall have the right to inspect and copy all documents and records in the Contractor/Vendor/Consultant's possession, custody or control which in the Inspector General's sole judgment, pertain to performance of the contract, including, but

not limited to original estimate files, change order estimate files, worksheets, proposals and agreements from and with successful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, (bid/proposal) and contract documents, back-change documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records and supporting documentation for the aforesaid documents and records.

The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence regarding the acquisition (bid preparation) and performance of this contract, for examination, audit, or reproduction, until three (3) years after final payment under this contract or for any longer period required by statute or by other clauses of this contract. In addition:

1. If this contract is completely or partially terminated, the Contractor shall make available records relating to the work terminated until three (3) years after any resulting final termination settlement; and,
2. That the Contractor shall make available records relating to appeals or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

The provisions in this section shall apply to the Contractor/Vendor/Consultant, its officers, agents, employees, subcontractors and suppliers. The Contractor/Vendor/Consultant shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the Contractor/Vendor/Consultant in connection with the performance of this contract.

Nothing in this section shall impair any independent right to the County to conduct audits or investigative activities. The provisions of this section are neither intended nor shall they be construed to impose any liability on the County by the Contractor/Vendor/Consultant or third parties.

Exception: The above application of one quarter (1/4) of one percent fee assessment shall not apply to the following contracts: (a) IPSIG contracts; (b) contracts for legal services; (c) contracts for financial advisory services; (d) auditing contracts; (e) facility rentals and lease agreements; (f) concessions and other rental agreements; (g) insurance contracts; (h) revenue-generating contracts; (i) contracts where an IPSIG is assigned at the time the contract is approved by the Trust; (j) professional service agreements under \$1,000; (k) management agreements; (l) small purchase orders as defined in Miami-Dade County Administrative Order 3-2; (m) federal, state and local government-funded grants; and (n) interlocal agreements. Notwithstanding the foregoing, the Trust may authorize the inclusion of the fee assessment of one-quarter (1/4) of one percent in any exempted contract at the time of award.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all Trust contracts including, but not limited to, those contracts specifically exempted above.

15. User Access Program (UAP)

- A. User Access Program: The Board of Trustees for the Public Health Trust (PHT) of Miami-Dade County approved a User Access Program (UAP) under Resolution No. PHT 5/10-030 as implemented by the CEO/President in the "Jackson Health System User Access Program" policy. This agreement is subject to a user access deduction under the PHT User Access Program (UAP) in the amount of two percent (2%). All PHT purchases under this agreement, and purchases made by any other organization or jurisdiction that may use the agreement, are subject to the two percent (2%) UAP deduction.

The vendor providing the goods or services under this agreement shall invoice the amount of the agreement price, and shall accept as payment thereof the contract price less the 2% UAP as full and complete payment for the goods and/or services specified on the invoice. The PHT shall retain the 2% UAP for use by the PHT to help defray the cost of PHT operations. Vendor participation in this program is mandatory.

- B. Vendor Compliance: If the Vendor fails to comply with this section, the Vendor may be considered in default by the Trust in accordance with the terms and conditions of this agreement.

Jackson Health System SUD Reprocessing Program

You and your company are hereby informed that the Public Health Trust has initiated a single use device (SUD) reprocessing program with Ascent Medical. The decision was made after careful consideration of scientific data and regulations, the safety record of the 3rd party reprocessing industry and the dramatic reduction in supply costs.

As a partner in our efforts to support our goal of providing excellent health care your assistance is anticipated and expected as we move on with this initiative. The administrations as well as physicians at the Public Health Trust are in full support.

Facts:

1. In June 2000 report by the general Accounting Office (GAO), "CDC experts said they were not aware of patient illnesses caused by SUD reuse in the last decade." In the four years since the FDA has developed and implemented a heightened program of oversight of reprocessing by increasing inspections or Reprocessors and hospitals.
2. With FDA guidelines and the MDUFMA Act of 2002 reprocessing is now codified in Federal Law and there is arguably more government regulatory oversights to assure the safety and effectiveness of reprocessing devices labeled by the manufacturer as "single-use" than almost any other type of medical device used on patients.
3. Because FDA requires the filing of scientific cleaning and sterilization validation data prior to allowing a reprocessor to process any device, one can make a strong justification that there is a greater level of assurance that the reprocessed single-use devices are not only clean and sterile and will not place patients in harms way, but their use could even reduce the risk to patients from malfunctioning products which happen frequently with new devices.
4. Ascent Medical is the Public Health Trust's selected vendor has been inspected by the FDA and has not received any deficiencies. Furthermore Ascent has received all appropriate 510K documentation for reprocessing medical devices that we have chosen to include in the initiative.

In order to meet our goals for success with this program, the Public Health Trust's expectations of you and your company are as follow:

1. Do not speak negatively to any physician, nurse or any employee about SUD reprocessing while on the grounds.
2. Do not distribute any negative materials about SUD reprocessing while on the hospital grounds. These include verbal, written, e mail or any other way of communication.

Any violation can result in your immediate and permanent expulsion from the facilities and trigger a re evaluation of products purchased from your company. If you have any questions about the intent of this notice please contact Supply Chain Management immediately. We appreciate your understanding of our need to control costs and provide superiors care, and look forward to you and your company's support of this initiative.
