RE: Jackson Miracle-Building Bond Quarterly Report – April to September 2022

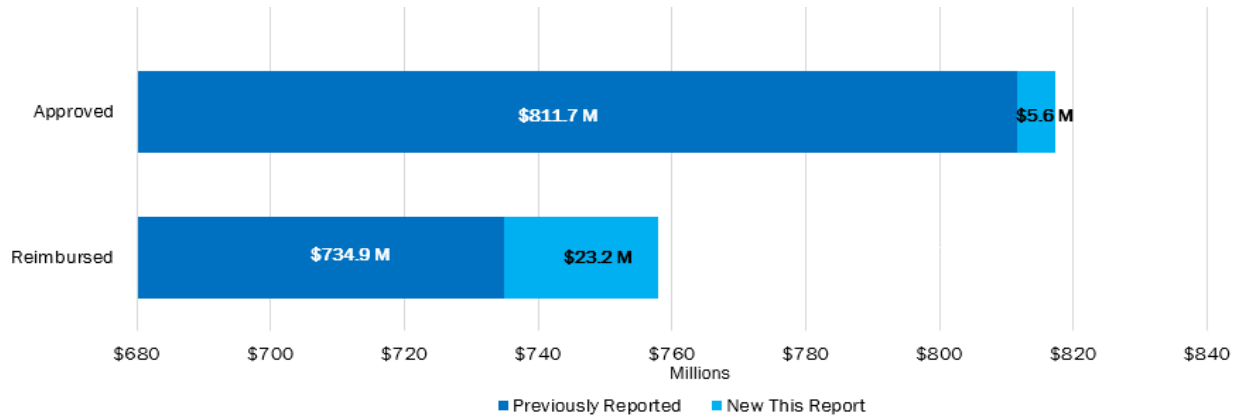

During the third and fourth quarters of FY 2022, the Jackson Bond Citizens' Advisory Committee met once to discuss updates presented by staff. No projects were presented for approval during this reporting period and there were no formal close-outs presented to the committee.

Equipment and technology purchases under the bond during the period represent approximately \$10.7 million of Miracle-Building Bond proceeds. The largest purchases in those categories included an endoscope processor, portable x-ray machines, and bronchoscopes at Jackson Memorial Hospital, Giraffe Omnibeds for the newborn intensive care unit at Holtz Children's Hospital, ICU beds at Jackson North Medical Center, and a laparoscope upgrade and mobile x-ray at Jackson South Medical Center.

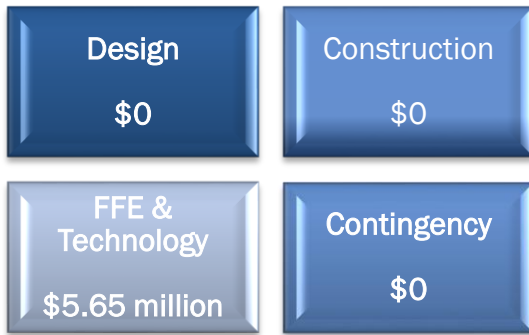

As staff completes the purchases of previously-approved major technology and equipment, our aggressive negotiations and procurement procedures are resulting in substantial savings compared to budget and funds approved by the committee and the Public Health Trust Board of Trustees. These savings are detailed in the attachments to this report, just as savings from under-budget completion of capital projects are detailed in close-out reports.

This explains the net negative numbers in this quarter's bond dashboard.

Financial Update

Reimbursements received during the report timeframe totaled \$23,173,395 bringing to \$758,032,448 the total reimbursement received since the bond program began.

Small-Business Enterprise Contracting

During this reporting period, 34 contracts were awarded totaling \$1,657,740. Twelve of those projects, or 35.29%, were awarded to prime contractors who are certified small business enterprises (SBEs).

At the committee meeting on October 25, 2017, the committee requested the subsequent quarterly reports include a summary of the ethnic and gender data provided by the vendors for all contracts awarded during the reporting period. For the current reporting period, the following data was compiled:

Ethnicity	Value	Share	Gender	Value	Share
White	\$303,647	18.32%	Female	\$112,381	6.78%
Black	\$0	0	Male	\$678,366	40.92%
Hispanic	\$548,210	33.07%	Male/Female	\$105,504	6.36%
Other	\$44,394	2.68%	Shareholder-Owned	\$760,586	45.88%
Shareholder-Owned	\$760,586	45.88%	TBD	\$904	0.05%
TBD	\$904	0.05%			

The names and demographics of the prime and sub-contractors for all 34 contracts are detailed below. The breakdown of contracts reported this quarter is as follows:

- 24.19% equipment
- 2.46% information technology-related services
- 10.86% job order contracting (JOC) activities
- 13.14% project-related furniture, fixtures and equipment
- 36.42% general construction services
- 12.93% architectural/engineer services

These totals do not include bond-funded expenditures on non-construction items such as equipment and technology. The totals also do not include projects approved by the Trust Board that have not yet completed the procurement process. This list only represents contracts awarded during the reporting period – some projects include additional contracts detailed in prior reports or still pending award.

Community outreach events are conducted to inform the vendor community of upcoming capital program activities, the process to pursue those opportunities, and identify potential support needs for vendors interested in or engaged in capital program activities. At the committee meeting on April 30, 2019, the committee requested the subsequent quarterly reports include a summary of the ethnic and gender data provided by the vendors for all the capital equipment contracts awarded during the reporting period. Please note new awards less than \$10,000 are not reported as these are considered small purchases.

For the current reporting period, there were no new equipment purchases that meet this criteria.

Jackson Medical Pavilion: Coral Gables Free-Standing Emergency Department & Multi-Specialty Physician Office Building

The building is dried in with roofing, conduit, duct work, insulation, and dry wall significantly complete. Site structures and utility installation took place last quarter and paving and concrete are scheduled to start next quarter. Supply chain issues have delayed the delivery date of the generator to the end of 2022, which has pushed back the completion of the building and opening of the facility until early 2023.

Coral Gables Timeline

Equipment and Technology Purchases

Bond proceeds were used this quarter to fund \$10,698,458 in miscellaneous medical equipment and technology, including \$862,128 from the Infrastructure Projects area, and \$9,836,330 from New Medical Equipment. Those funds are being used at the following Jackson sites:

Systemwide	Jackson Memorial	Jackson North	Jackson South	Holtz Children's	Other Sites
\$922,818	\$3,334,509	\$862,128	\$2,994,946	\$1,037,468	\$1,546,589

A line-item list of the purchases is attached to this report.

Additional Project Updates

At the Jackson Memorial Medical Center campus, construction of the interventional radiology CT scanner project was completed in June. Construction on the fourth floor shell buildout of the UHealth Jackson Critical Care Pavilion at Jackson Memorial Hospital continues, with the unit projected to open in the first quarter of 2023.

No bond-funded projects were formally closed during the reporting period.

Our staff looks forward to continue working with the Citizens' Advisory Committee to track the progress of the Jackson Miracle-Building Bond Program, ensuring the highest levels of transparency and seeking expert input.
