RE: Jackson Miracle-Building Bond Interim Quarterly Report

---

As Jackson Health System nears completion of the 2013 Miracle-Building Bond program, the vast majority of projects funded by the bond are now operational and most of the \$830 million has been spent or fully allocated.

Work on outstanding projects, including the Jackson Medical Pavilion in Coral Gables, is continuing as planned. In April, we will provide the Citizens' Advisory Committee with a full programmatic update detailing the progress on projects and funding.

We look forward to celebrating the formal completion of the program in the near future.

If you can have questions, please feel free to contact me directly.
