

ref. 14081

SMOKE MACHINE DETECTION LIQUID

Function

Provides an effective means to generate dense, visible smoke, allowing for the quick detection of leaks in air conditioning systems, vacuum systems, pipes, and other critical components.

Advantages

- ✓ Ease of use
- ✓ Portability

Technical Specifications

Capacity	500ml
Gross Weight	0.450kg
Net Weight	0.405kg
Aspect	Colourless and transparent
Density at 15°C	0,84 gr/cm ³
Viscosity at 20°C	40 cSt
Viscosity at 40°C	16 cSt
Viscosity at 100°C	3,8 cSt
Fluidity Point	-12 °C
Inflammation Point	190 °C
