

TECHNICAL DATASHEET

ref. 15448

SET OF 2 MC4 1000V 30A CONNECTORS

Description

The set of 2 MC4 male and female connectors are used for solar installations, specifically for connecting solar cables to the photovoltaic system.

Advantages

- ✓ Fast, secure and stable connectivity
- ✓ Resistant to adverse conditions

Technical specifications

Voltage	1000V
Current intensity	30A
Rated current	41A/46A
Degree of protection	IP 68
Suitable PV cable width	4mm ² /6mm ²
Ambient temperature range	-40°C~+85°C
IEC Protection class (0/1/2/3)	Class II
Contact resistance	<0.5mΩ
Breaking force	Minimum 80N
Plug life test	50 times
Material	Hard plastic case + tinned copper

Measures
