## PNEUMATIC GREASE GUN 1/4"

## TECHNICAL SPECIFICATIONS

Air intake	1/4"
Capacity	500ml
Supply hose length	275mm
Inlet pressure	6,2BAR
Maximum pressure	30Mpa
Weight	1,50Kg

## SUMMARY

Pneumatic grease gun designed for the fast and efficient lubrication of machinery, vehicles and industrial equipment. Powered by compressed air, it delivers a maximum output pressure of 30 MPa (300 bar), ensuring proper grease application even in hard-to-reach lubrication points.

Includes:

- Rigid extension tube
- 275 mm flexible hose

Specifications:

- Maximum output pressure: 30 MPa (300 bar)
- Air supply pressure: 6.2 bar (90 psi)
