

ref. 51212

AIR IMPACT WRENCH 3/4" COMPOSITE

Function

This impact tool is designed for applications where pressure is exerted to cause a twisting motion in the tool itself, allowing it to tighten or loosen bolts.

Advantages

- ✓ Light
- ✓ Hose connectable
- ✓ Double hammer mechanism
- ✓ Composite

Technical specifications

Air inlet	3/4"
Speed	5500 RPM
Reduced noise level	95 dBa
Net weight	3.4 kg
Maximum torque	2034 Nm

Torque value

Speed	FORWARD TORQUE (Nm)	REVERSE TORQUE (Nm)
1	1085	1085
2	1356	1356
3	1672	1672
