

ref. **51222**

IMPACT WRENCH 1/2"

Function

An impact wrench is a power tool that can be used to loosen or tighten nuts faster and easier than a standard wrench. They're especially helpful with tough jobs like loosening, stripped screw heads, a nut that's overly tightened, or frozen or rusted nuts or bolts.

Advantages

- ✓ Available in 1/2"
- ✓ 360° movements
- ✓ Hose connectable
- ✓ Light
- ✓ 8 forward speeds & 8 reverse speeds

Technical specifications

Length	150mm
Impact type	hammer
Weight	0,9Kg
Pressure	6,3Bar
Rotation speed	10000 RPM
Tightening torque	101 Nm
Consumption	85 L/min
Air inlet	1/4"

Torque value

<i>Speed</i>	<i>FORWARD TORQUE (Nm)</i>	<i>REVERSE TORQUE (Nm)</i>
1	20	20
2	34	34
3	47	47
4	68	68
5	81	81
6	88	88
7	95	95
8	102	102
