SQUARE ACOUSTIC ALARM 12V-80V

TECHNICAL SPECIFICATIONS

Voltage	12-80V
Operating temperature	-30~70°C
Sound intensity	97dB
Weight	0,20Kg
Dimensions (LxWxH)	113x50x80mm

SUMMARY

New design with more advantages:

- Resistant to different climatic conditions, with IP65 protection.
- Multivoltage 12-80V DC with 97db.
- Protected against reverse polarity.
- Sealed with epoxy resins with a temperature range: -30 to 70°C.
