

ref. 53483

# SET OF 3 ADJUSTABLE PLIERS

## Function

These adjustable pliers are distinguished from other pliers by the integrated quick-adjustment knob, which fixes the jaw so that you can work faster and more accurately.

V-shaped jaw for an all-purpose grip that adjusts smoothly to all material shapes (flat, round, square, hexagonal).

High frequency hardened jaws increase the durability of the teeth and jaws making them harder and tougher than standard hardening. Manufactured from chrome vanadium (Cr-V) alloy steel to increase tool life and durability..

## Advantages

- ✓ Comfort
- ✓ Versatility
- ✓ Durability

## Technical specifications

Pieces	3
Material	Cr-V
Length	180, 240, 300mm
Opening	27, 38, 44mm
Weight	1,30Kg

## Contains

- 52246 - 180mm
- 52247 - 240mm
- 52248 - 300mm
