TECHNICAL SPECIFICATIONS

Pieces	14
Adapters	3/8", 1/4"
Weight	0,30Kg
Dimensions (LxWxH)	195x90x65mm

DETAILS

CHARACTERISTICS:

Designed to restore clarity to headlight lenses that have become yellowed, cloudy, or hazy.

Headlight lens restoration kit improves the performance of the headlight.

Three easy steps: sand, polish and protect.

Easier than replacing an old headlight.

Comes with easy-to-use instructions.

Car headlight restoration kit doesn't include household polishing machine.

Restores headlights, taillights, fog lights or directional lights.

This kit is intended to restore 2 headlights.
