Dimensions (LxWxH)	330x100x240mm

DETAILS

The JBM headlight restoration kit with liquid polymer is an innovative system that restores headlights burned or damaged by weather conditions, bringing them back to their original state, providing a perfect shine and finish in a very quick and cost-effective way.

It increases safety, lighting, and visibility, especially for night driving.

This kit includes:

- Special sanding liquid (600ml). (Ref. 15375)
- x6 sandpapers. (Ref. 14564)
- Painter's tape. (Ref. 14573)
- Sanding plate. (Ref. 14571)
- Plastic funnel. (Ref. 14570)
- Special gas outlet plug.
- Plastic plug and tube for gas outlet. (Ref. 14569)
- Vaporizer cup. (Ref. 14568)
- Power socket plug. (Ref. 14565)
- Car lighter socket plug. (Ref. 14566)

Manual sanding or machine sanding followed by chemical rinsing with connection to a car lighter socket or power socket.

JBM REMINDS YOU THAT THE PRODUCT SHOULD NOT BE CONNECTED TO THE POWER SUPPLY FOR MORE THAN 5 MINUTES AS POSSIBLE OVERHEATING MAY DAMAGE THE VAPORIZER CUP.
