## HEADLIGHT RESTORATION KIT

### Description

Headlights fade with time, becoming cloudy, hazy or yellowing causing a reduction in the amount of light emitted and increasing driving risk.

The JBM liquid polymer headlamp refurbishment kit is an innovative system for restoring sunburnt headlamps to their original condition, with the original gloss and a perfect finish in a very fast and economical way.

### Advantages

- ✓ Easy to use
- ✓ Manual or machine sanding
- ✓ Increases safety especially for night driving
- ✓ Carrying case for storage and transport
