

53940**YELLOW/BLACK PLASTIC POST****TECHNICAL SPECIFICATIONS**

Color	Negro/Black, Amarillo/Yellow
Material	PVC
Lenght	850mm
Weight	0,55Kg

DETAILS

Plastic post for mobile fencing, designed for indoor and outdoor applications. Made of high-strength PVC, with contrasting yellow and black stripes for optimal visibility in high-voltage signage. Equipped with a refillable base to ensure stability and adaptability in various conditions. Ideal for delimiting high-risk areas and access control.

- Post dimensions: 40x775mm.
- Base dimensions: 290x75mm.
- Total height: 850mm.
- Refillable PVC base with water or sand for better fixation.
- Empty weight: 0.60kg.
- Weight with water: 4kg.
- Yellow and black stripes. Special for high-voltage signage. Its contrasting colors make the chain highly visible to restrict high-voltage areas.
