Test Standards:

EN 61326-1:2013

The above product has been tested by us with the listed standards and found in compliance with the European Electromagnetic Compatibility Directive 2014/30/EU. It is possible to use CE marking to demonstrate the compliance with this EMC Directive.

EN 61326-1: Electrical equipment for measurement, control and laboratory use - EMC requirements - Part 1: General requirements

The referred test report(s) show that the product complies with standard(s) recognized as giving presumption of compliance with the essential requirements in the above mentioned EU Directive. Other relevant Directives have to be observed.

After preparation of the necessary technical documentation as well as the conformity declaration, the CE marking as shown below can be affixed on the equipment.

The statement is based on a single evaluation of the sample of above mentioned product(s). It does not imply an assessment of the whole production.
