

ref. **54100**

DIESEL ELECTRIC PUMP

Advantages

- ✓ Use in metal drums of 205L or 1000-1250L IBC'S.
- ✓ Telescopic suction tube.
- ✓ Stainless steel filter built into the suction tube inlet.
- ✓ Built-in fuse for overload protection.
- ✓ Silent motor.

Recommended use

Fuels, light oils, and engine oil with a viscosity up to 100 cSt.

Technical specifications

Pump capacity	18.4LPM (4.86GPM)
Maximum viscosity of media	100 CST
Suction tube length	850-1245mm
Hose length	2m
Working temperature	5° - 40°C (41° a 104°F)
Voltage	Direct current: 12V Alternating current: 100-240V, 50/60 Hz
Cable length	4m
