HYDRAULIC HAND PUMP 1.2L

TECHNICAL SPECIFICATIONS

Capacity	1,2L
Maximum pressure	69BAR
Workflow	0-20Kg/cm ³ ~20-70
Connectors	3/8"NPT
Weight	11,40Kg
Dimensions (LxWxH)	750x180x270mm

SUMMARY

Two-stage manual hydraulic pump, ideal for high-pressure applications. It offers a working pressure of up to 700 kg/cm² (10,000 PSI) and features a 1.2 L oil reservoir. Flow-optimized in two stages: 13 cc in the first and 2.3 cc in the second, enabling fast and precise operation. Fitted with a 1.8 m hose, 3/8" NPT connection, and weighing 10.32 kg.
