

ref. 54340

1/2" ARTICULATED IMPACT WRENCH

Function

Powerful tool that performs a rotation movement that allows you to quickly loosen or tighten nuts.

Thanks to its extra-long handle and articulated head, it is especially useful for reaching hard-to-reach places.

Advantages

- Tilt 120 degrees
- 360 degrees rotation

Technical specifications

Square	1/2"
Maximum tightening torque	610 Nm
Maximum untightening torque	813 Nm
Speed	8000 RPM
n° tightening speeds	3
n° loosening speeds	3
Maximum pressure	6.2 BAR (90 PSI)
Air consumption	8 CFM (210 L/Min)
Minimum hose diameter	3/8"
Air inlet	1/4"
Noise level	92dB
Vibration	4m/sec ²
Size	9x31 mm
Weight	1.4kg
