

ref. 54500

UNDER BONNET INSPECTION LIGHT 5000LM**Description**

Thanks to its 5000 lumens, this LED lamp provides you with perfect lighting so you can comfortably work on the engine or other parts found under the hood.

It has two hooks to hang on both sides of the hood and it is extendable, so it can adapt to hoods of different sizes.

Advantages

- ✓ Extra-bright light
- ✓ Battery charge indicator
