

ref. 54554

**PORTABLE AIR CONDITIONER****Description**

This device provides efficient cooling in homes, offices, recreational vehicles, and other environments. With its compact size and practical features, it offers instant relief in warm climates without the need for permanent installations.

**Advantages**

- ✓ Practicality
- ✓ Versatility
- ✓ Ease of use
- ✓ Energy efficiency

**Technical specifications**

Cooling capacity	2600W
Dehumidifying capacity (L/h)	1.0 L/h
Cooling input power/current	950W / 4.3A
Air Flow volume (m <sup>3</sup> /h)	270m <sup>3</sup> /h
Rated voltaje / Frequency (V/Hz)	220-240V~/50Hz
Sound pressure level (dB (A))	L <sub>pa</sub> : 53dB(A) L <sub>wa</sub> : 64dB(A)
Rated energy efficiency ratio (EER <sub>rated</sub> )	2,6
Global warming potential (kg CO)	3
EER <sub>rated</sub> class	A
Net weight (kg)	21kg
Dimensions (WxDxH)	Cuerpo: 330x228x685mm
	Paquete: 373x318x865mm
Refrigerant	R290/160g
Applying space (m <sup>2</sup> )	13-18 m <sup>2</sup>
Miniature fuse	6.3A 250VAC
