

**ref. 54556****PNEUMATIC BELT SANDER****Function**

Essential tool for professionals and hobbyists looking for an efficient solution for sanding tasks in challenging spaces. Its compact design and specific functionality make it an efficient choice for jobs that require precision and access to hard-to-reach areas.

Advantages

- ✓ Versatility in Sanding
- ✓ Access to Hard to Reach Areas
- ✓ Precise Control
- ✓ Increased Working Speed
- ✓ Durability and Resistance

Technical Specifications

PAD:	25/64" x 13"
Belt Dimensions	10 x 330mm
No load speed	18000 RPM
Angle	90°
Average air consumption	4 CFM 113 L/min
Working Pressure	90 PSI
Air inlet	1/4
Length	260 mm 10.23 in
Exhaust	Rear
Material	Aluminum
