Dimensions (LxWxH)	700x120x140mm

DETAILS

The ideal accessory for the lifting jack, it allows even and safe lifting of the front or rear of the vehicle in a single action, saving time and providing extra height for more comfortable operations.

Its extendable arms allow it to be used on a wide range of vehicles, and its height-adjustable brackets ensure it is properly seated at lifting points to improve stability.

The stand is suitable for hydraulic jacks with a 30mm lifting plate hole.
