PROFESSIONAL ELECTRIC ANGLE GRINDER 750W (115MM)

TECHNICAL SPECIFICATIONS

Voltage	220-230V/50Hz
Power	750W
Diameter of disc	115mm
RPM in vacuum	11000RPM
Weight	1,80Kg
Dimensions (LxWxH)	238x94x75mm

54872**PROFESSIONAL ELECTRIC ANGLE GRINDER 750W (115MM)****SUMMARY**

This electric angle grinder is designed to provide versatility and power for demanding tasks. With an adjustable speed range from 300 to 11,000 rpm and a 115 mm disc, it allows precise cutting, grinding and finishing as required. Its 750 W motor ensures stable and efficient performance. In addition, its compact design and lightweight construction offer comfortable handling and reduce fatigue during prolonged use.

Specifications:

- Speed: 300 – 11,000 rpm
- Disc inner diameter: 22 mm
- Cable length: 4 m
- Sound power level: 92 dB
- Includes an additional set of carbon brushes
