30W LED FLOODLIGHT WITH INFRARED MOTION SENSOR

SUMMARY

This 30W portable LED spotlight delivers intense illumination of up to 3000 lumens, ideal for outdoor work or workshops.

Thanks to its infrared motion sensor, you can turn it on or off with a simple gesture at 10 cm distance, contactless and convenient. It includes three adjustable brightness levels to suit every situation, and its 8000mAh rechargeable battery provides up to 8 hours of autonomy.

With cool white light (6000K–7000K), fast charging in 4–5 hours, and portable design, this spotlight is the perfect solution for those seeking performance, practicality, and smart control.

Equipped with a magnetic base and an articulated body with 360° rotation.
