

## 60012

### 2.0 AH LI-ION BATTERY

#### TECHNICAL SPECIFICATIONS

Tipo de batería	LI-ION
Voltaje	DC-20V
Capacidad	2.0Ah
Peso	0,42Kg
Compatible con	60016, 60017

#### ADVANTAGES

- ✓ **LIGHTWEIGHT AND MAXIMUM MANEUVERABILITY**  
Thanks to its 2.0Ah and 20V capacity, it is ideal for agile tasks that require comfort and freedom of movement.
- ✓ **LED CHARGE INDICATORS**  
They allow you to easily check the battery level, optimizing working and recharging times.
- ✓ **SHORT-CIRCUIT PROTECTION SYSTEM**  
Ensures safe use by preventing internal damage and protecting both the battery and the tool.
- ✓ **OVERHEATING PROTECTION SYSTEM**  
Regulates temperature to maintain stable performance and extend the product's lifespan.
- ✓ **OVERLOAD PROTECTION SYSTEM**  
Prevents damage caused by excessive load, ensuring greater durability and reliability.
