SERIE446A

WORKSHOP MODULAR STORAGE SYSTEM (18 PCS) + 4 TRAY EVA TRAY IN CARBON FIBER FINISH SET

SUMMARY

Designed to keep all your tools organized, secure, and within reach. Ideal for workshops, garages, or any space where you need everything well organized and easy to find.

Each module is made with durable and resistant materials, ideal to withstand constant use and the weight of various tools.

Its modular design allows easy customization and adaptation according to the user's specific needs, facilitating quick and safe access to each tool, preventing loss and clutter.
