

Sunday, October 10, 2021 (World Mental Health Day)

Jackson Health Foundation invites our entire community to an outdoor family-friendly festival as we raise awareness of mental health issues and support those that are affected by mental health.

Funds raised will benefit the program and services of Jackson Behavioral Health Hospital

Jackson Health

Making miracles happen.

Jackson Health System has been a beacon of light in the fight against this global pandemic. To date our hospital system has treated more than 4,500 patients with COVID-19 and vaccinated more than 172,592. The Jackson Health Foundation has been pivotal in raising critical funds to support the most urgent needs our health system has had while battling COVID-19. Throughout all this, our System and our Foundation, has remained very cognizant of the impact our mental health has had on all of us. As a result, **Mind Your Health** came to be. We want to continue the conversation around mental health and further expose the community to our own Behavioral Health Hospital as well as our network of partners and added resources.

In its 100 years of service to South Florida, Jackson Health System has grown to include a comprehensive network of hospitals, specialty care facilities, urgent care centers, and primary care clinics serving all of South Florida. Since its inception in 1991, Jackson Health Foundation has raised more than \$200 million to help Jackson Health System deliver the best possible care to the community. Our goal is to ensure that Jackson is able to provide accessible health care services to our shared communities.

About Jackson Health System

Help Us Bring Hope. One Step At A Time.

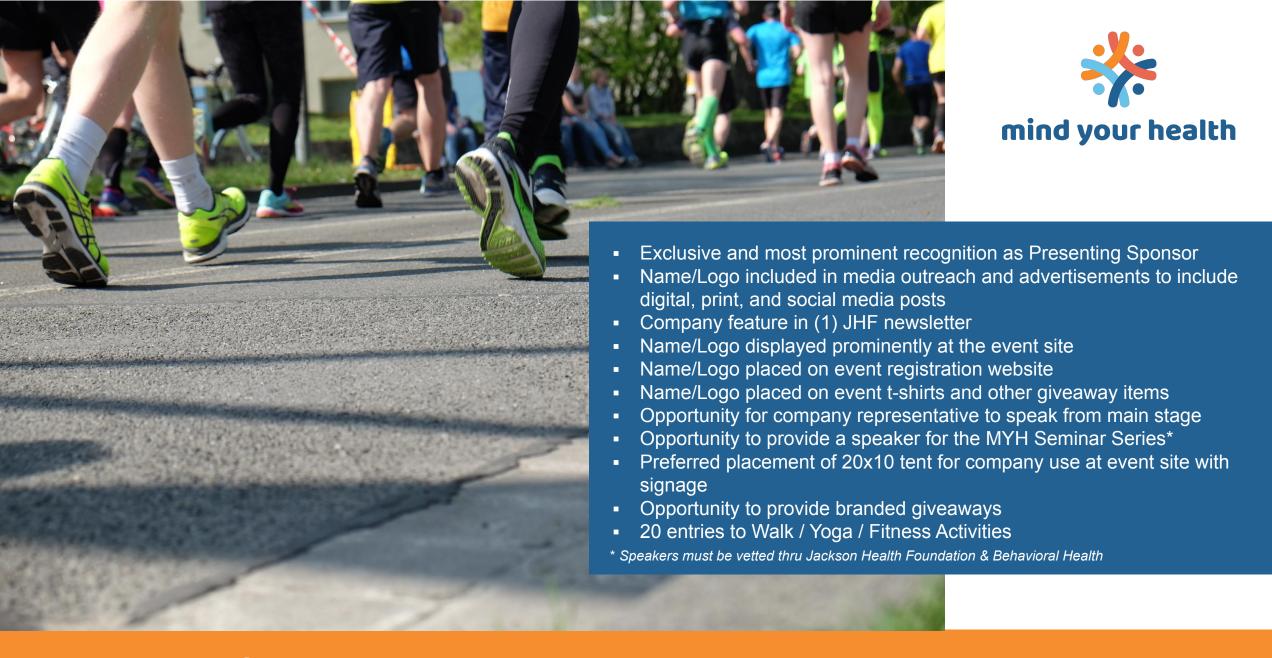

Jackson Behavioral Health Hospital provides a full continuum of mental health care for children, adolescents, adults, and seniors. We offer individual, couples, family, and group therapies. Whether inpatient or outpatient, from treatment through discharge, all services are delivered in a structured, supportive, and safe environment. We are committed to meeting the needs of each client at each stage of treatment. We believe in helping patients regain their footing by promoting recovery. Our three-story, 180,000-square-foot facility has a bright, cheerful atmosphere designed for maximum effectiveness and success. Through evaluation, clinical treatment, teaching, and research, Jackson Behavioral Health Hospital provides a full continuum of care for the entire family.
