Table S2 - Questions explored in the webinar by the Youth Citizen Scientists

Webinar Question ('WQ')
Prompt (briefly) Introduce yourself - name/location. Then tell us about your case. (Some prompts to help here: where did it happen, who was involved, why were you interested in getting involved, what did you do, how did you do it, how long did it take)
WQ1. What did you find interesting about YouCount?
WQ2. What did you discover doing YouCount?/What results did you get from doing YouCount?
WQ3. How did you feel working with your researcher?
