EXPECTATIONS AND MOTIVATION TO PARTICIPATE IN THE PROJECT "HOW TO EXPLAIN AI"

Thank you very much for contributing to the project "How to explain AI" as a co-researcher!

Before our first meeting really starts, we ask that you take about 10-15 minutes to think about your expectations and personal goals for this project and write them down.

You can find more information about the project on the website:
https://www.jku.at/lit-robopsychology-lab/explai

Please indicate your name and the day of the answer here.

Expectations of the project in general:

1. **What do you expect from the project in general?**
   How do you expect the project to run?

Your personal goals in the project:

2. **What is your personal motivation for joining the project?**
   What do you want to take away from the project for yourself?
   What is your personal goal in participating?

Your advance notification to us as project managers:

3. **What is particularly important to you that should be considered in this project?**
   In your opinion, what should be given special focus in the group?

4. **Is there anything else you would like to share with us before the project starts?**
