## Interview with Dr. Hunter

### About the report “On the state of young people’s health in the European Union” and Integrated Care in Europe

About the report “On the state of young people’s health in the European Union” [source: [http://europa.eu.int/comm/health/index\\_en.html](http://europa.eu.int/comm/health/index_en.html) and Integrated Care in Europe we talked with Dr. Hunter.

Among these topics are:

- a series of reports the EC is currently working on ([video](#) + [sound](#))
- health monitoring across the member states ([video](#) + [sound](#))
- the relevance of exchange of information on best practice in (integrated) care ([video A](#) + [sound A](#), [video B](#) + [sound B](#))
- policy on care matters in the EU ([video](#) + [sound](#))
- European directives in the health area ([video](#) + [sound](#))
- the need for special attention to the health status of disadvantaged people ([video A](#) + [sound A](#), [video B](#) + [sound B](#))
- public health policy and strategy for the near future ([video](#) + [sound](#)).
