

HOW WILL PROJECT APPLICATIONS BE EVALUATED?

We help people who have been convicted of politically motivated charges and those currently being prosecuted in politically motivated cases.

Our guiding principles are:

- To provide targeted assistance, and
- To protect the safety and anonymity of those who come to us for help.

Our main priority is to provide assistance to those who are currently located in Russia. People who have already left Russia can submit a one-time request for help, and we will process their applications on an individual basis.

In certain cases, we help people who urgently need to leave Russia in order to escape prosecution.

We do not raise money to help people pay fines for misdemeanor offenses.

Our campaign organizers and expert application evaluators reserve the right to make decisions about the necessity of providing aid on a case-by-case basis.
