The Selectmens' meeting was called to order at 7:30 p.m. with Chairman, Dr. Richard O'Leary, Edward Borek, and Anton Lahnston in attendance.

Mr. John Senkarik of Asylum St., Milford appeared requesting permission to remove excess loam from the town. Mr. Senkarik has purchased the Green Acres Stables and is in the process of enlarging the track at this location. The Selectmen advised him that they could not give him permission to remove loam from the town and he would have to seek permission from the Zoning Board of Appeals. A discussion was held and Mr. Borek suggested that the town could possibly swap Mr. Senkarik sand and gravel which he needed for the track and the loam which the town needs to complete the North Elementary School athletic field, and the Oakland St. field which is in the process of being cleared. Highway Superintendent Mr. McGowan appeared and agreed to meet with Mr. Senkarik to discuss the possibility of swapping the loam for clay and gravel and Mr. Senkarik agreed to get in touch with Mr. McGowan to see what sort of an agreement could be made.

Mr. Senkarik also advised that when the track is completed he will offer its facilities to the track team upon occasion and particularly in the afternoons for track meets. The Selectmen thanked him for this gesture and advised him they would keep in touch to make the necessary arrangements when the track is completed.

The Selectmen will meet with the Finance Committee on Tuesday, October 21, 1969 to discuss the articles on the Town Warrant for the upcoming Town Meeting.

Diarmuid M. Higgins appeared before the Board at their request. The Selectmen asked if he would consider taking Tom McGowan's position effective November 1, 1969. They advised Mr. Higgins that the salary for this position had not yet been determined. Mr. Lahnston asked Mr. Higgins if he could provide them with some sort of a figure regarding his salary for the past year so that they would have something to go on. Mr. Higgins agreed to call the Selectmen and give them the figure.

Mr. Higgins agreed to take the position and a motion was made, seconded and unanimously voted upon that effective November 1, 1969 Diarmuid M. Higgins be named acting Highway Superintendent of the Highway Department until March of 1970. Mr. Higgins thanked the Selectmen for considering him for the position.

Highway Superintendent Mr. McGowan appeared to discuss departmental matters. He advised that the town will have to advertise for additional snow plowers this year. He informed the Board that the state had increased their hourly rate for plowers and he feels that many of the men and equipment that we previously relied on will not be available this year, as they will seek employment from the state. He also advised that the Highway Department is in need of additional laborers. He also informed the Board that the Town Barn is near completion, and that Lovering Street will be hard-topped this week if the weather is right.

It was then moved and seconded that the people listed on the Juror List be appointed and it was so voted.

Chief Giallonardo appeared to discuss departmental matters. He stated he wanted a light installed on Pole #83 on Summer Street. Also, advised the Selectmen that he will get in touch with the Chiefs of the surrounding towns to discuss various essential matters with regard to the Mutual Assistance Program. He stated that Medway was one of the only towns in the area that did not have this service available. Mr. Marshal stated quite a bit of study had gone into the matter and that Medway should have direct dialing in October 1970. Mr. Marshall stated that Medway was actually in better shape than a lot of surrounding towns in that they were one of the few towns that could dial all the surrounding towns without any cost. MEETING OF THE BOARD OF SELECTMEN  
DECEMBER 9, 1968

The meeting opened at approximately 7:30 p.m. with Edward A. Borek, Richard J. Coakley and Richard J. O'Leary present. The minutes of the last two meetings were read and approved.

Mr. Thomas McGowan, Highway Superintendent was present and discussed departmental matters.

Mr. John Chieumento, representing the Jay-Cees appeared before the Board for permission to use Sanford Hall on Saturday, December 14, 1968 from 10-12 Noon for a "Santa Claus" visit. The project would be open to all children in the town. Permission was granted. Mr. Chieumento was also given permission to use the hall on December 19 for a meeting.

Mr. Charles Rebecchi, River Street, Medway appeared before the Board to inquire about a position with the Highway Department. He asked questions about salary, holiday pay, and insurance plans. He was told that there were no positions open at the present time but that his name would be kept in the files for future consideration.

Chief Giallonardo appeared before the board to discuss departmental matters. The Chief stated that it is now mandatory that all men in the department attend a training school established by the state. The cost per man for the course would be \$150. The Chief stated that he would like to send at least one man to the State Police Academy School in Framingham starting January 6, 1969. The course would run for six weeks for five days a week from 9 a.m. - 5 p.m. The Board of Selectmen told the chief that he could send two men if he could fit it in the schedule. The Chief also spoke about a "crack-down" on speeders in the town and how the use of radar would help. The Board of Selectmen asked that the Chief attend a meeting on Tuesday, December 17 to discuss the Police Budget for the year 1969 and at this time they would go over all details covering the department.

At 8 p.m. Bids were opened for the printing of the Annual Town Report. The only bid received was from the Wayside Press, 9 Lincoln Street. The bid was for \$10.50 per page for approximately 1900 copies. It was unanimously voted to award the bid to Wayside Press and they were so notified.

The following members of the Planning Board appeared before the Board at the request of the Selectmen. Mrs. C. Wickstrom, Mr. Paul Wilson, Mr. D. Knotts, Mr. Leo MacDonald and Mr. Joseph Hennessey. The reason they were asked to attend the meeting was to clarify what actually transpired at the Town Meeting on November 18, 1968. Both boards felt that it would be in the best interest of the town to have another Special Town Meeting on the same articles. Mr. Hennessey stated that the Planning Board had unanimously voted in favor of another town meeting. He did however question if the same articles could be put before the town before acceptance on the passing of the original articles by the attorney general's office. Town Counsel stated that articles passed at the new meeting would supercede the previous meeting passing. Mr. Hennessey stated that as of Friday, December 6 a copy of the last meeting had not been sent in to the

office of the Attorney General. Town Counsel Handverger stated that he did not know of any time limit on sending the articles in, however, he would check further into the matter. Mr. Hennessey also stated that the previous zoning changes passed at another town meeting had not been sent in for acceptance. The Board agreed to have another Special Town Meeting sometime in January on the Planning Board Articles.

Also brought up by the Planning Board was a request to have an article inserted in the Warrant for the acceptance of Sunset Drive and Meadow Road as town roads. The Board stated that they had not received a final report and would have to wait until this is done. The Planning Board also stated that they would like to fill the vacancy on the Planning Board. Mr. Hennessey stated that he would like to bring the name of Paul E. Mitchell up for consideration. Mr. O'Leary stated that he felt that this man was probably very capable but felt that he would like to check and make sure there was no conflict of interest involved such as the name brought up before. After a short discussion Mr. Hennessey placed the name of Paul F. Mitchell, 279 Village Street to serve on the Planning Board until March, 1969. Mr. Paul Wilson seconded the motion. No others were placed in nomination. Mr. Mitchell was voted to serve the unexpired term. Dr. O'Leary abstained from voting.

The Planning Board also discussed the matter of the purchase of a strip of land on Ellis Street for the purchase price of \$1. The matter was discussed and taken under advisement. Mr. Coakley and Dr. O'Leary both agreed with the Planning Board that it would be in the best interest of the town to purchase the land. Mr. Borek did not feel it would be in the best interest. Town Counsel was to draw up plans and get together with the Planning Board on the matter. Mr. Charles Bresnahan was appointed as a representative to the Metropolitan Area Planning Council. MAPC was so notified along with Mr. Bresnahan's address. Mr. Edward Reardon was present to discuss insurance matters.

The New England Telephone and Telegraph Co. was sent a letter asking that a representative attend the meeting of the Board on Monday, Dec. 16 at 7:30 p.m. to discuss better telephone service to the citizens in the Town. (Direct Dialing, petition signed by approx. 400 citizens)

A letter was sent to the ABC stating that the Board of Selectmen had approved the change of managers of the Fitz-Ren, Inc. dba the Village Inn from John O. Renzulli to Naif Rojee.

# MINUTES OF BOARD OF SELECTMEN MEETING

December 2, 1968

The meeting began approximately at 7:40 P.M. with Edward A. Borek, Chairman, and Richard J. O'Leary, Clerk in attendance. Mr. Coakley was absent because of illness.

The name of Leo C. McGowan, 129 Holliston St. was chosen for criminal jury duty for January 7, 1969. Also, the name of George J. Cyr, 13 School St. was drawn for criminal and civil jury duty as of January 6, 1969.

It was voted to grant a permit to the Medway Village Church to hold a Youth Rally at the Medway-Junior-Senior High School on December 7, 1968 from 7 to 10 p.m. Permission was also granted to Willis Stevens, 34 Milford St. and Mrs. Richard Knowles, Corner High & Wellington Sts. to sell Xmas trees, wreaths, and baskets.

Fire Chief Joseph Julian and Engineer Douglas were present to discuss financial matters relative to their department.

Mr. Forrest Goodwin of 16 Hill St. appeared and presented the board with a petition signed by 335 residents requesting that his daughter be allowed to complete here education in the Medway Public School System. Mr. Goodwin advised he was pleading for official justice. He feels that the school board is discriminating against his daughter, since he claims that there are four or five other children attending the high school under similar circumstances. He stated that his daughter has been living with an aunt, Mrs. C. Anderson of 4 Philips St., and her legal residence is therefore in Medway. He asked the Selectmen if they had power to reverse the decision of the School Committee which denied his daughter admission to the high school on December 2, 1968. Mr. Borek advised Mr. Goodwin that the only thing the board could do was to bring the matter to the attention of the public, but that the Board of Selectmen have no jurisdiction over any other town board and had no power to reverse their decisions. Mr. Borek sympathized with Mr. Goodwin that it was a rather awkward time of year to bring such a matter up, since the school year is almost half over, and it would result in hardship on his daughter having to transfer at this time of year. Mr. Borek asked who determine the residence of a child and Mr. O'Leary advised he felt it would be determined by a judge in court. Mr. Goodwin informed the Board that he intends to take the matter to court if necessary. Mr. Handverger, town counsel, said that the superintendent was only carrying out the law. Mr. Borek and Mr. O'Leary said they would bring it to the attention of the school committee that if they are going to follow the law then it should be followed completely and all non-residents should be denied admission to the public schools in Medway. Mr. Handverger advised Mr. Goodwin his only alternative was to go to Superior Court in Dedham for legal clarification in this matter.

David Newton appeared relative to his request to be appointed a special police officer. Mr. Borek informed him tha the Board had not reached a decision and he felt that an appointment should not be made

at this time as the whole department needs to be evaluated. However, they agreed if Mr. Newton was agreeable to being appointed as a special officer for just photography purposes, they would consider this request. Mr. Newton agreed to accept this type of appointment and the Board agreed to advise him of their decision.

Henry Zide was present to discuss matters relative to Civil Defense. He recommended that the town participate in the Community Shelter Plan at no cost to the town. He also has a printing mat for book covers which contains all pertinent information on Civil Defense and feels that covers should be made available to all school children so that this type of information can be kept in front of the public. He again advised that the town whistle was not adequate for a warning signal, and the Board advised that they had discussed this matter with the fire officials and that possibly something will be done about it at the town meeting. Another item mentioned by Mr. Zide was the 35 KW generator which the town bought some time ago. He suggested that it be used at the high school as the high school does not have an auxiliary power plant. He advised, however, that if installed at the high school it could be used for lighting purposes only. He did not know if it could be converted to handle motors. He also asked if the truck could be sent to a body shop to be painted and fixed up. Mr. Borek asked him to get exact figures and submit them and perhaps something could be done.

Rep. George Woods appeared to advise the Board that he was available at any time to answer any questions he could regarding legislative matters. Mr. Borek asked him if he could find out any information regarding Route 109.

Mr. Borek and Mr. O'Leary met with Mr. Richard Morse, Real Estate at his Boston office Agent for the New Haven Railroad on November 29, 1968 relative to town purchasing of land.

A letter was received from Mrs. Priscilla Howker, Kelley St. regarding votes taken on amendments on Article 5 at the Town Meeting of Nov. 18, 1968. The selectmen agreed to write Mrs. Howker that the amendments were acted upon individually and both were passed.

A request was received from Chief Gillianardo relative to additional funds for salary purposes until the end of the year.

All renewals have been inserted in Franklin Sentinel as specified by law for liquor licenses.

It was moved and seconded to grant the following renewals:

1. A renewal was granted to the Elm Social Club of Medway, Inc., Timothy Pickering, Manager, for a Club License for the sale of All Alcoholic Beverages for the year 1969.

MEETING OF THE BOARD  
OF SELECTMEN  
November 28, 1968

The meeting opened at 7:00 p.m. with Edward A. Borek, Richard J. O'Leary and Richard J. Coakley.

The meeting was adjourned to Sanford Hall at 7 p.m. with approximately 35 residents present from the Winthrop & Maple Street area. The meeting was called by the Board of Selectmen to discuss the traffic problems and what could be done about them with the Board of Registry and also the Dept. of Public Works Representatives. A lengthy discussion was held on what could be done to establish speed zones in the area. Mr. Gilbert Sullivan, representative from the D.P.W. stated that the program could be done by residents. He stated that the town has not been surveyed in the last 15 years. He said an operator in a vehicle plus one observer would be required and would take six trial runs and then submit a report to the D.P.W. He stated that the priority streets should be done first. The Registry supported the use of radar but again stated that the need for enforcement was necessary. A resident in the Winthrop Street area stated that there had been four children struck by automobiles in the past few years and that so far none have been fatal. He felt that something needed to be done and fast. Mrs. Williams, Winthrop Street stated that the Board of Selectmen have been talking about solutions but have done nothing so far and felt it was very exasperating. Selectman Coakley stated that it was the same old story "the name of the game is money". The problem of erecting **traffic danger signals**, changing broken lines to solid lines and the use of radar were all discussed with the residents and D.P.W. The D.P.W. stated that the town had a blanket permit for erecting warning signs but stated that there were three exceptions on the erection of signs. The town could not put up "STOP" "YIELD" and establish "SPEED LIMITS". He stated that the Dept of Public Works District Engineer, Mr. J.T. Cronin could be contacted on the erection of traffic signals and blinkers. A survey by the DPW would be costly to the town and still wouldn't solve the problem, without the enforcement stated Chief Giallonardo. He explained that he was in sympathy with the residents of the area, but also had many other streets to cover and due to the lack of patrolmen it was almost impossible. He said that radar would take two patrolmen to operate it and that a third man would be needed for emergency calls. He stated that he had a seven man department that had to cover three 8 hour shifts. The Chief stated that the Registry would come up when called but they were also short handed and had 351 towns to cover, and couldn't always be in Medway. The meeting adjourned at 8 p.m. in order for the Board of Selectmen and residents to attend the Special Town Meeting. It was agreed that the Chief of Police, the Registry, and the D.P.W. would discuss the matter further and try to come to some arrangement.

The secretary was dismissed at 10 p.m.

At approximately 10:30 p.m. the Board returned to the Town Office to discuss other matters on the agenda.

Thomas McGowan was present to discuss departmental matters. He stated that his plows and trucks were ready for snow removal. He also said that the Brockton Taunton Gas Co. was not checking with him before installations. Selectman O'Leary stated that he felt the sidewalk on Lovering Street was on the wrong side of the road. He felt that children had to make an unnecessary crossing without any protection. Mr. McGowan stated that the Board of Selectmen previously had made the decision. Since then the Board has changed and will review the situation in the Spring when it is time to install the sidewalks. The Board also discussed the situation on the easement offered to the School Building Committee from Mr. Nirenberg with the stipulation that they build a six foot fence. Mr. Borek was to get in touch with the School Building Committee on the matter.

Mr. Edward Reardon was present to discuss insurance matters. He stated that the policy he was presenting was for a three year policy in the amount of \$2100. (\$720, the first year). This policy would be for the town buildings and contents. \$3,447,000 for the school buildings and \$400,000 for other town property. (89% for the School) Since the Board felt that the biggest portion belonged to the school that they would get in touch with Mr. Bresnahan, Chairman, School Committee and get his feelings on the matter of changing from \$100 deductible to \$1000. A letter was sent to Mr. Bresnahan.

Mr. Bruce Bauman, 77 West Street, Mr. George Willis, 68 West Street, Mr. Robert Sheehan, Sunset Drive, and Mr. James Aimone, Sunset drive appeared before the Board and asked for a clarification on the articles passed at the town meeting on Nov. 18 on multi-unit dwelling articles. Mr. Borek referred to the minutes taken by the temporary Town Clerk, Mrs. Helen Leate. He stated that the town did nothing to change the by-laws allowing multi-family dwellings by special permit to the Zoning Board of Appeals. The acceptance of Article 5 allowed applicant's to go before the ZBA. Mr. Aimone stated that there was so much confusion at the meeting that he doubted if anyone knew what they voted for. Articles 6 & 7 deleted the present V.E. 2 para. and V.E. para. and substituted in place "Only single family residences shall hereafter be erected in this district", but is contradicted by Article 5, which states "Multi-family dwellings shall be allowed only by special permit by the ZBA. Mr. Bauman stated that he felt there was room for debate in the legality of the passing of Article 5 and felt that court action could be taken on the matter. Mr. Sheehan asked Town Counsel's opinion on the matter. Town Counsel stated that he didn't really know the answer and that he would have to check further on clarification of the articles passed. He stated that probably the best way to straighten the situation out would be to hold another special town meeting, but in order to do this would take a unanimous vote of the Planning Board.

Mr. Borek stated that they would discuss the matter further and had intended to do so this evening but had just not gotten to the subject yet. Mr. Willis asked if the report had been sent into the Attorney General's office yet. Mr. Borek stated that he didn't really know yet if the Town Clerk had sent it in yet. He stated that the town could be turned into "shambles" overnight with apartment houses. Mr. Borek stated that a hearing would still have to be held and that it was open to the public and that anyone could attend and voice their opinion on the matter. He stated an example of a couple of months ago when Mr. Holmstrom requested a permit and was turned down by the ZBA. Before leaving the meeting a statement was released to the press by Robert Sheehan: "At town meeting, townspeople voted out articles which would have permitted rezoning for apartment houses. Also prohibited, by a reconsideration vote, were multi-family dwellings in agricultural and residential districts 1 and 2. "The Medway citizens group contends there can be no question that residents overwhelmingly rejected apartments but learned at town meeting plans for apartments would be submitted the following day regardless of how the town voted." The Citizens group, comprising 75 people, let it be known they were prepared to take their fight to Norfolk District Attorney George Burke, asking Burke to make a full investigating of the matter, including whether any inadvertent conflicts of interest exist. The group did not elaborate. The citizens will hire an attorney to represent them in a taxpayers' suit and seek an injunction should any move be made to erect apartments. Among attorneys being considered are Haskell Kassler of Brookline and Michael Dukakis of the Boston Law firm Hill and Barlow. Dukakis, a member of the legislature and a former candidate for Attorney General is considered an expert on issues involving land use." The residents adjourned at 9:10 p.m.

Mr. Robert Clorite, Secretary, Democratic Town Committee presented the Board with a letter recommending changing the voting hours from 6 a.m.- 8 p.m. for state and national elections and from 8 a.m. - 8 p.m. for local elections. The matter was taken under advisement.

Mr. John Marshall requested a permit for a bowling league that was renting the Legion Hall on November 30 for a banquet. The Board stated that before they issued out permits for the sale of alcohol that they would need more information on the matter and who would be in charge. Later in the meeting Mr. Eugene O'Brien, 471 Hartford Avenue, Caryville stated that he was representing the Mixed Couple League of Millis and that there were approximately 30 couples. Permission was granted and Mr. O'Brien paid \$2.00 for the permit. The \$2.00 was turned over to Mrs. Helen Leate, temporary town treasurer.

Mrs. Rita Higgins, representing the Fourth Quota, Rock N'Roll Group, requested permission to hold a dance at Sanford Hall on December 21. Permission was denied because Mr. Borek felt that it really wasn't in adequate condition.

Town Counsel was asked his opinion on a complaint received from residents on Barber Street on whether the trucks stored on the Malloy property was in violation of the zoning laws. They stated that the Jay-Moor Construction Co. of Millis was storing tractors, trailers, trucks, bulldozers, snow plows and other equipment on the property.

Most of the vehicles were parked outside the building. The residents felt that an investigation was warranted. Mr. Handverger stated that he would check into the matter further.

Mr. Handverger was also asked whether or not the Board could give permission on the request Of Mr. Dean of Hun-Dean, Inc. to remove loam out of Town. Mr. Handverger stated that he should be referred to the ZBA. A letter was sent to Mr. Dean advising him of the matter.

At 9:30 p.m. Mr. Coakley entered.

Mr. Joseph Rojee was granted permission for the decoration of Town Hall for the Christmas season.

Mr. Frank McKenna appeared before the Board and stated that he was representing Mr. Speroni on a request to serve liquor at noon on Sundays. The Board felt that if they allowed one establishment to remain open that they would have to extend the privilege to all. They stated that they would check with the ABC on the latest edition of the laws and regulations and see if they might grant permission to certain types of license holders.

Walter Johnson, Building Inspector, submitted his report for the month of October. He issued six permits amounting to \$83,000. Five for new homes in the amount of \$82,000. Seven inspections were made during the month. He also stated his space requirements would be for an office approximately 9 x 12 with one filing cabinet.

The Board voted not to allow any excavation for water, gas or telephone services from December 1, 1958 to March 1, 1969, excepting emergencies.

Selectman O'Leary made the motion to appoint Mr. Leonard Carucci, 33 Maple Street to the Finance Board to fill the vacancy created by the resignation of Mr. Wickstrom. The Term to end in 1971. Selectman Borek seconded the motion and Mr. Carucci was unanimously voted.

Selectman O'Leary also nominated Mr. Salvatore Cappellino, 10 Gorwin Drive to fill the vanancy of Mr. Martin. The term to end in 1970. Mr. Borek seconded the motion and Mr. Cappellino was unanimously voted.

The Board voted to go out on bid for the annual report. The report to be approximately 250 pages with 1900 copies. Bids will be closed and opened on December 9 at 8 p.m. The Board requested all departments to have their report in by December 23, and also their budgets for next year.

Selectman O'Leary reported on the meeting he attended at Norfolk Agricultural School on Thursday, November 21. Selectman O'Leary stated that a questionnaire was presented to all by the Charles River Study Group and felt that they should be distributed to the Planning Board, Finance Committee and the Conservation Commission Chairman to be filled out and returned. All were sent copies and asked to please fill out and return the last two pages to Mr. Sweet.

A petition was received from approximately 400 residents requesting the Board to act on direct dialing of telephones in Medway. The petitions stated that Medway is the only town in the area without direct dialing. The Board took the matter under advisement.

Mr. Borek gave a report on the Seminar he attended on financial problems on cities and towns. He stated that he learned that no salary increases were allowed during the months of October, November and December. He also stated that local aid has been drastically cut and that it would probably come out on the "Cherry" sheet provided by the state.

A bill was received from the Mass. League of Cities and Towns in the amount of \$137.48.

Mr. Borek asked what security the men on the highway department had as far as job security when there is a change in the Board of Selectmen. After discussing the matter it was of the opinion that they were in the same boat as anyone else as far as job security goes.

It was unanimously voted to approve the change of managership of the Fitz-Ren, Inc. from John Renzulli to Naif J. Rojee.

The liquor license renewals for 1969 were discussed and it was decided to vote on the matter on December 2, 1968. The licenses were received November 12 and advertised November 21.

Mrs. Helen Leate, Richardson Street was appointed Town Treasurer for emergency purposes during the illness of Miss B. Isabelle McGourty and so notified. Chairman Borek spoke on the telephone with Mr. Walter Wasnewsky on the matter of the amount of bond, and Mr. Wasnewsky stated he would take care of the matter.

Mr. Sam Mushnick, Medway Oil Co. appeared before the Board and requested that his Co. be given a share of the town's oil business. He stated that he has not received a fair share in the distribution and has requested that this be done for about the last seven years. Mr. Borek stated that he would take it under advisement and discuss the matter when the budget is made out.

Mr. Thomas McGowan, Highway Supt. was present to discuss departmental matters.

Mr. William Dean, President, Hun-Dean Corp. appeared before the Board to request permission to move loom around Town in Medway and also for permission to move approximately 600 yards to Newton. He was told that under these conditions there would be no problem on the granting of permission.

The matter of tree bids was brought up and the Board was to check with Town Counsel to see if the Board would have to go out again on bid or could go ahead and plant trees. Also the matter of having a foreman representing the Town when Boston Edison Co. does work on the trees was brought to the attention of the Board by Selectman Borek. He stated that Tree Agent Slatkovitz had informed him that Mr. Tripp didn't think that a foreman was necessary. The town felt that it should be represented and that Boston Edison or Tripp should pay for it.

Dr. Soforenko, James Wojdylak, and John Marshall appeared before the Board and requested that the Board reconsider its decision on the flying of the American Flag for patriotic purposes. A section of the flag code stating that it was in accord was showed to the Board. Dr. Soforenko also stated that they were willing (Legion Post) to donate a flag to the town any time they felt they needed one. It was brought out that the Park Department was in need of one and it was advised that Mr. Charles Bresnahan, Chairman, Park Department be contacted on the matter.

At approximately 9:00 p.m. Mr. <sup>John</sup> Bresnahan, Chairman, School Committee requested an executive session. It was felt that personalities would be involved and the Board voted to hold an executive session and later release a statement to the press on the session. Members present from the School Committee were as follows: \*Chairman John Bresnahan, Mr. Francis McCarthy, Mr. Wilfred Leggee, Mr. Anton Lahnston, Mr. Francis Burke, Mr. Henry Maher. Members of the School Building Committee were: Mrs. Mary Downey, Mr. Wayne Miller and Mr. Ben Summers. \*Mrs. Marie MacDonald.

The School Committee asked that an article be inserted in a special town meeting requesting funds to hire an Educational and Housing Needs Consultant. A lengthy discussion was held on the reasons why. The School Building Committee felt that they should have been notified that an executive session was going to be held and also the reasons behind the meeting so that they could have come more prepared. The School Building Committee stood firm on their request for a special town meeting and presents its report to the townspeople. The Chairman of the School Committee asked if this committee was legal where it was voted for a five member committee and there were only three that were still members. Chairman

Borek stated that he had checked with Town Counsel Handverger and that this Committee was legal and established under authority of a special town meeting on Dec. 30, 1965 and if it were to be dissolved would have to go before another special town meeting, unless the School Building Committee resigned. Mr. Miller stated that this committee would not resign and wished to present its findings. After a lengthy discussion on the "pros and cons", all Boards felt dismayed that something could not be done quickly and for the sake of the children involved work in harmony with each other. Mr. Borek stated that he, as a person, and not a Selectman would like to insert an article in a meeting for an addition. The Board of Selectman felt that the School Building Committee should at least have the opportunity to present its report to the town and took the matter under advisement. The executive session adjourned at approximately 10:45 p.m.

The Board voted to send a letter to all departments in the town advising them that they were in the process of renovating the Town Hall and requested information as to the amount of space necessary for their particular board or department so that this information may be turned over to the architect as soon as possible.

Selectman Coakley stated he favored the bars remaining open and that he felt in his opinion that whether the bars were closed or opened would have no effect on the general voting public. The Board voted on a 2-1 vote to have the bars remained closed.

Chief Giallonardo appeared before the Board to discuss departmental matters. The Chief also stated his opinion on the closing of the bars on election day and stated that he had been approached by several people on the matter. Selectman O'Leary read a request from the American Legion Post that an illuminated flag be flown from a town building for 24 hours a day until the end of the Viet Nam Conflict. Mr. William Kenney, Williams St. appeared regarding Article 7 as it appears in the Town Report of 1966 under the Special Town Meeting of June 20, 1966, P. 55. He is in disagreement with the wording of this article as it appears in this report. He claims there was no amendment accepted that an appeal board hearing could be granted or more specifically the phrase, "Unless otherwise authorized by the Zoning Board of Appeals, or act in any matter relating thereto," was not accepted by the town at this meeting. Mr. Kenney asked to have this article corrected before October 22, the date of the hearing to be held by the Zoning Board of Appeals on the Housing for the Elderly project. They are seeking a special permit to construct a multiple dwelling unit on the westerly side of Brigham St. to comply with provisions of Section F-Agricultural and Residential II, Subsection 2. Mr. Borek advised Mr. Kenney that the board would seek the advice of town counsel on this matter and so advise him of counsel's decision.

When this matter was discussed later in the evening with Town Counsel, Abraham Handverger, he advised that the recodification of the Planning Boards by-laws which was passed at a town meeting in April, 1968 included this phrase under this article and this was voted on and accepted. Mr. Handverger ruled the latest article was law and any one passed before this time was obsolete, error or no error. Mr. Borek felt that if the original by-law was printed in error, then the latest passage could also be in error. Mr. O'Leary felt that we are governed by the passage of the latest article and agreed with Mr. Handverger. Mr. Coakley felt that more information should be obtained and it was finally agreed to have Mr. Borek consult with the Town Clerk, Isabelle McGourty, and have her produce her original notes from the town meeting of June 20, 1966.

A letter was received from the Alcoholic Beverage Commission advising the regulations for October 12, Columbus Day as follows: Hotels, restaurants and clubs may open during the usual hours. Package stores may open from 1 p.m. to 11 p.m. A motion was made and passed that these regulations be accepted.

Chief William Giallonardo appeared to discuss departmental matters. He discussed the installation of lights at Village and Franklin Sts., He informed that board that the traffic engineer wants the flashing red lights installed on Village St., and flashing yellow on Franklin St. Selectmen disagreed with this proposal as they felt it would not correct the dangerous situation at this intersection. The Board then discussed the possibility of having red flashers on both streets, or

possibly full red, yellow and green lights installed to alleviate the hazardous conditions. It was finally agreed to discuss these possibilities with the traffic engineer when he comes to Medway again.

Chief Giallonardo advised that the insurance company had made a settlement of \$3100 for the police cruiser which was a total loss as a result of an accident. Upon advice of town counsel it was voted to go out on bid for the purchase of a new police cruiser to replace the one that was totaled. Appropriate notices will appear in the Milford Daily News on 10/9, 10/11, and 10/14 advertising for bids for a 1969 station wagon to be used by the Police Department for a police cruiser, specifications for same to be obtained from the Police Station. Bids will be opened on October 17, 1968 at 7:30 p.m.

David Newton of 100 Lovering St. was appointed as an intermittent policeman subject to approval of application by the Civil Service Commission.

There will be an examination for a police sergeant for the Medway Police Dept. on October 26 at the high school for only Medway police officers with a year or more of service.

Wayne Miller appeared on behalf of the School Building Needs Committee relative to their request to have a special town meeting on October 24. He advised that two public meetings would be held prior to this date and that their committee will meet with the Town Boards on October 17. Mr. Borek advised Mr. Miller that the board felt the committee should have the full support of the School Committee before any special town meeting is held, and Mr. Miller informed the board that they were meeting with the School Committee on October 11 on the proposed school article, and he was sure of their support. Atty. Handverger questioned how the committee planned to get the funds for the construction and Mr. Miller advised that any funds appropriated would be assessed against the 1969 tax rate. Mr. Handverger informed him this could not be done without approval of the State Tax Commissioner and Mr. Miller said he would seek approval immediately. A decision will be made on October 14 as to whether a special town meeting will be called for October 24, 1968.

Mr. Walter Johnson asked about the application of Ted Cohen for a building permit for a gas station and was advised to inform Mr. Cohen that his request was denied because it was in violation of zoning.

Brockton Taunton Gas Co. was granted permission to install gas service into Lots B, C and D Winthrop Street for Adams & Amato and also into 41 Highland St. for Sidney MacRae. Permission was also granted to install approximately 450' of 4" steel gas main on Winthrop St. from underground L.P. tank on Lot B, Winthrop St. to Lot D, Winthrop St.

A permit was granted to Mr. Gordon Coffey of Winthrop St. to hold a social on October 17 at the Odd Fellows Hall for the campaign of Howard Miller from 7:00 p.m. to 10:00 p.m.

October 14, 1968

With the full board in attendance, Edward A. Borek, Chairman, Richard O'Leary, Clerk, Richard Coakley, the meeting opened at 7:30 P.M.

It was noted that bids for the police cruiser would be opened at the Selectmen's meeting on Thursday, October 17, 1968 at 7:30 p.m.

Mr. Thomas McGowan was present to discuss departmental matters. He advised that Mr. George Caram of the Highway Department wants to transfer to the Water Department as of Friday, October 18, 1968. Mr. Borek asked to have Mr. Caram write him a letter to this effect. Mr. McGowan also advised that John Clark does not want to be foreman any longer, but that he would continue in this position until the first of the year. Mr. Borek suggested that applications be distributed for this position with the job being offered first to those men employed in the Highway Department at present.

Mr. McGowan also advised that rubbish pickup was becoming more of a problem each month. He stated that the men were not finishing until after 6 o'clock, and that there should be at least three men on the truck to handle the job properly. Mr. O'Leary suggested the board inquire into contracting outside for the rubbish pickup, but other members advised that the cost would double. Since the town does not have the proper equipment, any effective solution will cost money. Mr. Borek suggested they have the Board of Health in and talk to them about this problem since this comes under their department.

The Board advised Mr. McGowan that they would come up with a replacement for him to fill the vacancy left by George Caram.

Mr. Borek informed Mr. McGowan that the Boston Edison Co. had given permission to the town to attach any signs to their pole at the interesection of Main and Winthrop St. to help alleviate the congestion on the island which is blocking motorists view coming out of Winthrop St. onto Mains St. Mr. Borek stated that Boston Edison would rather do this than to relocate the pole.

Complaints were received from Mr. Burke, Mr. Pelletier and Mr. Zide advising that the school busses were having a problem making the turn from Main St. onto Cottage St. and they wanted to know if something could be done to rectify this situation. This matter will be taken under discussion with the proper authorities and every effort will be made to correct same.

Selectmen informed Mr. McGowan that town employees had eight paid holidays, but that Columbus Day, October 12 was not included. This was the first year that October 12 was a state holiday, and the budget was not set up to include this day as a paid holiday. The Board advised Mr. McGowan that they would discuss this matter and advise him.

Edward Reardon, town insurance agent, presented the Board with a bill for an additional premium of \$1463.00 on the Workmens' Compensation policy for the town. This additional premium is the result of the annual audit of the town payroll which was greatly increase this year as the result of the new school being opened and staffed. Mr. Borek suggested that a larger amount must be estimated for insurance in the future to avoid such large additional premiums another year.

It was voted to hold a public hearing on Monday, October 21, 1968 at 8:00 p.m. at the Board of Selectmen's office relative to a petition received from the Boston Edison Co. to install wires at the Medway-Bellingham town line in the area of Route I-495. Selectman's Meeting, September 4, 1968.

Page 1.

With the full board in attendance, Chairman Edward Borek, Clerk Richard O'Leary and Richard Coakley, the meeting began at 7:30 p. m.

A \$6,000 transfer was presented to the Finance Committee by the board to cover the overdrawn account for the Veteran's benefits. \$4,404.32 would cover what had already been allotted with the additional \$1,595.68 to be utilized in the remaining months of 1968.

Chairman Borek explained to the Finance Committee that telephone company strikers had been the major cause for the overdrawn account. It was also noted that either town accountant, David Youman or Veteran's Agent, Hy Kramer should have notified the board of the overage.

The Finance Committee suggested a stricter investigation and verification on the applicants.

Selectmen made three appointments as follows: John Slavavitz to serve as tree agent for 1968. James Ryan appointed to the Finance Committee and John Boczanowski to serve on the Commonwealth of Massachusetts Department of Public Welfare Community Service Board.

The name of Daniel C. Hinkley, 42 Holliston St. was drawn for jury duty, civil and criminal, October 7.

A complaint was registered by A. F. Spezzano, Clover Lane. Spezzano said he had purchased property at this address in May of 1965 and since then had received no snow removal, street cleaning, storm draining or general upkeep on the street in front of his property which was located on a dead end street.

He said he had made phone calls and requests to the highway department, all of which had been ignored. Spezzano said he was paying the same taxes as his neighbors and expected the same service.

The board took the matter under advisement.

Peter Speroni explained his application to conduct the Epicurean Club of Framingham at 226 Milford St. (Speroni's Restaurant). Speroni told the board this would be just a mailing address as he was serving for president of the club for this year and wanted his own mailing address. There was no business involved, no selling and no purchases.

Speroni asked the board about permission to serve liquor at noontime on Sundays. The board took the matter under advisement.

Selectman Meeting, September 4, 1968

Permits were approved and issued to Gormley's Cafe for a juke box and pool game.

A permit issued in 1966 for storage of gasoline tanks at 114 Main St. was questioned. Theodore Cohen, 10 Charles T. requested the permit in 1966 and the questioning came up on how long was the permit valid.

Two years ago the proposal for a gas station was presented but because of the Planning Board ruling, the request was turned down.

Both Selectman Borek and Coakley agreed there were already gas stations on both sides of the street and it would be wrong to refuse a new one. Selectman O'Leary said he disagreed and believed it would be poor planning to allow three gas stations at the shopping area.

It was agreed to discuss the matter with Town Counsel, Abraham Handverger.

The meeting adjourned approximately at 10:15 P. M.

Mr. Calvin King, Winthrop Street was the first to get up and speak on the matter. Mr. King stated four or five years ago the street was widened and since that time, traffic has been increasing along with speeding. In the last 18 months there have been six to eight serious accidents, damage to property and serious injuries. Mr. Bill Munroe, Winthrop Street suggested that double lines be painted on the highway where broken lines now appear. Another resident spoke up and asked how they could go about changing the lines. The Board stated that this was under the jurisdiction of the Dept. of Public Works and not the town. A lengthy discussion was carried on with other residents speaking on the matter of traffic and also on the heavy traffic of trucks travelling over Winthrop Street. Town Counsel stated there were no state roads in the town and the town could not prohibit trucking, and if all the trucking were routed to one road would create a chaotic situation. Stanley Cerei suggested the use of radar, another resident suggested calling the Registry of Motor Vehicles. After about an hour of discussing the situation back and forth, the Board stated that they would contact the Dept. of Public Safety for an evaluation of the situation to see what could be done.

At 9 p.m. the Board met with Planning Board members: Joseph Hennessey, Douglas Knotts, Paul Wilson and Leo MacDonald to appoint a member to fill the vacancy created by the resignation of Mr. Agnew. The Board stated that they would like to visit the area Tuesday before discussing it further to see what needed to be done.

The School Building Committee members, Chairman George Archer, Mrs. Mary Downey, Mr. Frank H. Iseman, Mr. Ben Summers and Mr. Wayne Miller attended with Mr. George Archer submitting his resignation. Mr. Archer stated he regreted to resign from the committee but asked that it become effective immediately. Selectman Borek stated that he would not stand in the way of Mr. Archer's wishes but wished he would stay with the committee. Selectman O'Leary said he regretted and was sorry about the resignation and felt that Mr. Archer should take credit and pride in his accomplishments and work with the committee, and he realized the many hours and hard work that Mr. Archer had put into the committee. Selectman Coakley said he regreted the resignation and that Mr. Archer had done a good job but the timing for a new school was off, as far as the citizens were concerned. Mr. Miller stated that the school building committee would continue with its present three members, and requested a special town meeting be set for October 24, 1968 to act on articles to be submitted by the school building committee, with a recommendation for a new high school. The articles will first be approved by Town Counsel Handwerker and then the Board of Selectmen. The Committee stated that they will hold a meeting with all town boards and also will hold two open meetings prior to the special town meeting.

Francis C. McKenna appeared before the Board with a letter of resignation from David M. Dillen as manager of the Elm Social Club of Medway, Inc. giving the reason for resigning because he wanted to accept a position with the V.F.W. Club. Attorney McKenna submitted an application for himself until a suitable applicant could be named to replace Mr. Dillen. The Board advised Attorney McKenna that they would take the matter under advisement and inform him of their decision. Mr. Coakley was contacted by telephone for his opinion on the matter and stated that he would go along with the decision of the other two members to appoint Attorney McKenna on a temporary basis for 60 days. A letter was sent to Attorney McKenna advising him of the decision and asking that he submit a more concrete name for the position of manager.

A form letter was sent to all departments in the Town requesting that they submit names of members, and the day, time and place of meetings along with the telephone number and name of chairman of their committee or department. The reason for the request is so that the Board and townspeople would have access to this information when needed.

A letter was received from the Brockton Taunton Gas Co. requesting permission to install a gas service into 6 Center Street for Hugh Cooley and 33 Oakland Street for Richard Wilber. Permission was granted and Mr. Sullivan was so informed. The Gas Co. also requested permission to install a main on Route 109, Coffee Street to Millis town line. Later in the evening, the Chief was asked about the matter and said that he didn't see any reason for not appointing him a Special.

Mr. Henry Zide, Civil Defense Director appeared before the Board and informed them that he had talked to Thomas McGowan about the town trucks going into the South Boston Army Base to pick up about 400 packages of civil defense material for the Legion Avenue School Shelter. He said the only other alternative would be to have the material shipped by trailer truck which could prove quite expensive to the town. The Board agreed that the best solution was to send the town trucks and advised Mr. Zide to coordinate his plan with Mr. McGowan. Mr. Zide also informed the board that he was turning over a two-way radio to the Highway Dept. for their use. He said that he offered this radio to the Fire Dept. for use but for some reason they never accepted it. Mr. Zide also stated that a Low Bed Trailer was available to the town of Medway for \$148. The board organized electing Edward A. Borek, Chairman and Richard J. O'Leary as clerk.

Mrs. Rita Higgins, Chief Dispatcher for the Police Department was present to discuss her budget with the Board. Mrs. Higgins questioned why the board voted not to give the part time employees the \$.10 an hour raise that they voted for the two full time dispatchers. Mrs. Higgins stated that one employee had been working four days a week for the past thirteen years and she felt he deserved a raise. Selectman Borek said he felt it was time that the Board look into the matter and hire full time help for the three shifts eliminating the need for part-time employees. Mrs. Higgins stated that the Board would have a hard time finding such dependable workers as they have now. Mrs. Higgins also brought up the error in the total of the Police Department Budget. The Board agreed that there was an error as they did not include the figures for 10 paid holidays a year and time and half for employees who worked the holiday. The Board stuck by their decision on the \$1.75 an hour for the regular employees and \$1.65 an hour for the part-time employees. An additional \$512. was requested in the budget, for holiday pay and time and one half.

A complaint was issued by Robert A. Gilman of 38 Fisher Street, West Medway. Mr. Gilman stated that the property behind his house owned by Henry Walsh, 34 Fisher Street is at present raising and selling pigs. Madden Ford Sales, Norwood, Ford Pick-up Truck in the amount of \$2,614. Dyar Sales, 247 Third St. Cambridge, Hydraulic Spreader in the amount of \$4,536. (The list of the other bidders are filed in second drawer.) A letter was sent to the Town Clerk advising her of the awarding of the contracts and that the reason for not choosing the lowest bidder on the Hydraulic Spreader was that they did not meet specifications and on the Pick-Up Truck that it was in the best interest of the Town to choose the Ford.

Meeting of the Board  
of Selectmen  
January 22, 1968

The meeting opened at 7:30 p.m. with William H. Kenney, Edward A. Borek, and Richard J. Coakley.

Mr. Jack Bryan and Mr. Charles Fleming appeared before the Board to discuss a drainage problem on Charles River Road. He stated that on one side of the street the drain is 350 feet away and on the other the drain is 670 feet away. He said they were in desperate need of drains. Mr. Kenney agreed with Mr. Bryan and told him they would get in touch with Mr. Thomas McGowan, Highway Superintendent on the matter.

The board met jointly with members of the Planning Board. Planning Board members present were Mr. Douglas Knotts, Mr. John Agnew, Mr. Leo MacDonald and Mr. Paul Wilson. The Planning Board presented 16 articles for the Special Town Meeting to be held on February 5, 1968. The first article consisted of a "Package Deal" on the Recodification and if this were not accepted the other 15 articles would back it up. The Planning Board said that because of the size and the cost to print the articles that they would supply them and have them attached to the Warrant if it were possible to do it that way. The Warrant would read Nos. 1-16 (see attached articles). Mr. Kenney said he would check to see if this were possible. The boards also discussed the possibility of the Town joining the Metropolitan Area Planning Council. Each town would have a representative, generally the Chairman of the Planning Board. It would cost the town approximately 5 cents per voter for which the Town would receive \$20. worth of service. These services would include surveys on transportation, health, open space, solid waste disposal and sewer and water facilities as urban planning assistance. The possibility of an article being prepared for the Annual Warrant is being taken under advisement. Also discussed at length was the shortage of commercial area in the Town, and how expensive it was for a small businessman to purchase a piece of land or rent a piece of property. Selectmen Borek stated that he had been approached by many residents interested in opening a business but because of the unavailability of land and the cost in the commercial area, that it was impossible. The present building code was brought up and Mr. Kenney stated that as it now stands it is unreasonable and impossible. Mr. Kenney stated that Medway is the only town in the area with such strict regulations and businessmen who had land here did not find it feasible to locate here with such a high cost of building. The present building code increased the cost of construction approximately 35-40%. The Planning Board agreed to bring the matter up for discussion at their next meeting.

A letter was received from Mr. Huna Rosenfeld on the letter sent to Mr. Lawrence Blanchard (Atlantic Mobile Corporation) on the parking of trailers at the Industrial Park on Route 109. The Board stated that they stood firm that he is in violation of zoning and the Notice for removal will stand. The Planning Board agreed that he is in violation.

Mr. James Jeffers, North Street, volunteered to serve on the Permanent School Building Needs Committee.

Mrs. Elizabeth Tefft, Library Trustee appeared before the Board to file her Annual Report of the Library. She inquired at the same time about the renovation of the Town Hall, and how the Library stood as far as space was concerned. She asked if the Selectmen would "evict" them from their present quarters to enable the trustees to find more suitable quarters. Mrs. Tefft was not satisfied that the renovation would be of any assistance to the Library and Mr. Kenney advised Mrs. Tefft that if the Trustees were dissatisfied with the space allotted to them that they should seek funds to lease temporary space somewhere else but that the Selectmen would not "evict" them and have them faced with a situation where the Town could refuse funds.

The Board met at length with the Finance Committee to discuss budgets for 1968.
