

MINUTES OF SELECTMENS MEETING
December 26, 1972

The Meeting started at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Joe Juliani and Mr. Jerome Hanlon came in and discussed the Fire Department Budget. They mentioned that they have to buy some trucks. Salaries totalled \$1550 to \$2000.00. The painting of the fire station both inside and out will have to be done and necessary repairs made to the buildings. The purchase of two Scott Air Packs and fire boxes have to be installed.

At 8:00 p.m. Town Report Bids were opened and read by Dr. O'Leary. The Town Clerk, Mr. Fran Donovan was present for this. Three bids were sent, those being: Wayside Press of 9 Lincoln Street - 500 copies of approximately 250 pages, \$8.90 per page; Semline Incorporated of 180 Wood Road of Braintree - 250 pages, 500 copies, at \$16 per page, total being \$4,000; Charlescraft Press, inc. of 34 Main Street in Milford - 500 copies of approximately 250 pages, total being \$9.19 per page. This will be taken under advisement, and Town Clerk will award the bid. The next day it was decided to award the bid to the low bidder, The Wayside Press.

Also discussed with the Town Clerk was the deadline for reports going into the Annual Town report, which is January 5, 1973. He said only a few have come in so far. Mr. O'Leary took the book of minutes from the Selectmens office to compile and present the Town Clerk with all necessary items to be submitted in the book. At the end of the year Meeting on December 28th, the Town Clerk will formally open the meeting, and will then choose an acting moderator, Mr. Handverger being out of town for the holidays. It was decided that Chairman of the Selectmen will do this job.

Mr. John Ryan came in and complained about not having a drain on Charles River Road. He stated that there is a terrible water problem there that has been going on for three years. He said that someone has dug a ditch out to the end of the street, which he said is against the law. He presented the Selectmen with an Article to go into the Annual Town Warrant. This states that each and every street that is accepted by the Town should be brought up to date to their proper perspective. 40 feet wide for the roads in Medway is required by a map of 1910. He talked about how narrow Charles River Road is and dangerous to children walking to school. There is a telephone pole on the right side at the end of the street which is an obstruction. Mr. Ryan said that his street is 25 feet wide at present. Selectmen said they would take a look at the situation and will let Mr. Ryan know what they plan to do about it. The Selectmen also suggested that he get a petition from all the people on that particular street who feel the same way he does about this situation, and also present it to the Selectmen.

Mr. Charlie Hooper of the Laundramat on Populatic Street came in to discuss matters with the Selectmen. A residential area exists at present where the laundramat is located. The lot that the laundramat sits on is not big enough for a regular house lot. Mr.

Hooper is thinking of the future, and if and when he ever intends to sell this piece of property, would like this to be rezoned for light industry. The Selectmen said he would have to go to the Planning Board for this, and Mr. Hooper said that he would like to have the Selectmens approval first. They said that even the Town Counsel would say it is spot zoning and does not think Mr. Hooper would have a chance. This is less than $\frac{1}{4}$ of an acre. Mr. Wilson said to take it to the Zoning Board of Appeals for a variance. Mr. Coakley also suggested that perhaps a special permit to use it for light industry could be had.

Mr. Pavlik came in and wanted to know if the Selectmen wanted to see the cellar and the shelves he had put in. Mr. Wilson will walk around with Mr. Beksha some time this week and view these. He went over what he has done for repairs and building to the Town Hall this year, and what still has to be done. Also brought some bills in for his services.

Mr. Youman and Mr. Parrella talked for awhile about budgets. Mr. Youman did not have ready the figures for the Finance Committee. He said he will have the figures for them before Thursday night. Said it was impossible because the last town warrant figures have to be taken into consideration. A Board of Health bill was paid by Mr. Youman without going to the Finance Committee or the Selectmen. He said this goes directly to the State. Mr. Wilson suggested that the Finance Committee and Town Accountant get together quarterly and discuss problems and run through items. Communication should be better between these two parties. Salary for the Town Accountant were discussed by Selectmen and Mr. Youman. His salary now is \$3450 for his part time job - which he said is getting to be busier than ever. \$3657 is a 6% raise. \$3700 is a \$250 increase. Also talked over the audit from Bureau of Corporations and Taxation sent us.

The Selectmen talked about Harold Watson being suspended from the Police Force. He could not get a leave of absence for civil court action he was required to do.

Mr. Wilson and Selectmen vote to move to notify the division of water pollution. The Town of Medway intends to pursue the treatment of sewerage in a regional district type of system. Mr. Wilson also told the Selectmen about his meeting with Metcalf & Eddy engineer Mr. Hunsinger. He brought six copies of the Joint Wastewater Facilities to us. One was sent to Mr. Ficco, Town Counsel, of Franklin and one given to Mr. Gardner Rice. Metcalf & Eddy would draw up an account and handle it that way. The companys approach would be that they would participate in any regional treatment plant that they could build; company would advocate if we selected them in laying out the system. Only one phase of the project would be incorporated. Selectmen talked with two members of the Finance Committee in length about this.

The Meeting adjourned at 11:30 p.m.

Respectfully submitted:

Vicki L. Dowdell

Vicki L. Dowdell, Secretary

MINUTES OF SELECTMENS MEETING
December 19, 1972

The Meeting started at 7:30 p.m. with all Members of the Board of Selectmen present.

Mr. Mike Beksha came in and talked briefly about the Town Hall budget. Mr. Wilson will walk around the building soon with Mr. Baksha and determine what exactly has to be done to the building in repairs for the upcoming year.

Mr. Bob McGraft asked the Selectmen if there is any special permit needed to hold a Lottery, sponsored by the Freshman Class of Medway High School. This would be displayed in Mars and Fernandes to raise money. He is to go to the Town Clerk to fill out a form for permission to run a lottery. The cost is \$10 for the year.

Mr. Youman, Town Accountant, came in and talked briefly about the budgets.

The Park Commissioners came in and discussed the land John Booth owns. This is a parcel of land near Oak Street. It was not a legal lot, and asked to have it classified as a legal lot a few years ago. Booth would like to drop the case. It would make sense for the town to own it if the town owns all of the land around it. The asking price would be \$1,000 or less. Conservation Commission might buy this land. The Selectmen talked to the Park Board about how the park project is coming along; it was stated that paper work held up the plans for about eight weeks. In the Fall of 1973 they will start the big projects; the winter project will be in effect next year. Mr. Wilson will contact Mr. Booth and tell him how the town feels about his land. It was suggested to put an article in the paper to inform the townspeople about how the park project is coming along.

Betty Archer came in and discussed in length the Board of Registrars budget. \$891 left in their budget. It would cost \$25 for a list of people in regards to census. \$60 to fix the typewriter-Selectmen told her to have it fixed now to be included in 1972 expenses. Election expenses were gone over, salaries for census and election workers; the posting of warrants, etc. The constable is paid out of their budget because the Selectmen said they have never received a bill from them. Their budget is \$8,000 for an eighteen month period.

Mr. Huna Rosenfeld came in and asked for plowing to be done on Industrial Park Road. He has it done by a small plow but does a poor job. He thinks the town should do it, but the town has not accepted the road yet. The Selectmen said that they would want in writing a formal letter stating that the town be released from all liability when plowing the street. He said he would send something to that effect right away. About 600 feet of plowing would have to be done. Also for February for Articles to be submitted would state: To accept the street (Industrial Park Road); and to rezone the remaining twenty five acres. Mr. Rosenfeld said he would be splitting them up into two acre lots instead of one acre lots.

The Board of Health talked with the Selectmen about the rubbish problem and the hiring of an outside service. Also discussed the possibility of a packer. Can't stop picking up the rubbish. The Selectmen said to keep it the way it is for now, and hire another man to help with the rubbish pick up. The Board of Health said they would be hauling their own gravel.

Sixteen copies of the notices of the Special Town Meeting was given to George Caram to post around Town.

Selectmen signed more of the licenses that will become due at the end of the year.

WMRC called and wanted to have the Chairman of the Selectmen tape a christmas greeting to the townspeople of Medway to be broadcasted each day until Christmas. Mr. Wilson called WMRC on Wednesday morning.

Go out to bid-maintenance of the dump and sanitary landfill. The Selectmen suggested it be a Tuesday night so they would be in their offices. Veritas Company has green soap coming across the street - the Board of Health received complaints; Mr. Wilson said he would call Veritas and remedy the situation.

Talked about the report of the Town Audit for the Town of Medway which was just received in the mail from Bureau of Corporations and Taxation. They tried to determine just what everything meant. Called Dave Youman to ask what revenue deficit meant.

The Selectmen went over the budgets briefly with Mr. Bob Parrella. Checked off which ones have come in and which ones have not yet. He said that they (Finance Committee) have not received many as of this date.

Betty Archer came in with her revised budget-she changed one item. The Selectmen signed this.

Bob Parrella said that he wanted a list of all department overexpended and underexpended. Also asked if the Selectmen thought of any new members to be chosen for the Finance Committee. They thought it was a difficult time to start with the Committee because of the business of budgets. Mr. Parrella mentioned that Ann Cennedella, their Secretary, will be leaving in May because of her starting to work soon for Supt. of Schools at Medway Junior-Senior High School.

The Selectmen talked about receiving the letter from the County Commissioners and will ask him to come in and bring the maps. A January 2, 1973 appointment is confirmed.

The letter of complaint from a Mrs. Tuchinsky was discussed. This is about a neighbors (Trufant) dog. Mr. Giallonardo read the letter and the Chief said he will have to tell them to get rid of the dog. The Police Department will handle this matter.

The Selectmen dictated to the Secretary as to what hours are typed on the Liquor License forms to be sent down to Treasurers office, to be picked up by various establishments and stores. 8:00 a.m. - 1:00 a.m. on weekdays; Saturday until 12:00 Midnight but can stay open under state laws until 1:00 a.m.; but no liquor served for that last hour. A covering letter will accompany the license forms explaining this. Also a letter allowing them to stay open until 2:00 a.m. on New Years Eve.

The Police Chief went over briefly with the Selectmen his budgets for the 18 months. Will change sedans, already has bought insurance, etc.

Adjourned: 12 midnight

Katherine Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
December 12, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Tony Mastroianni, Veterans' Agent, came in and talked with the Selectmen. He had an unpaid bill for \$2607; and thought this money had been transferred. Mr. Youman, Town Accountant, paid this and Mr. Mastroianni had no knowledge and thought he had approximately \$2,000 left. He said the Accountant should not have paid this. \$3,040 is needed just to meet his expenses for the year. Mr. Mastroianni, along with the Selectmen, adjourned to the Finance Committee room and presented this before the members of that Board to request emergency funds. After this was approved by the Selectmen and Mr. Robert Parrella, Mr. Mastroianni spent time with the Selectmen in executive session. Mr. Mastroianni also said he would like a monthly reconciliation sheet from the Accountant; and also did not think it necessary for the Selectmen to sign his vouchers when they come in. He is the one to authorize payment of these bills so why should the Selectmen have to sign these also. Because of this there is a three week delay in the payment of these services. The Selectmen agreed that they need not sign them, so will just be signing the top page of the warrant with the Veterans Services Vouchers underneath. Mr. Wilson will talk to Mr. Youman and tell him of this arrangement, and also telling him that from now on the vouchers will be mailed directly to the Town Accountant.

A hearing was held at 7:45 p.m. for the Rock Garden Cafe, Inc. restaurant. The Selectmen all voted to move to transfer the change of manager from Arthur Antonio of Framingham to Mr. Harold LeDoux. This Public Hearing Notice bill will be sent to Mr. Kadra of Framingham who represented him in this transfer.

Mr. Wilson talked about going into Boston on Wednesday the 13th. He will meet Mr. O'Leary in there and will then meet with the appropriate people about the solid waste disposal problems and what to do about them.

At 8:00 p.m. there was a special town meeting held in the Sanford Room to discuss the proposed library site. In five minutes the two articles were dismissed. It was voted not to buy the land and transfer monies. The Finance Committee stated that they did not have a perk test on the property, and cannot be done at this time of the year. It was common knowledge that this was a very wet piece of property.

Mr. Harold Bemis came in and was told by Town Counsel that he had checked into the fact if the Town could buy the bond to release him from his troubles, but this cannot be done. Mr. Handverger did get lots released on Holliston Street for him, and the moving of the house across Rt. 109.

Mr. Youman talked with the Selectmen briefly about how his job is getting very busy, and that it is more of a full time job rather than a part time one.

The Selectmen began signing the Licenses that are going to be expiring at the end of the month. Common vituallers, liquor licenses that go into the A.B.C., etc.

The Selectmen signed the papers needed for Holliston Street, sent in by Mr. Melpignano of Framingham from New England Telephone & Telegraph.

At 9:40 Mr. John Booth came in and talked with the Selectmen about a parcel of land near the park that he has a suit pending with. He said he had no intention of ever going to court with this matter. Zoning Board of Appeals granted a variance. Mr. Booth said he would like to sell this little piece of land to the Town. Mr. Handverger asked why the town would even want it. It is near the park, the Conservation Commission has some of the land purchased by them. Mr. Wilson said he would call in the Park Department next week to see if they would like to purchase this land and will give Mr. Booth their answer at that time.

Mr. McKenna called and asked for the Elm Social Club, Inc. to have a 2:00 a.m. closing on New Years Eve. The Selectmen voted yes to this and also for all the other establishments in town to stay open until this hour.

Mr. John Harkey of Millis called and wanted a letter in writing to rent rooms. Some laws in town provide this, but some have rules regarding certain areas where they cannot be permitted to rent rooms. The Selectmen and Town Counsel said this was all right as far as they were concerned at the present.

Mr. Handverger suggested that names be put in the front of the 1973 Town Reports in memoriam to Mr. Francis Kelley, Mr. Larry Bresnahan, and Judge Saunders. They all held public office in the town of Medway at one time. Tell Mr. Donovan about this.

Mr. Allan Osborne showed the Selectmen the Council on Aging Revised Budget. He said the \$6,000 anticipation was met with approval by Mr. Parrella he thought. Insurance policy - if it was a youth organization it would be covered; but would not be covered for an age group of this type. Also mentioned that from now on the long bus trips would probably have to have at least two chaperones to go along with the Council on Aging. One person had a heart attack while en route to their last trip and the Activities Director had to accompany the man to the hospital, leaving the people without proper direction.

The Meeting Adjourned at 11:30 p.m.

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
December 5, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Allan Osborne and Peggy Christiansen, Activities Director, came in and talked about the next ensuing 18 months of the Council on Aging Budget. Appropriation for last year was \$1200, but anticipate much more. Approved matching funds (State) but no money as of yet. They first discussed that they would like to extend the opening of the drop in center at the VFW for more than one day a week; also want to hire an arts and crafts instructor. The activities director gets a flat rate of \$10 per day once or twice a month when accompanying bus trips. Talked about the bus trips and how much they charge groups. The committee are asking for \$500 for arts and crafts supplies, new programs - \$1500, off supplies - \$300. They want to investigate the possibility of a blanket policy which means people driving the elderly in their own cars on different trips when there is not enough room on the busses. Health services were talked about - suggested by the State that Council on Aging provide services because it could involve people using a hot line for their needs. \$100 was brought up to contribute to the VFW because of the use of their facilities on Holliston Street. Dr. O'Leary told Mr. Osborne that they are asking for too much money and to keep it under \$6,000. They will have to give a better breakdown to the Finance Committee, especially if they are asking for something over \$1,000. Feeding for the elderly has to be approved by the State first, then the School will approve it, probably on a daily basis. The Selectmen suggested they start their budget over again and use one for salary, one for expenses, like the Selectmen do. Mr. Wilson thinks this new council is being a little over active, especially since it is a new formed one. A resignation was received from Anne Gateley. The Selectmen along with the Council on Aging voted to choose Mrs. Eleanor Thompson to fill her vacancy, term expiring in 1975. Norton Stokes will be leaving at the end of the year so there will be another vacancy to fill.

Mr. Thorne of Millis and Mr. Donovan came in and selected two jurors. The grand juror chosen was Mr. Robert J. Zaiko of Delmar Road; criminal and civil chosen was Mr. Malcolm S. Kemp of Fisher Street. They both will start jury duty on January 2, 1973.

At 8:30 p.m. the radio bids were opened. The bid was awarded to George Voorhees of Ashland, Mass., for a price of \$3265.44. This was the only bid submitted. Send a letter of acceptance.

A permit for a dance was asked for by Mr. Dick DeVine to be held at the high school on December 28th, a Thursday night; this will be put on by the Class of 1974.

Mr. Fred Lee and Mr. Dave Youman came in to talk with the Selectmen about money available for the budgets in town. If we have another snow storm, the town will be short. Group Insurance will be short also. The accountant and Treasurer do not like the system of

the Norfolk County Trust Company. They travelled to Pittsfield to look into a new system (computer) that they would like to have instituted into the Town. This will be talked over with the Finance Committee with the Selectmen and Mr. Lee.

Mr. Harold Bemis has exhausted all possibilities from getting out from Mr. Zides attachments and cannot see any way but to ask the town to buy the bond to release him from the suit. The bond is \$25,000; it would cost the town \$250 or less. Put the money up to release an attachment on a town official. Mr. Handverger thinks this can be done. He will give his correct legal advice by December 12th.

Mr. Jim Jeffers and Mr. Harold Bemis of the Board of Health asked about the possibility of a rubbish pickup. \$69,000 was the cost for Hopedale for this service for this year. Jim suggested about getting a price for a compactor. Call in Finn Brothers; dump will be under one control. They will speak to Diarmuid about this. On December 19th Jim Jeffers will have specifications to give to the Selectmen.

Mr. David Harrington talked briefly about the drainage problems that he has had on Pond Street near his home and on it.

Mr. Ed Reardon came in to go over the 18 month budget on insurances. Because of the new addition workmens compensation may go up, also automobile insurance because of the many accidents with the police cruisers.

Mr. Merrill and Mr. Maciolek came in and went over their revised 18 month budget. They went over their budget \$65.95; doubled over last year. They said advertising and postage made them go over their budget. Mr. Merrill had inquired about the earnings of part time help and he said you have to make \$2.75 first or cannot do anything about it at all.

Chief Giallonardo came in and talked about the police contracts. He said they ask for alot and still want more. He discussed about their habits of taking days off after having a couple days off previous. He said the policemen cannot have good working habits if they have already worked 8 hours in a row and want to take another shift for overtime. The Chief said he will be asking for two more police officers this coming year. The police are refusing detail work - and some of them are moonlighting on other jobs. He has even called out of town police to do Medway detail work. The policemen of Medway have unlimited sick leave, which many towns do not have. It is hard to get specials to do detail work during the day; will have to decide on something definite in the contract regarding this. Irene Martin wants to take both Lovering Street and the high school for duty. Chief does not want to have her in both places. Keep her at Lovering and get someone else and break them in at the high school was decided by the selectmen.

The auction at the old town barn was changed from December 9th to the 16th. Items will be on display from 10:00 to 12:00 noon; an article will be submitted in the paper this week at least twice by Allan Osborne to let the general public know about it. The items are desks, chairs, tables, etc. Allan Osborne will be auctioneer.

The Meeting adjourned at 11:15 p.m.

Respectfully submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
November 28, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Higgins, Mr. Sabin and Mr. Thurlow were sworn in by Town Clerk to the new Swimming Pool Regulations Study Committee. They then adjourned to next office and talked about their upcoming plans. They will meet every Tuesday in December and January and by February 1st will give a report of progress at the annual town meeting. Mr. Thurlow was chosen as Chairman of the committee; postage and typing can be done by the Board of Selectmens Secretary. Ideas can be taken from any interested and concerned resident, along with the building inspector, board of assessors, etc. While these three men were in the other office, Mr. Len Thompson and wife appeared before the Board to declare their views on the committee. They said they were against two members of this committee as they do not qualify in their view. Mr. Thompson said that the Selectmen misinterpreted the Article that was passed at the town meeting. Also that he was not picked for the committee because he was the author of the article. Mr. Wilson said that the Selectmen chose the men the way they thought should be done, and that in their opinion Mr. Thompson might be biased. Mr. Thompson said he was highly insulted and thought he would not be biased at all, that he was an engineer qualified for this type of committee; He also thought that this was a political appointment. After a heated argument by him and the Board of Selectmen, he left saying he would be in for another meeting with the Selectmen and would send a letter in writing stating his views on the subject.

Mr. Arthur Mastro came in with Mr. Bud Cunnally and was introduced to the Selectmen. He has been in business with General Wire Company for 15 years in Norwood and recently purchased a building in the Medway Industrial Park owned by Mr. Huna Rosenfeld. He manufactures display and floor fixtures, metal, wood, wire, etc. This is part of an expansion of the company that will be coming to Medway. Mr. O'Leary liked the idea that perhaps high school kids can be able to get on-the-job training at this company in relation with the high school program.

Adele Pawlowski came in to see Fred Lee and wanted money owed to her for the land taking near the high school. Mr. Wilson called her home but she was not in. A form of release must be drawn up by Mr. Handverger for her to sign and then she can have her money.

Mrs. Knowles of High Street called and asked for a permit to sell Christmas trees starting December 10, 1972; all Selectmen voted yes for this permit.

Mr. Wilson talked to the Selectmen in Franklin about sewerage and they discussed the situation and their not doing anything about it yet - but will have to have a meeting some time soon in the future with Mr. Handverger about it.

Mr. Handverger said to have an auction to sell the items at the town barn; this will include school articles. December 9 is the date set for this auction. Allan Osborne will advertise it in the paper, and also will be the auctioneer. Auction the items right at the old town barn to make it easier.

Library site - people are questioning whether the article can be transferred because of state funds. If enough people are going to be against this site - will the Sanford Room be large enough to hold all the people?

Mr. Higgins came in and talked about departmental matters. The bulkhead will cost about \$200; will have some highway workers put one in the back of the Town Hall. He said that he and many other townspeople thought Oakland Street near Rt. 109 needs more lighting. Mr. Wilson said that we have sent in as many light orders as we can for this year but will put money in the budget for next year to light that area better. The Selectmen asked Mr. Higgins what his procedure was with the Finance Committee, also the police department. He said they go to the Finance Committee first, then come back to the Selectmen to go over it and sign. It was mentioned that the radio bids will be opened on December 5, 1972, at 8:00 p.m. Town Reports are to be opened on December 26, 1972, at the Town Offices. The islands at Rt. 109 and 126 were hot topped; Mr. Marks of Public Works liked the job that was being done there. Some time this month should get the letter from the State so that when the bill finally comes, there will be no problem. A sweeper for the town was discussed and Mr. Higgins said he will put that in the budget; maintenance wise an Elgin was considered the best. Will get an estimated cost - about \$18,000 he thinks. The town pays \$3,000 now for it to be done each year. The life of the machine is about 10 to 12 years. Also going to ask for an addition to the new town barn.

Fred Paulette came in and discussed the matter about Peter Koshivas and not having police patrol when he is working on the drainage on Cottage Street. There never seem to be any officers on duty when he works. The police have billed him for the last three months but as of yet they have not been paid. Selectmen agreed to send a letter to Peter Koshivas and tell him these things.

The Selectmen looked over the budgets under their jurisdiction - get from Dave Youman one figure. Retirement fund, Mass. League of Cities and Towns, Memorial Day - \$1600; The Selectmen salary was gone over - wait and ask the Finance Committee for the correct figure as to Secretary's salary. Get from Dave Youman list of expenses in each category and add them all up.

Mr. Wilson talked about his meeting with George Woods, Jr. and other area Selectmen; each town talked about their particular problems and what to do about them; this was a very informative meeting.

Anthony Mastroianni suggested I change the Veterans number in the phone book to 2013 instead of the Finance Committee number. The new phone books will be coming out in the middle of January.

The meeting adjourned at 11:00 p.m.

Respectfully submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
November 21, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Beksha came in and talked about the Town Hall Expenses budget. He listed the articles that he thought were needed next year - two clocks, a new flag, 4 or 5 desk pads, enamel paint, rug for police station front, pole to wash the windows in the town hall, bulbs, etc. \$589 maintenance. Will have to start painting the rooms over soon. Also needed for the Selectmens Office is a table for the Apeco copying machine and a coat rack.

The Selectmen discussed the naming of three members to the new "Swimming Pool Regulations Study Committee". All Selectmen voted in favor of choosing Mr. William Higgins, Mr. Gordon Thurlow, and Mr. Harry Sabin. Send a letter telling them to come in at 7:30 November 28, 1972, and hold the appointment slip until then.

There are two accounts for the Library: \$6,704.23; the new library site was discussed. It was decided to have a Special Town Meeting before the start of the christmas holidays. A public hearing will be held on December 3rd, 1972, and the Meeting will be held on December 12th, 1972, at 8:00 p.m. in the Sanford Room at the Town Hall Offices.

Mr. Fred Sanford of the Industrial Development Commission came in to go over his budget for the next ensuing 18 months. 1971 - spent \$1,000. \$3300 approved last year. \$3175, less than last year. \$2830 - anticipate this much. Secretarial - \$300. They do not carry their money over to the next year. \$300 for printing and postage, \$450 for secretarial services, meeting and attendance is more than adequate; non-recurring - two signs, \$120; \$50 repairs for December. \$750 - for advertising, public relations, promotional; Mr. O'Leary said to Mr. Sanford that he would have to be more explicit to the Finance Committee about advertising. \$75 for arial photographs and \$1500 would be spent for the next 18 months.

Chief Giallonardo wanted to know what is holding up the traffic lights at the intersection of Rt. 126 and Rt. 109. Why isn't LeBaron working on it? A letter will be sent to them inquiring about this. Mr. Wilson told Mr. Giallonardo about the information from Mr. Prior about flood lamps and lighting. Replace lights from bridge to Rossettis corner with brighter lights, and ask Boston Edison to install Flood lamp at the high school as soon as possible. The other flood light can wait. Because of all the pedestrian traffic this will be safer on Holliston Street.

Mr. Higgins came in and talked about the railroad property at Floods property. Mr. Wilson read the June Minutes of the Meeting about the Floods coming in to complain about this situation. They all agreed that the Floods are the ones that are filling it up, not Groels or Bergaminis. If Mr. Flood hadn't dammed this up the water would flow freely and not be stagnant.

Fitz-Ren (The Village Inn) application for Sunday entertainment license was talked about briefly with the Chief and the Selectmen - January 1st pro rate it for \$4 or \$5. Charge as to when it runs out; coincide with the State.

Mr. Higgins also mentioned the \$3.70 to \$3.90 per hour declaration of pay raise for all the highway workers. Mr. Wilson explained to him that they could not get any more money until November, 1973. It was also mentioned that the workers will be working overtime with the leaf mulching machine on Saturdays if the weather is good. The money will come out of the \$3.90 account. All the Selectmen voted that the highway employees will receive \$3.90 per hour now.

Send Anne Gately a letter to come in and go over the new budget - Council for Aging for December 5, 1972, at 7:30 p.m.

Class of 1975 wants a permit for a dance at the Junior-Senior High School for December 16, 1972, at 7:30 until 11:00 p.m. All Selectmen voted yes to this permit.

The problem of water on Fisher Street was discussed by Selectmen and Mr. Higgins when houses will be built there. Diarmuid said they would have to rebuild the street, not re-asphalt it. It was suggested to have Jim Brodeur survey this land, locate areas where the town needs easements, and set up a plan so that when the problem does arise, this will already have been worked on.

The articles in the old Town Barn were discussed and how they would go about holding an auction to get rid of the items. There are many desks, tables, piano, etc. Francis Cassidy also has some things stored at his place. Should Diarmuid get figures for the expenses of the new town barn for an addition that will be needed in the future?

Medway JayCee-etts wanted to know if they needed any special type of license for their store hours at Fernandes Shopping Plaza. They already have Mr. Freemans permission. The shopping hours will be for a few days at the end of November and a week in December at different times during the day. The Selectmen and Mr. Handverger said they did not think they needed any other type of license.

The Selectmen suggested sending letter to the Legion and VFW telling these two establishments that they will be allowed to stay open until 1:00 a.m. on Saturday nights instead of the 12:00 Midnight curfew.

On December 5th there will be a public hearing on the Quality Market sign that Mr. Adams owns on Lincoln Street.

Allan Osborne said he would like to have an open meeting before the next election before appointments are made to election workers. A letter would be sent to Mr. Donovan advising him of this. Something specific should be decided by the Town as to how far to follow the law at election time also. He also mentioned the cemetery property and liability, such as if someone gets injured, etc. They are still hauling gravel out and so far no sign has been posted as to keeping out of that property. This should have been done.

Mr. Harold Bemis talked in length about his problem of attachments by Mr. Henry Zide. Everything he owns in Norfolk County has an attachment. This problem will give him trouble with the house being moved across the street on Rt. 109, borrowing money, passing papers, etc. It was also discussed about the plumbing and wiring permits that will not be processed through the town office any more. Talked about needing a clerk or secretary to handle these jobs, along with the building inspector. In what office would she be and how often would she work a week? Ask what other towns do.

The Meeting was adjourned at 11:30 p.m.

Respectfully Submitted:

Kicki Dawdell

MEETING OF THE BOARD OF SELECTMEN

November 14, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Stephens of Milford Street came in and gave pole numbers where there should be lights; also asked for permission once again to sell Christmas Trees, wreaths, and baskets at his home. The Selectmen all voted yes.

Mr. Higgins discussed with the Selectmen departmental matters. He talked about the rubbish collection and how much of a burden it is and are always behind in this project. Ask the Board of Health how much it would be to go out to bid. The figures he received from them were January to October - labor - \$3,214; highway trucks - \$986; the total being almost \$5,000 for the year. (another \$750 added for next two months). Would have to hire extra help. The radio bids were discussed and according to Mr. Handverger the highway department has to go out to bid again. They discussed Mr. Tenney and his gravel - the cost is 25½ cents per yard.

Mr. Harold LeDoux spoke with the Selectmen and asked permission to have his restaurant and lounge have extended hours. He would like to stay open until 2:00 a.m. for some special entertainment for four days - 22nd, 23rd, 24th and 25th. It was granted, with two of the Selectmen in favor of his staying open, and one opposing it. Mr. LeDoux also asked for a 2:00 a.m. permanent license. The Selectmen said they would discuss this further and let him know by letter. Mr. Handverger and Selectmen talked about this later on in the evening and it was agreed to keep the 1:00 a.m. curfew. Two of the Selectmen wanted to keep the 1:00 a.m., and one member of the Board voted to extend it until 2:00 a.m.

Mr. Donavan, Town Clerk, and Mr. Thorne of Millis came in and asked for a jury member to be picked. Mr. Robert Rossetti was chosen at random by the Selectmen from the jury box. This is for criminal and civil cases.

Mary Downey and Helga Thompson of the Library Committee came in and discussed with the Selectmen the proposed library site and how much money they had in their fund. They had part of the Article written. After Mr. Handverger reviewed this, he wanted to make sure just how much they did have in their account, and also stated that the Article was not written properly. The Special Town Meeting that was to be held for November 28th will be postponed until the end of the year.

Mr. Ed Borek discussed with the Selectmen two matters which was of concern to him. First Pole numbers 19, 23, 33 (by the high school, by his house, and one double one) need lights or should be fixed. He said that he thought the Selectmen are not firm enough when they want to have these matters taken care of. Also the railroad bridge was asked about, and the Selectmen told him that they are in the process of writing letters by the Town Counsel. Mr. Borek would not take this for an answer; he suggested we try to take the bridge by taxation. The Selectmen said in general that many angles have been tried but other towns are in the same position.

Mr. Lanou of Robin Circle asked the Selectmen just exactly what the outcome of the situation was with Mr. Robert Bauer and his trucks. They told him that when he came in the Selectmens Office this past summer that the truck is allowed but not the trailer, except in dire emergency. The Selectmen said they would write a letter to the Police station telling them of the ruling. A letter will be written to Mr. Bauer asking again that he refrain from not parking the trailer in his property at any time, this being a residential area and not allowed. Mr. Bauers trailer had been parked all weekend at his house to the annoyance of his neighbors.

Two members of the Medway JayCees came in and discussed with the Selectmen the Town Survey. The age of the townspeople is not too clear in this; there are 9% who are 60 or over, and 15% who are 50 or over; The JayCees said they have distributed copies to people about town, libraries, and to the Representatives in our district. Waste disposal factor - no problem in separating rubbish; people were critical of recreation. The West Medway Park was discussed, and thought how messy it usually is and not policed properly. The JayCees have decided to go to the Park Department and find out just what they do to keep the place clean. Town Government - the JayCees plan to hold special meeting zeroing in on one particular subject at a time and let the people express their feelings about a particular subject. A Proclamation was signed by the three Selectmen as November 19th - 25th as Government Awareness Week for the town of Medway.

Mr. Ed Reardon came in and the Selectmen signed the Group Insurance forms. They run from November 20th to November 20th, 1973. He said they will get a good dividend back. Mr. Reardon said that his complaint about the person who has a commercial vehicle near him for the collection of rubbish is getting out of there soon. Talked about Charles River Park and Canoeing on the river. People are not allowed access to it. The town owns part of the property where a person has a chain across it leading to the river.

Mr. Walter Johnson, Building Inspector, came in to go over his budget for the next 18 months. His Salary is \$800, the Assistant is \$100. Fees are behind; put \$1500 for the next 18 months; \$150 for office supplies. The Selectmen told him that after the first of the year a phone will be installed in Jim Brodeur's Office (Mr. Johnson also uses this office for his meetings) and desk and chairs will be provided him. The phone will be an extension with Selectmens number being used. Mr. Johnson didn't think his salary enough and wanted more; the fact that at certain times of the year he spends two nights a week completing his business. The Selectmen said they would increase his salary from \$800 to \$1,000.

Dr. O'Leary dictated the content of an Article to have an unpaid Veterans bill paid for at an upcoming Town Meeting. "To see if the Town will vote to raise and appropriate by transferring from available funds in the treasury the sum of \$124.00 to pay an unpaid bill for the Veterans Agents Department or act in any manner relating thereto."

Town Report Bids were discussed by the Selectmen and they agreed that this would be a good time to have the entire job taken over by the Town Clerk, who should be the one doing it anyway. Should bid for 250 pages. Mr. Wilson will talk to Mr. Donavan about it.

Meeting adjourned at 11:30 p.m.

Respectfully submitted:

Vicki L. Jowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
November 7, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present. Mr. Coakley arrived at 8:20 p.m.

Mr. Tringle discussed with the Selectmen about his wanting the town to have an easement on his property so that pipes can be installed on Lovering Street. Mr. Tringle wanted to know if any type of paper should be signed for this.

Mr. Mastroianni next met with the Selectmen and discussed in length about the Veterans Agent Budget that he has taken over since Mr. Hy Kramer left. Salaries for Agent - \$2,000 for 1973, \$1,000 for 1974; he said there is a normal 5% increase each year on case load and normal 6.5% cost of living increase. Projecting for half of 1974 - \$30,000; recovery for 1972 - cannot find \$3,000; there are four cases that he is working on. Authorization of \$44,000 in expenses. Mr. Mastroianni said he is concerned with 1968, 1971, and 1972 - it will take \$111,109 to cover that period. No returns, no cases submitted in those years to the town. \$600 expenses for the year, 1973. \$2300 - dig up by the end of this year. \$440 expenses and \$600 working expenses. The Selectmen agreed that this budget is satisfactory to them. Mr. Mastroianni talked about a case that should not be on the Veterans Benefit Budget - he is under psychiatric care. This man is employed, gets compensation. Nine cases have gone off the benefits budget and have not objected. Will try to take this other man off, Mr. Handverger said the man could appeal the case.

Mr. Higgins came in and talked about departmental matters. About dumping water on Pond Street - this water comes from Lovering Estates; piping down and out to his land. Why should the town be paying the bill? Mr. Higgins will find out how much pipe Mr. Tringle wants and how far. The Selectmen think they need more information and should look at it again. It was suggested that the radio for trucks go out to bid. Mr. Higgins said he would talk to Allan Osborne to put in the paper about residents raking their leaves out to the edge of the road so that the leaf mulching machine can get to work. In the back of Cumberland Farms near Medway Block there is an accumulation of water. Should get it out on the road and into a culvert before it goes down^{the} the street. Park project - excavating the road; the highway department put loam at the North Street playground. Concrete for the sidewalk around the town hall offices may possibly be done this week.

Mr. Niedbala, Gas Inspector for Medway, went over the budget for the next eighteen months. He said Mr. Heavey wants \$100 for being assistant gas inspector. Mr. Niedbala also gets \$100 so the assistant cannot be expected to get the same amount of money. Mr. Niedbala said he receives \$100 for being assistant plumbing inspector. The Selectmen agreed to give the Assistant \$100 and \$200 for Mr. Niedbala.

Mr. Charles Crowley came in and picked up the legal permit for a one days liquor license that the Medway Youth Hockey League applied for their dance. Fee is \$2, which he will pay for downstairs.

Mr. Bob Goode discussed with the Selectmen the wiring inspector budget. The assistant wiring inspector receives a \$3 fee. \$800 now; \$1,000 for this year; remainder at the end of the year.

Officer Malo, the Chief of Police, Joe Hanlon and the Selectmen met and discussed in length about the pedestrian traffic at the school. Mr. Hanlon said one good reason the kids are getting out at a certain place is to keep them away from the construction area. Next year they will be exiting a different way. Trying to initiate a jay walking program involves too much work. A school crossing guard for the high school is needed. It is imperative to make the kids cross and walk in a particular place. It was suggested and thought a good idea to make a walk right in the middle. Mr. Hanlon said he didn't think it possible to build right over the new leaching bed, but will find out more about this. The town could pay for the installation but would have to have permission from the school building committee. It was noted that Cumberland Farms, Fernandes, housing for the elderly all have sewerage under their pavement. It would be an 8 foot walk. At the South side crossing, there needs to be a policeman or policewoman instead of a regular police officer. There is a light installed but the lighting seems to be bad; as far as a flood light goes, Boston Edison does not want any other equipment but their own on their poles. The Chief talked about Mrs. Martin or Mrs. Perrini being the crossing guard. Mrs. Martin would be good for the high school because of her experience. Mrs. Perrini could be trained for the North Elementary school. The Chief has enough money in the funds to pay for this extra duty. Mr. Higgins will put lines in the road in front of the high school this week. The Chief also went over his police budget briefly with the Selectmen. He said it is hard to anticipate some of the items that come up during the year, such as fingerprinting school, breathalyzer school, etc. Talked about cruisers and when to purchase them.

The Selectmen gave the Chief names of people that conduct the Fourmost Squaredancing Club, Inc. and he said he would check them out. Also will check out the new manager of the Rock Garden Cafe, Inc.

The Meeting adjourned at 11:15 p.m.

Respectfully submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
October 31, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mary Downey of the Library Trustees came in to discuss with the Selectmen that the Library Committee has an opportunity to purchase three acres in two lots on Pond Street. The cost would be \$9,000.00. This would be for a new library site. She said that they have over \$10,000.00 in the library fund now; and this should go to a Special or Annual Town Meeting for a vote. Should be done within ten days to two weeks after a Hearing. It was decided that Tuesday night on November 28th would be a good time for a meeting. The Selectmen also told her to find out from Mr. Youman exactly how much the Library has for money.

Bud Leggee, Sealer of Weights and Measures, came in and went over the budget for the next ensuing eighteen months. He said the 5 and 10 pound weights are used more frequently than the twenty five pound one. \$62.50 is the cost for a weight. He brought in a weight to show in what bad condition they are in now. Mr. Wilson suggested that he buy the 10 pound now and the five pound next year. Mr. Leggee also said that the file cabinets in the cellar are always being broken into and the Selectmen suggested that they put the cabinets in Jim Brodeur's office. He also talked about other matters to the Selectmen - such as the three trees that should be removed at Massasoit Street near the tennis courts. Mr. Wilson was told of this last summer and had inadvertently overlooked; also gas piping that was put in the road near his house was filled in with grass and loam, and not a hard surface. The Selectmen said they would tell Diarmuid Higgins about this.

Mr. James Coyle of 11 Robin Circle came in to ask to have his auctioneers license renewed because of it expiring. The Selectmen voted yes for another years license for him. A new license was typed at that moment.

Mr. Fred Sanford came in and discussed with the Selectmen (Industrial Finance Commission), about how the town of Medway can bridge its credit - municipal revenue bonding. If this committee should exist, at least one director should be experienced in real estate matters. Two of the five members would be chosen at large. They would have a small expense of postage, mailing; but do not do anything until an industry came into Medway. Town has nothing to lose by this. Mr. Handverger will give the Selectmen his advice as to this matter. Have Mr. Sanford get some names that would be interested in serving on this type of Committee.

Mr. Paul Merrill discussed with the Selectmen the Board of Appeals Budget; 1972-\$249 of our \$549; \$68 for advertising bills; \$125 for secretarial services; these are the projected expenses in the 18 month period. He stated that their work load has gone up 50% increase, there being 19 cases so far this year. Mr. Merrill asked the Selectmen about their purchasing an electric typewriter for their secretary. She says it is hard to come to the town offices and use one - sometimes finding the typewriter not even there. The Selectmen said they would have objections if she plans to take this typewriter home.

The question was also raised about the rate of pay per hour she is making. The Board of Appeals would like to raise it from \$2.50 per hour to \$3.00. Is a part time secretary allowed to make the same as a full time, or more? All full time employees make \$2.50 per hour as recommended by the Finance Committee. Mr. Merrill will call the IRS and find out this information.

Mr. Crowley of the Cemeteries Budget talked briefly about the ensuing year. He said it would be just about the same as last year. Put in the \$1200; July to July. In May, June put in for \$400.

Dick DeVine called from the High School and asked for a permit for a dance put on by the Senior Class for November 25th, 1972. The hours would be 8:00 - 11:30 p.m. They have hired two policemen and a Matron. The Selectmen voted yes for this permit.

Mrs. Brady of 88 Winthrop Street would like a permit for a yard sale on Saturday November 4th, 1972, from 9:00 until 5:00 p.m. The Selectmen voted yes for this permit.

Mr. Gilcreast, Mr. Lee, Town Counsel and Selectmen held a closed session to discuss the money that is owed to the town of Medway for the past few years. Mr. Gilcreast said that Mr. Bartell seemed to think that if it was reimbursed (old checks) than they were considered made good. Amount of these is \$3350.83. If there cannot be any proof of payment, the Bonding Company will go after her to pay the amount that is due. Every cent that was deposited was designated for something. Medway will be forced to pay the bond to the State. No way to drop this case. Leave these checks with the Treasurer at the moment and let this set. The Selectmen prefer not to have to process this any further if possible. Mr. Gilcreast left with this decision for the present.

Mr. James Rostcheck and other members of the OEDP met with the Selectmen and told them about a meeting they were going to attend in Hopedale, and wanted to know if they could include Medway in this. Developed a regional plan and present our local goals. The purpose frees up quite a bit of federal money for public works and public buildings for our community; grants with low interest loans. Medway could use federal aid because it is described as a depressed area. The most important that this town could use is in the areas of sewerage, solid waste disposal, vocational technical facilities, library; thus we should coordinate our efforts and establish correct priorities and discussions. Question of sending and timing important.

The Chief of Police presented a bill for damages stemming from a dog. Talked about the letter from Mr. Hanlon from the High School and remedying the situation. The Chief and Malo (Safety Officer) will meet with Mr. Hanlon next week. Money should be put into the budget for extra police or policewoman to be on duty to take care of the problem of the kids coming out of classes at night. \$230 per week to cover five areas for two policemen. Talked in length about collective bargaining - the chief explained that you cannot be the management and the administrator, and still be a sergeant in collective bargaining. The Selectmen and Chief discussed the agreement that the Police Association along with Selectmen and Town Counsel looked over the previous week. The Chief also said he thinks the town of Medway is undermanned by two policemen.

The Meeting adjourned at 11:15 p.m.

Respectfully submitted:

Vicki L. Dowdell
Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
October 24, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. Mastroianni mentioned to the Selectmens Secretary that under the Medway news items column, there should be inserted once a week that anyone with Veterans problems should contact the Selectmens Office between 9:00 and 12:00 noon. I said I would tell Mr. Allan Osborne about this.

Mr. John Bates and other members of the Medway Youth Hockey League came in and asked for a permit for a dance, to be held at the Old Pine Grove Market now owned by Mr. Cassidy. They would have to have a permit for a one day liquor license. This adult dance would be held on November 11, 1972. The Selectmen wanted to know if the building is considered safe. They suggested to Mr. Bates to contact Walter Johnson and have him take a look at the building. They then would come in and a License would be typed out for them. The Selectmen voted yes to this permit on the condition that Mr. Johnson check it out first.

Carl Eaton and Ray Hewitt of the Medway JayCees came in with their conclusions of the Town Survey which was conducted quite a few months ago. They presented the Selectmen with a copy. A photographer was on hand to take a picture of the JayCees giving this report to the Selectmen. They discussed the suggestions people came up with in this report and what the townspeople wanted to know more about. The Selectmen said they would review this and contact them in a few weeks; November 14th get together with the JayCees again. Copies of this report will go to the libraries, Board of Health, School Committee, Town Committees, or anyone that is interested in this. Give to the Press, and summarize it. The JayCees also told the Selectmen that they were withdrawing their yard sale that was to be held on October 28, 1972. Not enough merchandise was collected.

Mr. Higgins discussed departmental matters with the Selectmen. Penn Central fixed the Holliston Street bridge which had to be repaired again. Also asked the workers about bridge matters and they said that there are about 250 bridges all over the state that people want to have removed. The traffic lights at Speronis corner are progressing well. Islands will be put in tomorrow. Talked about Mr. Marks and how LeBaron went to work on the project before approval by Public Works. The condemned building at Guernsey Street and Norfolk Avenue was brought up. Mr. Wilson wanted to know if Diarmuid could put fill in it. A Mr. Drew owns it. His address is unknown at present. Mr. Handverger said it would not be a good idea to dump something on someone elses property. The taxes are being paid for. It was suggested to send him a registered letter.

Mr. Giallonardo came in and talked about the lights and sidewalk at the Junior-Senior High School. This situation should be taken care of soon because of the darkness at 5:00 p.m. now. Reimbursement on these lights from the school. Highway can install them; costing about \$200 apiece. A stop sign was put up at Prospect Street, and near the trestle in west Medway. Samwin Road - will put a "private way" sign up. JayCees annual haloween party and police safety rules for haloween night will be put in the paper.

It was discussed that Mr. Tenneys land has about 34,000 yards of gravel on it. Nick Irusi said the town should pay 25¢ per yard.

Mr. and Mrs. Petrolovich of Clark Street came in and talked about the traffic and parking problem in the parking lot at the Rock Garden. No view of Rt. 109 when trying to get out of Clark Street. Mrs. Petrolovich also wanted to know if you can build highrisers on Clark Street. The Selectmen said no. Forty feet is the highest that can be put up now - but only in the areas designated to be for highrisers.

John McGowan came in and talked about the Civil Defense Budget (18 month fiscal). He said there is \$1303.65 left. \$1275 has been carried over. The truck is in bad shape because of it being old. The purchase of rope is needed badly. The big expense will be chairs that he wants to buy for the civil defense room. The cost of renovating the room was \$974. The chairs will cost \$150 (nonrecurring.) Surplus property - \$450; postage - \$35; auto repairs -\$150, the total being \$790.

The Selectmen said they would go over the budget for the Moth Agent and Tree Agent on Saturday.

Betty Archer called to remind the Selectmen to appoint election workers for the upcoming November 7th election.

Mr. Wilson asked Town Counsel for advice about Nick Irusi. He is a contractor in Holliston who did some work for a subcontractor named Sterling. Irusi did not get paid and Sterling said it is none of their business. Will the Selectmen be liable? Who is responsible? Money that is held out (10%) on Sterling. Completion of work. If you have a subcontractor, subcontract says he is not getting paid, he notifiys the community and Sterling has 10 days to see he doesn't get paid. Leaves Nick out in the cold.

Mark Trombert talked to the Selectmen about his needing more space for his pianos. He repairs and tunes them and would now like to get space on Awl Street, West Medway. Mr. Mann from Holliston owns this building. The Selectmen told Mr. Trombert that he has to ask for an application from the Planning Board.

Mr. Soforenko came in and discussed the 18 month budget for the Veterans Quarters (Legion Post.) \$500, \$500, \$750. He will fill out the budget form and send it back to the Selectmens Office.

The Selectmen voted to renew Option One for the Blue Cross-Blue Shield contract. A letter will be sent to Mr. Quinn telling him for Medways decision.

Miss Hartiman and retired teachers was discussed. Keep it at \$2,000 instead of \$1,000. Automatically reduced to \$1,000 when a teacher retires. They pay the whole plan.

Mr. Len Carrucci of Sun Valley Drive came in to ask the Selectmen a few questions. First he wanted to know the procedure to follow to approve a street or road. Do you need to own the street in order to put up street lights? Bring it up at year end meeting. Talk to Gil Greene and Planning Board. Wanted to know if a street light can be put up at the

corner of Holliston Street and Sun Valley Drive. He also wanted to know if Mr. Higgins is now making all the street signs the same for the whole town. The Selectmen said yes that he was standardizing all the signs.

It was mentioned that if the one day liquor license was approved for Medway Youth Hockey League, that they could not be allowed to sell liquor no later than 12:00 midnight.

The matter of the salt bids were discussed. Will send a letter to Mr. Conley of Medfield stating the acceptance of the bid, and also a letter will be sent to Eastern Chemical to tell them Medway has accepted their bid at \$11.40.

The Meeting was adjourned at 11:15 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

SELECTMENS MEETING
October 17, 1972

The Selectmens Meeting started at 7:25 with all Members present. Mr. Coakley arrived at 9:00 p.m.

Mr. Quinn came in and talked with the Selectmen about this years Blue Cross-Blue Shield Plan. The yearly renewal includes all full time employees. Refund for this year is \$8,653.00. The means of cost containment in present plan is the one employees are under right now. Extended benefits up to \$20,000.00. January 1-state level of benefits some improvements. The County is adopting this and now the town will decide if they want to adopt this also. 1971 level: adopting Option One or Option Two. Most communities are adopting Option One. 1) eliminate \$15 deductible, pay all of it; 2) increase \$20,000.00 Major Medical, \$20,000 to \$50,000; 3) 50% reimbursable up to \$500 maximum; 4) increase from within 24 hours to within 72 hours of an accident; 5) increase \$15 to \$25 per admission for ambulance; Over 65 - extended care \$8 to \$16 per day increased; \$8 to \$16 nursing homes; 2 - increase 80%; 3 - change \$25 calendar quarterly deductible to annual deduction to \$50. Option II - Chiropractors, adding them; Medway has 72 individuals, 98 families, and 20 over 65 group. Selectmen said they would write a letter to Mr. Quinn and indicate what the Town wants and what plan. Contract runs from November 20 - to the next November 19th.

Mr. Ed Handverger came in and talked with Selectmen briefly about the Insurance. A copy of the sales listing was xeroxed.

Mr. Joe Niedbala met with the Selectmen and talked about his needing more money in his budget for Bob Heavey. Mr. Heavey inspects Mr. Niedbala's work about 25 or 30 times a year. A bill came in from Mrs. Kelley amounting to \$394.00. Only \$41 left for the year. There has to be some money in the budget for the Assistant - the Selectmen then voted to put \$50 more in for the year. They told Mr. Niedbala to get the bill into them by December 15th. Send an Appointment Slip to Mr. Robert Heavey as Assistant Gas Inspector for the year.

Mrs. Segal of 44 Ellis Street called and complained of improper lighting at her end of Ellis Street. Mr. Wilson said he would go and check this out and in the near future a light on one of the poles will be installed. The light will be put on the one he thinks would be to the best advantage of everyone.

Mrs. Richard Carlson of 37 Highland Street wants a permit for a yard sale on October 28th and 29th from 9:00-4:00 p.m. The Selectmen voted yes, except to conduct the yard sale after church hours on Sunday.

Mr. Gamachowski and Mr. Tringle came in and talked about Mr. Tringles property on Lovering Street and how it needs a retaining wall. Wants to extend the piping - it is always wet and has trouble with insects, etc. The town has not got an easement there

but Mr. Tringle will give them one. Mr. Higgins will go and see what the trouble is and find out how much piping the town will have to install. (Aluminum pipe.)

Mr. Higgins talked with the Selectmen about departmental matters. He had just attended the meeting in Medfield about the opening of the salt bids. \$11.30 was the low bid to Chemical Corporation, 54 Waltham Avenue, Springfield, Mass. A letter should be sent to Medfield and also to Chemical Corporation. The Selectmen all voted to accept this Bid. LeBaron is working at Speroni's corner on the traffic lights. Mr. Higgins said if everything goes along right, should be completed in a few weeks. Ch. 768 - Holliston Street, Ellis Street, and Causeway Street. Should be a sign at the dump stating to the people not to haul the gravel for their own personal use. It was discussed that Mr. Bergamini's job will be picked up on the towns budget. Mr. Higgins said he is satisfied with his work, and this man will be retiring in a few years. Ford Jewer wants fencing between his property and the Old Age Apartments. Mr. Higgins said they would do this in the near future. About Mr. Tenney's land - ask Mr. Finn and Mr. Irusi to come down and see how much money they think the gravel should cost. See if it would be less than 50¢ per yard.

Miss Hartiman called Mr. Wilson and she had discussed with him that the retired teachers situation. The town pays half the premium; wants to have a meeting with Selectmen and the retired teachers in the town.

Mr. Fred Paulette talked with the Selectmen and said nothing has been done as of yet about the school and there are no policemen when the kids get out of school. Should be one there because of the darkness.

The subject of light came up about Stanley Cerels house (behind it). There is no electricity on the poles, and quite a distance.

The property at Guernsey and Norfolk Avenue is considered to be dangerous. A letter will be written to the building inspector and fire chief for written agreement with the situation. They will inspect this place and tell the Selectmen their decision. There is quite a big hole, and the children could fall into it.

Jim Jeffers talked about a nuisance problem to do with Mr. Boczanowski and Mr. Jim Coakley of Highland Street. Complaint from Jim Coakley - it seems that Mr. Boczanowski has been storing huge piles of sawdust in his yard and it blows into the Coakley's yard and also into their pool. Mr. Boczanowski says that Mr. Coakley's pool is in the wrong location.

There is a resignation of Mr. Hallahan who is moving. He was on the Finance Committee. A new member will have to be appointed.

Mr. Paul Mitchell came in and wanted to talk with Town Counsel about a legal opinion. Mr. Handverger had not arrived yet. Talked about the letter from the Planning Board to Mr. Handverger - this required a lot of research. Paul Mitchell and Bob Parrella got into a lengthy discussion about the Finance Committee and Planning Board Committee and the getting together first before town meetings to say what they are going to say and to tell how each person voted. There were differing opinions about this.

Town Counsel, Fred Lee and Selectmen talked about their recent meeting with Mr. Gilcreast of Firemans Fund Bonding Company. Mr. Lee said he still cannot locate the checks. The Bonding Company prepared the letter and said they would try to get as much money back as they could recover. Mr. Handverger signed the letter. Mr. Lee suggested that an Accounts Receivable Ledger should be set up and put this matter in it, but the Selectmen said this was not possible in their situation. What checks that cannot be made good, former Town Treasurer will have to pay herself. Town Accountant recommends abatement. Write a letter to the Bureau of Accounts for the Spring Audit Book. They also all agreed that it would be best to get together again with Mr. Gilcreast to find out more information and get the stories straight.

Mr. Handverger commented on Teachers Insurance Benefits and all the retired teachers; Ch. 763 of 1972 states insurance burial benefits previously been cut in half to \$1,000; if Selectmen vote yes to this \$2,000, this will remain the same. He states that this will have to go to Town Meeting. Mr. Wilson will let Miss Hartiman know about this.

The Selectmen agreed to call Mr. Fred Sanford in of the Industrial Development Commission and find out more about this committee they would like to formulate in Medway.

Send a letter to Brocton Taunton Gas Company and issue a permit for their gas piping installation; but also write in the letter about their doing a better job on their projects. On particular streets that they have opened up they have disrupted things.

An Application came in from Mr. Taddeo on his used car Class II dealers License. The Selectmen voted to accept this and will sign it and proceed to send one copy to file it in the Registry.

The Meeting Adjourned at 12:05 a.m.

Respectfully Submitted:

Vicki L. Dowdell

MEETING OF THE BOARD OF SELECTMEN
October 10, 1972

The Meeting started at 7:30 p.m. with all Members of the Board of Selectmen present.

Mr. Higgins came in and talked about departmental matters. Chapter 768 was discussed; He mentioned that he received a letter from LeBaron about traffic signal lights, and will bring it in with him next week. It was decided that Mr. Higgins will be sent as a representative on October 17th in Medfield for the salt bid meeting.

Mr. Fran Donovan came in with Mr. Thorne of Millis to have a juror chosen from the jury box. Mr. Wilson picked Mr. Thomas J. Henneberry first but called him because of his being 70 years old and can waive his rights which he did. They then chose Mr. Fred Sanford of 3 Vernon Road, Insurance Inspector for Liberty Mutual. This is for Criminal and Civil cases.

Mr. Kenniston of Terrys Toy Shop asked for a permit to be open on Sundays. Mr. Wilson told him that the answer would be no but would wait for Town Counsel to come in to decide. Mr. Handverger said that he could not be open, because no other retail stores are open on Sunday.

Mr. Hugh O'Neil came in and discussed the solid waste disposal matter with the Selectmen and will get back to them at a later date with more information. He also asked permission for the JayGees to sell Christmas Trees as they have been doing for the past two years. The Selectmen all voted to give permission for this.

Mr. Handverger stated that they are looking for three men for a committee for the dump issue; two names were presented, Mr. Carl Molinari and Mr. Robert Plum. The Selectmen said they would think of another name in the future.

At 8:00 p.m. Mr. Gilcreast from Fireman's Fund American (Bonding Company) came in and discussed in length the fact that certain checks and money have to be found which were not reclaimed properly in the Town Treasurers office over the past few years. This is mostly to do with water bills, excise tax, etc. Mr. Gilcreast says it is virtually impossible to find all these checks but will have to start somewhere. He has a list of all the people but not the checks. The total amount that has to be accounted for is \$3300.50. Could be about 200 or 300 checks. Mr. Gilcreast wants a release of the checks, and the Selectmen said they would talk to the Town Treasurer and Town Counsel to see what they say and will get in touch with Mr. Gilcreast soon. Town Counsel sees no reason why he can't have the checks.

Mr. Dewey Kadra, attorney for the new owners of the Rock Garden, came in and wanted to know exactly what the hours for closing are on weekends. He stated that Milford allows a 2:00 a.m. closing. Right now the Selectmen said it is 1:00 a.m. on Saturday nights.

Mr. Richard Callas of the JayGees came in and wanted to know if they could use the Sanford Room on Sunday, October 29th, for a Candidates Night for the state elections. All of the Selectmen so moved to vote yes.

The Regional Seminar that will be held on October 12th at Dickys Restaurant in Milford was discussed and decided that one of the Selectmen should attend this. 7:00 - 9:00 p.m.

Mr. Fred Paulette came in and wanted to set up a date agreeable to all to talk about collective bargaining with the police association. David Consigli is President this year. Mr. Handverger acts as spokesman for this and has to be present. The first meeting agreed to be held on October 26th.

It was decided by the Board of Selectmen to send Mr. O'Leary and Mr. Coakley to attend the October 18th meeting of Selectmen in this area, to be held at Medfield Town Hall. It will be about recent trends in wage scales, collective bargaining, etc. Mr. Wilson cannot attend because of starting his vacation. It was also agreed that Mr. O'Leary will attend the State wide Town Warrant Meeting on October 20, 21, and 22nd - Massachusetts Selectmens Association.

Concerning EEA- talked to Hayden Wilbur. No danger in losing Jim Brodeur. The purpose is to gradually work these people into the town budget. \$122,941. This is coming from the Federal Government; check will be mailed before November 1. This is the towns share of revenue sharing.

Mr. Wilson thinks there should be an officer at the high school where the kids cross, because of them crossing anywhere they choose. Talk to Fred Paulette - crosswalks should be put in, and find out where everything will go. Find out the pole where the light will be attached. Go into the school and state where the kids should be crossing. All of this should be done soon because of Daylight Savings Time soon approaching.

The Selectmen met with Stanley Cerel at 9:00 p.m. He first mentioned that he attended the Special Town Meeting last week and was surprised that his land where the industrial zone would have been changed from residential has a great deal of sewerage. This is opposite Rosenfelds. Mr. Cerel states that there are sandbags on his land and years ago he told Mr. Rosenfeld to remove them; but he only removed a few. Mr. Cerel's land has always been lowland but it is getting worse - it has never been a sewerage bed. The Selectmen said this was a Board of Health item. He thinks Mr. Rosenfelds drainage from the Industrial Park is not done properly. The Selectmen said they would have Mr. Higgins look at it. If it was dug out there would be a better flow. Also Mr. Cerel talked about the Frog pond at the cemetery behind his house. This has been kept up nicely in the past but now it is an awful sight with rocks and boards being thrown into the pond by the children. A posted warning sign should be put there. Mr. Cerel claims the town owns this particular part of the cemetery because it is a revolutionary cemetery. Another matter he brought up was that he thinks there should be another pole and light should be put at the cemetery road near Evergreen Street because of it being very dark. The Selectmen said they would take a look at it and decide if another pole and light should be erected there. Also about Cottage Street being made a one way was talked about. The Police will look into this matter.

School property and how to dispose of it was mentioned. Talking mainly about two steam tables; the Selectmen think the Veterans should get it. Allan Osborne, who is on the Council for the Aging, talked about feeding for the elderly. He is working with the hot lunch program and states that nutrition is the main object of this project. You do not have to go to the public with this - can have a private bid.

Mr. Handverger mentioned that he spoke with Mr. Winniker who went and inquired about buying a piece of property from the railroad. And he, too, stated that in his case they told him they did not know when he would ever get the land. As Mr. Handverger stated before, they are so far behind you cannot get anywhere with them. The Selectmen talked about the bridge and wondered if there was somebody to give the town of Medway permission to take the bridge down? This would be entirely in the hands of the Penn Central Trustees.

Mr. Ed Reardon came in and wanted to know if a letter of permission was sent out to Brocton Taunton Gas Company for installation of gas piping on Charles River Road. The letter was sent out last week, with the Selectmen all giving their approval for a permit to install gas piping.

Mr. Dave Harrington came in and asked if the Highway Department has the leaf mulching machine yet and when they plan to use it. They have had it for 4 months now. He also wanted to know if a small research and development firm can go into a residential place before it goes into an industrial zone? The Reardon complex is not suitable. Go before the Zoning Board of Appeals for this matter. This has to do with medical equipment - six months of research and development before it goes into manufacturing. He would like to stay in Medway. He will look into Lou Tanczers building. Can get away with it for six months on Commercial II.

There should be a sign put up at the dump not to have people haul gravel out. Apparently there have been some that are going there and helping themselves.

Call Ann Cenedella and get a list of all of the people I sent budget forms to. A letter will be sent soon to remind them to send the budget forms in and if there are any questions they need to know.

The Selectmen talked with Mr. Robert Harrington about the new school addition. He said they cannot anticipate all the expenses because of complications such as changing of the window glass because of safety features, etc. The construction company seems to be leaving the outside of the addition concrete which was not intended. Mr. Harrington said he is in favor of closing out the contract after they finish most of their work. Furnishings and equipment close to the estimate.

The Selectmen went over the budgets and will get together with most of the people and go over everything with them. Mr. O'Leary explained the procedure of going about this.

The Meeting adjourned at 11:15 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
October 3, 1972

The Meeting started at 7:05 p.m. with all Members of the Board of Selectmen present.

Mr. Anthony Mastroianni, new Veterans' Agent, met with the Selectmen to discuss his findings and views on the files and work that has to be made up for Veterans benefits. He said that Nursing Homes are paid promptly and that between Christmas and New Years when there will be another Special Town Meeting, will have to ask for more money. He said the other Veterans' Agent never had an application, authorization, no numbers, etc. Mr. Mastroianni said it was going to be a difficult job to do in so little time. At the end of the month he has 14 cases. The Selectmen asked what he would charge for his time and said he had no idea at the moment. He did say that he has a man in Upton that is an Agent and will probably will do his leg work and they will split the cost between them. Will have to ask for at least \$5,000.00 more to work with. He will be in a few times a week and submit his bills to me and I will give them to the Town Accountant.

Mr. Harold Bemis came in and said that he wants to move his barn too and this will involve going down Elm Street and two Oaks might be destroyed of some importance. Said he should do it while the high tension wires are still raised. The Selectmen told him that Metropolitan Movers were in last week at their request to discuss the moving of the house further. The Selectmen said they would meet early Saturday morning at his property and view the situation further.

Permits were granted for Mr. DeVine for a dance sponsored by the Senior Class, Oct. 14th, 1972 from 8:00-11:30 p.m. This will be held at the Medway Junior-Senior High School. Mary Ellen Love received a permit to canvass in the town of Medway on Oct. 29th, 1972 in the afternoon for Unicef.

Mr. Higgins came in and talked about departmental matters. It was decided to award the traffic signal bid contract to the low bidder - LeBaron. Highway applications were looked over and Mr. Higgins decided that Mr. Walter Pratt, 32 Village Street, would be well qualified for this job. He has to give his present employer notice of his leaving. The Selectmen all moved to appoint Walter Pratt an employee of the Highway Department. He will start October 24, 1972. The Foreman position will go to Jim Mahan. So move that this is Mr. Higgins decision, selectmen in favor.

At 8:00 p.m. the meeting of the Board of Selectmen was adjourned to go to the high school to attend the Special Town Meeting, where 10 Articles will be voted on. The Meeting there lasted about an hour and a half. Swimming pool voted in (committee); the land by Medway-Millis town line, changing from residential to commercial was voted out.

Respectfully submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
September 26, 1972

The Meeting began at 7:35 p.m., Dr. O'Leary not being present.

Peggy Lane came in and asked for a permit to have a walkathon and bike ride, put on by the Medway JayCees. She showed the two routes to be used. The date would be on October 9th, rain date being October 14th. The Selectmen asked how many bikes and walkers would be involved, she did not know. Everybody under 18 has to have a parents signature. 10:00 until 3:00. This is for the support of "McGovern for President" they will go to Franklin and back to West Medway Park for a gathering. Mr. Coakley suggested they let the Park Department know about this. Permission granted.

Lou Camoryet, President of Medway Lions Club, showed a Proclamation saying that the month of October is eye research month. They will be holding a Glaucoma Clinic on November 17 and 18th (Friday night and Saturday). It will be a mobile unit at Fernandes Shopping Center - they have contacted Mr. Freeman and he gave them his permission to hold it there. Send a copy of the Proclamation to Mr. Osborne for the Milford Daily News. Permission was also granted. Also on October 22nd the Lions Club will be having their light bulb sale canvassing house to house. Typed out a permit for him. Permission granted.

Mr. Beksha asked for his weeks vacation - to be taken on October 16th. He will get Mickey Rojee to be his replacement for that week. Permission granted.

At 8:00 p.m. the bids (4) were opened for the traffic signal control lights at Rt. 109 and Rt. 126. Traffic Systems Co., Inc., 24 Williams Street, Clinton, TOTAL - \$13,355.00; R. W. LeBaron, Inc., 74 Rumford Avenue, Waltham, TOTAL - \$9,680.00 (the low bid); Healy Bros., Inc., Cross Street, Norwell, TOTAL - \$13,031.00; Bell Electric Co., Inc., 589 Charles Street, Providence, Rhode Island, TOTAL - \$12,617.50. The bids were read by Mr. Coakley and after they were opened they so moved to take the bids under consideration. Motion seconded.

Fred Cowles of the Medway JayCees called and wanted to know if Halloween would be celebrated on Tuesday the 31st of this October. It will and their annual Halloween Party at the high school will be from 6:00 - 8:00 p.m. Permission is granted to have this on the 31st.

Barbara St. Laurent is asking for a permit at Christ Church, Croswell Hall, to hold a production of Jesus Christ, Superstar, on October 7th at 7:30 p.m. This will benefit St. Judes Church. Permission granted.

Mrs. Goucher of Medfield Selectmens Office called and wanted to know if Wednesday, Oct. 18th would conflict with anything so that they will be holding a Joint Meeting of the Southwest Area Selectmens Coordinating Committee and Mass. Municipal League to discuss salaries of town employees, collective bargaining, etc. Just a representative from the Selectmen would be necessary. The Meeting would start at 8:00 p.m.

Mr. Higgins came in and talked about Highway Department matters. Mr. Winniker has some loam in the back of his apartments that he wants to sell. The cost would be \$1.50 per yard. He has a couple hundred yards. Mr. Higgins said this is a good price and would take the money out of highway general funds for this. Talked with Mr. Winniker about Samwin Road. He said to do anything that they thought best to alleviate the problem of cars and children. A letter came from Mr. Burke from the Medway School Committee complaining about Lovers Lane and Prospect Street and the need for Stop Signs. Will have to get ahold of the Dept. of Public Safety. There is a lot of old furniture at the old town barn that is being stored. Would like to see if the School is going to get rid of it.

At 8:30 Mr. Ventulo of Metropolitan Building Movers came in to talk with the Selectmen at their request. Mr. Ventulo said that Rt. 109 is not a State Highway. He explained more about the moving of the house on Rt. 109 that will be taking place in a few weeks. When it gets to the road it will go to the right about 125 feet, then it will cross the Street. He has not decided upon the method of moving it yet - either dollies with a tractor or bridged across. No problem as far as road damage is concerned. If any damage is done he will replace anything. If it is to be rolled - no insurance. Edison has to raise the high tension wires. There will be a need for two or three policemen to detour the traffic. All the Selectmen were in favor of accepting a bond from Mr. Ventulo, which will be \$5,000.00 - payable to the town of Medway in case of damages.

Mr. Youman came in and looked at the Town Warrant. Article V should have been \$12,987.00 instead of just \$12,000.00. On Article VI he gave the amount of money which was not inserted. He also talked about who gives out the Licenses in this town of Medway - entertainment, oleomargarine, common victualers, pool, juke box, pin ball, gasoline, etc. The Selectmen give out these Licenses with the exception of a couple. A drugstore in this town is operating without a liquor license, more should be found out about this. They have not picked up their Licenses for the 1971, 1972 years. The Chief of Police said he would go around and check out the Class II Licenses and Victualers.

Mr. Handverger looked over the Medway salt bids. Medway has 53 miles to cover. Wanted to know where it would be delivered, etc. He thought that Medway was using a lot of salt, 1350 tons of it. Mr. Handverger said the contract was acceptable.

Veterans' Agent Hyman Kramer sent in his resignation and returned his file cabinet key. The Selectmen will hire Mr. Mastroianni immediately. He will help in taking care of all of this year's work. Get duplicate keys made. It was decided and understood that the Secretary to the Board of Selectmen will work 5 mornings a week now so that I can refer any person in need of veterans help in Medway to Mr. Mastroianni at his Milford phone.

Mr. Ed Reardon came in and the Selectmen signed an insurance bill. Covenant Mutual Insurance Company - big dividend. He also discussed about the junk in back of the town barn (inside) and that it should be disposed of. The fire extinguisher in the Library at the Town Hall was discovered to be empty. Should be filled with the proper chemical immediately. He also asked if it would be possible to put up a sign on Rt. 109 pointing to Medway Center. This sounds logical, for many people do not know where the Town Hall Offices are who are not familiar with the town. The Selectmen thought this a good idea.

A member of the Medway Jaycees came in and asked for a permit to have their auction and yard sale. This will be held at Fernandes Parking Lot on October 28th, from 10:00 a.m. until 4:00 p.m. This is o.k. by Mr. Freeman. Permission granted. He said that their Auctioneers License (which they use but just once a year for this occasion) expires on October 5th. This was made out to Mr. Gary Carlson, 13 Fairview Avenue, of Milford. This stipulates that this is a limited authority only for Jaycee functions. The Jaycees are incorporated and are not supposed to auction.

The Selectmen talked about the Planning Board and Henry Zide. He has to comply with the new rules and regulations with the new road as they stand right now. (Henry Street). New area requirement on the lots. Agreed the plan lapsed - duly recorded and existing street in the town of Medway, and never lapsed with the plan. The road still and always was a recorded existing road. Mr. Zide does not want to spend the money to make a new plan.

It was reminded that on October 3rd the Special Town Meeting will be held at the high school at 8:00 p.m. The Selectmen will meet afterward to discuss various matters, or will sign the warrant and talk with Mr. Mastrolanni at 7:00 p.m., before the Town Meeting.

The school construction and 65% reimbursement was mentioned. Mr. Harrington wants to know if anything is going to be done about it. The Selectmen said they were never approached by Mr. Harrington yet about it.

Mr. Handverger talked about what he found out from the Railroad. There are just two men to do all the work and they are so far behind right now that they do not know when the Medway situation could be talked about. At present they are devoting all their time to the South Station Project. Mr. Wilson suggested they use the approach of saying that this bridge could be dismantled very easily. Medway could take the bridge apart themselves and store it for them. This would be expensive and could be sold. The area could then be filled in. Mr. Handverger agreed with this and will write another letter.

The Selectmen have accepted the resignation of Mr. Hy Kramer as of October 1, 1972. An article will be put in the paper giving information of this and who to contact from now on. Mr. Anthony Mastrolanni (473-2321) will be dealing with the Veterans from now on. Make an appointment blank out for Mr. Mastrolanni. Send resignation to Mr. Donovan.

An appointment blank will be made out to Mr. Samuel Pinkham, 30 Winthrop Street, to be appointed a member of the Metropolitan Area Planning Council. Send letter to MAPC. Mr. Gallonardo came in and talked about departmental matters. Stop signs will be put up on Meryl Street and Richard Road. Mrs. Helen Leate and neighbors of Richardson Street feel that there should be another street light on the corner of Richardson Street and Brigham Street; it is quite dark and quite a distance between poles - this will be checked out and taken care of. The Chief talked with Mr. Winkler and he too said to do anything that would remedy the situation. He presented two bills for the Selectmen to sign, one for the breathalyzer and one for radar control. The Chief wants to send two policemen to fingerprinting (state police school) which is federally funded. Will choose Officer Mill and Officer Watson. The town of Medway would get \$700 worth of equipment including a camera. Needs \$400 for two weeks for the school for two men. The Selectmen

told the Chief that he should set up in the budget another account for unforeseen items that might come up during the year. The County Officer is going to bring a dart gun for Mr. Giallonardo to use. The cost is \$140.00. The best thing to do is buy the gun and get the equipment next year. He talked to Red Sherry and he ordered the bicycle plates for the town. The numbers are 1-1000. Will probably receive the orders by Spring hopefully. The Chief also said that Officer Malo will be appointed Safety Officer for the town. He is very interested in this and will be speaking to the kids at the schools, etc. Will have to go to the Finance Committee to request extra money for being safety officer because he will be talking on his own time. Mr. Giallonardo also talked about Mrs. Howker who will be coming in with the Library Trustees some time to talk about their affairs. The Library is too close to the police station and at times rough language can be heard by the library staff and the children using the library. The Selectmen told the Chief about the Licenses situation and he said he would get a list of all the gas stations and check them out. Entertainment, juke box, etc. is done by the State - Medway receiving \$20 from them. Oleomargarine is done by Mr. Briggs of the Board of Health they believe.

The Meeting Adjourned at 11:15 p.m.

Respectfully submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
September 19, 1972

The Meeting began at 7:30 p.m., with all Members of the Board of Selectmen present.

Mr. John Costa came in and received his Class II License. Mr. Wilson xeroxed a duplicate for our files.

Mr. Bemis of Milford Street came in and complained about a water problem. It should be repaired in between the driveway and the street. Mr. Higgins will take care of this job this week.

Mr. Higgins came in and talked about departmental matters. A company from Rhode Island, Bell Electric Company, Inc., submitted a \$5 check for the Traffic Signal Proposal. A plan will be mailed to them in the morning. He also talked about a letter from the Mass. Transit Association. This information should be filed at the Town Barn so we will know where it is next year. The Selectmen all voted in favor of sending Mr. Higgins, on their expense, to their meeting at the Holiday Inn in Newton on September 27th. The estimated cost of Lovering Street will be \$5,000.00. The Article for the Special Town Meeting was dictated concerning \$12,000 and Chapter 768. Mr. Higgins hopes to have Oak Street completed tomorrow. They are making plans for the sidewalk on Main St., this will be completed in two weeks. This will be from Cassidy's to Richard Road.

Mr. Dave Topham of 48 Summer Street talked about the street in front of his house which was resurfaced two years ago. It is now raised from his driveway; there is a drain about 50 feet away. His house is between DeChellis and Boczanowski.

Mr. Henry Zide came in and was given an application for a Class II License. He filled it out and a letter will be sent to him, along with a copy to the Chairman of the Zoning Board of Appeals, that he is getting an application for a Class II License for an extension of use. Mr. Zide also discussed the Ollendorf house that is being moved across Main Street. Wanted to know if the moving company needed a permit and the Selectmen told him that they already have the permit. Mr. Zide also wanted to know about the company contacting all the necessary people they would have to contact, such as tree warden, utility, county commissioners? Also, does this company have a Bond in case of damage to the road or water main? A letter will be sent to Metropolitan Movers to ask them to come before the Board of Selectmen and answer a few of these questions.

At 8:00 p.m. a Public Hearing was held requesting change in managership and transfer of stocks from Halfway West to Rock Garden Cafe, Inc. All the Selectmen voted in favor of these transferrings. Mr. O'Reardon will transfer managership and stock to Antonio and LeDoux. Send a letter to Attorney Kadra in Framingham, along with the bill and the Public Hearing Notice.

The Hockey Directors need a room for Thursday night for a meeting. Will consist of 7 or 8 people.

St. Josephs Band want to canvass across Town to sell stationery September 23, 24th, or on September 30, 31st. Permission granted.

Agree to permit Henry Zide to have no more than 10 cars at a time on his premises. Mr. Zide also talked about North School and his property. There is water coming into it, solution would be to take the water in a straight line; have a larger pipe. Mr. Zide said he would help the town rectify this matter.

The Chief of Police came in and talked about departmental matters, mainly traffic and school safety. The Selectmen asked him if he had got the tranquilizer gun yet for the dog situation. The Chief said they had received the wrong price figure for this item, which really costs about \$200.00. The price quoted to them was about \$140.00. There is a need for two police officers when the high school gets out in the afternoon. One is definitely needed at Rt. 109. Crosswalks have to be painted in very soon on Holliston Street at the high school; the kids are crossing everywhere which makes it hazardous. No date has been set for the moving of the Ollendorf house yet. They are going to roll it on ties across the street. This will take approximately two hours. The police will be at Pond Street entrance, and traffic will be detoured at this time. Metropolitan Movers have told the Chief that they have contacted everyone involved in this project. Two bills were sent to the police from LeBaron for the repairing of the traffic signal lights at Rt. 109 and Main Street. The cost is very high and he wondered if it would be wise to get a local concern to do this type of thing that would charge less money. A pole will have to be installed at Holliston St. at the High School; the Chief will get the exact location and wait until the Crosswalks are in. The following recommendations are being made: a stop sign at the intersection of Meryl Street and Richard Road, at the intersection of Village and Cottage Streets, near the trestle (north side), with a warning sign alerting motorists to the fact that a full stop is required, near the location of the oil tanks. At the intersection of Franklin and Village Streets, it has been recommended that warning signs be erected to warn motorists to slow down. It was observed that between 90-100 children cross Pond and Lovering Streets in the morning going to school. People are concerned that cars travel quite fast, but there isn't that much traffic. Policemen's salaries per hour were discussed. The pay of Bob Saleski will wait until the Town Meeting (raising it.) Samwin Road was discussed and the fact that this is actually not a thru way. Many cars use it, also the children who should be going down through Lovers Lane where the policewoman is. Will erect some sort of sign or block it off soon.

Mr. Maciolek called and suggested that an associate member of the zoning board of appeals be chosen, because of Mr. Lou Tanzer being busy with personal problems at home. Mr. McLaughlin of 4 Douglas Street was agreed upon by the Selectmen. Send an appointment blank to him.

Mr. Robert Parrella came in and talked about getting together and have a general meeting to know more about the general knowledge of the new 18 month fiscal year budget. Write a letter to Mass. League of Cities & Towns and see if they can furnish a type of handbook for us to guide by. The Finance Committee will meet with Selectmen and Town Accountant on September 28th.

The ten Articles for the Special Town Meeting, October 3, 1972, was typed up and gone over by the Selectmen and the Finance Committee. Send to the printer this week.

Meeting Adjourned at 11:00 p.m.

Respectfully submitted:

Vicki L. Dowdell

MEETING OF THE BOARD OF SELECTMEN
September 12, 1972

The Meeting began at 7:35 p.m., with all Members of the Board of Selectmen present.

Mr. Beksha talked about the vacuum cleaner that he was shown during the week from Merit Paper and Chemical Corp. All the Selectmen agreed to let Mr. Beksha purchase the 20 inch Model 220, Advance Carpetwin Upright, which will cost \$272.00. Pending for next years bedget will be Model 66 Tucker Window Washer, costing \$112.05.

Mr. John Costa came in with his application for a used car dealer license. There is a body shop there already, but Mr. Handverger sees no reason why there can't be two types of this business operating out of the same building. All were in favor of granting him the Class II License.

Mr. John Wood of Main Street would like to have a permit for the Cub Scouts to canvass across town for the month of October. All were in favor of granting him permission.

Mrs. Battista of Gorwin Drive would like to have a permit for a garage sale for this Saturday, the 16th. Permission granted.

Mr. Kelly of the Odd Fellows asked permission to hold a Whist Party at the Medway Elementary School every third Wednesday. He stated that they would have their own police officer. Permission granted.

A permit to have a food sale at Fernandes Super Market for the benefit of John Kennedy, who is running for Representative in this District, will be held on Saturday, the 16th.

Mrs. Pride of Oak Street would like to have a permit for a garage sale for this weekend, and next weekend, the 16th and the 23rd. Permission granted.

The Village Church is having their annual fair and will block off School Street for this event. September 16, 1972, all day. Permission granted.

Mrs. McGonagle of the Girl Scouts called and wants to use the Sanford Room on a monthly basis. This would be mostly on Tuesday mornings. Permission granted. Mark the calendar as to the dates that she wants to use the room.

A complaint came in discussing the annoyance of a barking dog. Mr. O'Leary looked up the law and said there was a \$10 Fine involved.

Mr. Wilson went with Mr. Higgins to the meeting in Medfield to do with the purchase of salt for the town of Medway. There are ten towns interested and these will be sent a bid notice. Each will advertise a bid for the salt in their own local newspaper. Medfield will act as agent for opening the bids.

The Selectmen talked about getting together with the Finance Committee to find out how to arrange the budgets and what their operation is going to be.

Mr. Wilson said he talked to Mr. Mastrianni in Milford about being without a Veterans Agent soon, and he wants to meet with the Selectmen. Mr. Handverger said that they should get ahold of him because he knows his business and knows what he is doing. All in favor of contacting Mr. Mastrianni.

Mr. Mazelli came in at 8:30 p.m. and talked about his possibility of purchasing the old Box Shop on West Street. Wanted to know before he did that he would be able to operate a box shop kind of operation without any difficulty. Non-conforming. Variances have been granted there. It has been over a period of two years since this type of work has been done, so Mr. Handverger states that he has to go before the Zoning Board of Appeals.

Mr. Robert Bauer came in and discussed his truck situation. Selectmen agreed to let it rest as it is now. Mr. Bauer stated that he moved his flat bed truck when Mr. O'Leary asked him to years ago. A petition signed by a number of residents on Meryl Street was given to the Selectmen from Mr. Duddy. There seems to be some sort of a personality conflict between the residents and Mr. Bauer. Mr. Bauer states that many other neighbors also have trucks parked in or near their yards for their business use and he does not complain about them.

A letter was received from Medfield and the Selectmen will return an answer. This has to do with police cars and the town of Medway is interested; will investigate this further.

Mr. Donovan worked last Saturday and xeroxed the Town Warrant Notices for State Primaries. He had them posted in twelve different places about town.

Talked in length to Mr. Handverger about the railroad bridge. Would think that they would be willing to get it off their hands. Mr. O'Leary talked to Mr. Solters, but should find out more. Everything that has to be done on the town of Medways part, has been done. This man has to prepare a petition which goes into bankruptcy court. Mr. O'Leary thinks this also has been done. All that would have to be done now is sign a Deed. This would have to go to the Directors in Philadelphia - they are the only ones to sign railroad property. Mr. Handverger will send a letter himself to see what has to be done now.

The Selectmen discussed the opening of another Finance Committee Member. All were in favor of choosing Mr. Edgar Docherty, 13 Robin Circle. Make an Appointment blank out for him. He will be filling Gene Stilwells term, which will be for another year and a half.

The Selectmen also chose Mr. Bowers for the Council on Aging. Make an Appointment blank out for him also.

Mr. Handverger looked over the Articles for the Special Town Meeting coming up October 3rd. He dictated a number of items which will be in the Warrant.

Mr. Gardner Rice came in and talked about the maintenance about town and how he thought the town is not doing too good a job such as mowing, sidewalks, cutting poison ivy, etc. Should have a rotary mower (hand).

Meeting adjourned 11:15 p.m.

Respectfully submitted:

A handwritten signature in blue ink, reading "Vicki L. Dowdell". The signature is fluid and cursive, with the first name "Vicki" and last name "Dowdell" clearly distinguishable.

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
September 5, 1972

The Meeting began at 7:35 p.m., with all Members present.

Mrs. Lola of Oakland Street applied for a permit for a Flea Market to be held at the Christ Church on September 30, 1972, from 10:00 a.m. until 4:00 p.m. Permission granted.

Mrs. Norman Glickman of Cottage Street wrote a letter requesting permission to have a Garage Sale on September 15th and 16th, 1972. Permission granted.

Mr. Clark Berry of 16 Sunset Drive called to have a permit for a Garage Sale to be held on September 9th and 10th, 1972. Permission granted.

Mr. Beksha, custodian of the Town Hall, came in to talk about his vacuum cleaner that is broken. The Selectmen looked to see how much money was in the Town Hall budget. There is enough money to purchase another one. The cost of repairs to the old one would be too much - about \$88.00. It would be wiser to buy a new one. He will call Merit Paper and Chemical Corp. to ask for a demonstration of their vacuum cleaners. Still \$1,000 in the supply account.

Mr. Higgins talked about the Gracie complaint on Fisher Street. Mr. Wilson will plan to go out to their place once more and to view the situation further. A letter from a lawyer representing the Gracies was received, if no action will be taken. Mrs. Delfino of Delmar Road called and stated that they are having a driveway hot topped, the problem is that there is a catch basin there but the water runs right by it. Mr. Higgins said that he will put a burm on it.

Mr. Wilson met with the water commissioners. They eliminated part of the bad curve on the corner on Lovering Street. Dropped two feet past Mr. Wilsons house so there is no pavement now. Approximately from the elderly apartments to Mr. Wilsons house will have to be repaired. Estimated cost from Murray in Framingham is \$5,000. Mr. Higgins is going to find out if he can take it out of Ch. 90 for pavement for this road (18 feet width). This should be done before the end of October. Oak Street is 95% complete. Mr. Higgins said he would attend the meeting in Medfield September 11, 1972, on the purchasing of salt for the winter. There are 11 towns involved. The drainage is in on Oakview Circle. Mr. Higgins said he talked to Paul Trufant who wants to apply for the Highway Department job. The Selectmen said that he should send in a resume to be viewed at a later date.

John Costa of Meryl Street came in for a second time to apply for a used car dealer license (Class II). This would be on west Street, which was a body shop two years ago. The Selectmen looked back on old Class II licenses. There will be two Class II licenses operating out of the same area. The Selectmen said they would talk to Mr. Handverger later in the evening about it and Mr. Costa will call back at 9:00 p.m.

A group of residents came in from Meryl Street to complain about the trucking problem they have with Mr. Robert Bauer of 10 Robin Circle. The complainants were Mr. and Mrs. William Bowley, Mr. Lanoue, Mr. Charles Duddy and Mr. John Anderson. Trucks are supposed to be excluded in a residential area. They claim he has been doing this for five or six months, leaving the truck running, the diesel fumes and the noise being bothersome. The Selectmen said they would write Mr. Bauer a letter and talk to him about this.

Mr. Huna Rosenfeld came in at Jim Brodeur's suggestion, to talk about the Medway Industrial Park. Three problems were brought up that might be helpful - wondered about the gutters close to the lot line, dry wells, and the finishing off of the front of the building other than paint. Mr. Rosenfeld said that he planned to put some sort of decorative brick but hasn't decided what yet. When everything is official he will come up with an announcement. Construction will start within two weeks. The copy of the blue print the Selectmen signed and all voted in favor of Mr. Rosenfeld's plans. Indicate the date and send down to Mr. Donavan, as of September 5, 1972.

Henry Zide appeared before the Board to apply for a Class II License. He has been in before to apply for one. Mr. Zide wanted to know if he applies for one, would he be turned down? This will be based on whether you are able to get permission from the Board of Appeals. Mr. Zide questioned the fact whether anyone in the town had ever made an application form out to have a Class II License, knowing full well that you must go to the Registry of Motor Vehicles to get an application, or the town to have an official blank. No one had ever had to do this before, because the town did not know this had to be done. Must be in duplicate.

Douglas^{K.H.S.} was in attendance and raised the question about the Green Belt that is supposed to separate the Cumberland Farms Building located at the intersection of Main and Pond Streets, from the residential area. Other two stores cannot be opened yet.

Mr. Wilson called Archie Gordon and he stated to the Chief of Police that if he orders the bicycle plates now, they will be ready for the spring. They cost 8 cents apiece. Have to sell them for no more than twenty-five cents apiece. MCI Walpole Industries manufactures them. Money will be put in the budget for this, and it was suggested that you order more than what you need.

Three appointments were made for the School Traffic Officers for this year. These appointments run from September to September. They are - Mrs. Dorothy Anthony, Mrs. William Martin, and Mrs. Alfred Kairit. The Chief also said that they are sending one man to State Trooper School, and to Breathilyzer School.

The man who had his dog shot on purpose by someone wondered whether there was some kind of prohibition of shooting. The Chief said yes, hunting is restricted to be 500 feet away from a house. It was done with a 22.

Elm Social Club - do not do anything about this until it is squared away by the Chief.

So moved to transfer managership from Tim Pickering to the new owner, Christy Diminico. All the Selectmen voted yes.

The Selectmen talked with Mr. Handverger about issuing a Class II License to John Costa. They told him to go to the Registry of Motor Vehicles to get an application form. A letter will have to be sent to Mr. Taddeo who never got this application form who operates out of West Street.

Mr. Francis Yerid came in with a complaint about two signs which have been erected on the Odd Fellows Building, which houses Quality Market and Mele's Whirlpool Washers. These signs were given permission by the owners of the stores by the previous Board of Selectmen - but were supposedly given out illegally. Mr. Yerid was especially concerned about the Schlitz sign which he states is very bright and lights up his living room; also stating that this sign is illegal because the Quality Market sells mainly bread, milk, staples, etc. and not in the specific business of selling beer. The Selectmen will reconsider his complaint and send letters to Mr. Adams and Mr. Mele stating that they must go before the Zoning Board of Appeals to see if these signs may remain in place. The Board will back Mr. Wilsons decision. Two in favor, Mr. Wilson against.

The resignation of Gene Stilwell from the Finance Committee was received and accepted by the Board. The Selectmen all voted in favor of electing Alan Osborne, Jr. to the Finance Committee.

The Selectmen voted to appoint Harold Oliver as Deputy Warden, appointment slip was made out for him. Mr. Sheehy gave changes in Precinct I. Some of the alternative counters were taken out and made counters.

Also accepted was the resignation of Charles Upton who is retiring from the Highway Department. A letter should be sent to him thanking him for his many years of service.

A loitering law was discussed with the Selectmen by the Chief of Police.

It was voted to hold the Special Town Meeting on October 3, 1972, at Sanford Hall.

The Finance Committee will need to appoint another member, the Selectmen will be thinking of someone who will qualify for this appointment.

A Public Hearing Notice will be sent into the Quincy Patriot Ledger for the transferring of stock and change in manager of the Halfway West Restaurant, formerly Rock Garden Cafe, Inc.

Colony Sign sent a letter applying for a permit to erect a sign for the Elm Club. Will consider this in the upcoming weeks.

Discussed the Veterans Agent situation - call and find out from Mr. Dennet what the reimbursement schedule is and when and how much Medway should be expected to receive.

Meeting adjourned at 12:00 Midnight.

Respectfully submitted:

Vicki L. Dowdell
Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
August 22, 1972

The Meeting began at 7:30 p.m., with all Members present. Mr. Coakley left at 9:30 p.m.

Mr. Mark Trombert of 46 Village Street came in for a permit for a Piano Tuning Business. The laws of the by-laws state that the Zoning Board of Appeals should give the o.k. on this. Mr. Wilson said that he is not doing this at his own home, but going out to other peoples homes, so permission was granted to him to conduct this type of business.

Mr. Miller of Breezy Meadows Camp came in to discuss and find out more information about the removal of gravel. His prime objective is to remove gravel (this is their own land) for the leveling off, the landscaping, and a drainage project on their own property. Mr. Miller said that possibly in the future they would be removing gravel out of town, and in this case it would go to the Zoning Board of Appeals and would be a varience. Permission is granted if it is within their own property. If and when they do take it out of town, permission is granted with restitutions. The Selectmen would want the truck covered, etc. so the gravel would not spill. Get a note from the Chairman if they plan to take it out of town.

Mr. Kadra, attorney from Framingham, came in to discuss further the sale of the Halfway West. Corporation owns the liquor license. It would be under the same name. Mr. Kadra wanted to know about the permission of Mr. Arthur Antonio and Mr. Ledoux, a retired police officer, of their backgrounds for the buying of this establishment. Antonio operated the VFW in Framingham for the past ten years. Chief Giallonardo checked these two men out and seems to be alright. Two of the Selectmen made a motion to grant this transfer of ownership of stock, Dr. O'Leary abstained. When Mr. Handverger came in the matter was further discussed and asked him about this transfer of ownership of stock and the whole situation. The question of a public hearing was brought up before and did not think there need be one, but Mr. Handverger stated that a public hearing was held when Mr. O'Riordan bought it from the previous owner. Mr. Handverger also stated that the papers are not a true statement - says that Mr. O'Riordan owns 100% of the stock and the other papers there are three names involved. Mr. Wilson will call Mr. Kadra in the morning. There is not enough information, and also there has to be a public hearing.

Mr. Higgins discussed in length about departmental matters. A letter will be sent to Mr. Cronin of Public Works about the Traffic Light Signals at Routes 126 and 109. Will put the bid in the newspaper soon. The xeroxing of the first two pages and page 16 where the unit price is set, will be deleted. Make three copies to send to three companies that the Chief gave to us. Mr. Higgins talked about a meeting he attended in Medfield and about purchasing road salt for the winter. The town of Westwood realized the purchase of this and it saved them two or three thousand dollars. If Medway can save some money in purchasing salt the town should go after it. The Selectmen all agreed. Another meeting in Medfield about this subject will be in about three weeks. Mrs. Perry on High and Main Street complained that the fence is tipping and should be taken a look at. See what Mr. Higgins and the Highway Department can do about it. Mr. Gay of Maple Street talked to Mr. Wilson about the brook, something to do with water - talk with him and find out what the difficulty is. The searching for Ch. 768 file, to do with public works, could not be found. Mr. Higgins has approximately \$12,000 coming to the Highway Department, something to do with taxation. Mr. Higgins will call Taunton and see what this \$12,000 is in reference to. The file was found to be in the Taunton Offices. The drain was started

at Oakview Circle, which will take about two days to complete. Charlie Upton is going on vacation the 15th, and is starting his retirement in October. Charlie Ghelli of Oakland Street is going to send in a Resume for the application for a job to the Highway Department.

Chief Giallonardo came in to discuss departmental matters. He says he wants to wait until he can square away with Mr. Tim Pickering. Mr. McKenna said that the whole situation is straightened out, but the Chief wants to check further. Mr. Pickering has sent a letter of resignation, dated June 1st, to have nothing more to do with the Elm Social Club, Inc.

There was a move for reconsideration to do with the Halfway West matter - rescind the previous approval of this transfer after deciding more information has to be obtained before anything further is done on this. Mr. Wilson seconded the motion.

The discussion of the opportunity to give a highway man more money from the government was talked about. This man was to get the same money retroactively. There is no way to prove it. Most money starts as of the first of January, but does not say where in the Town Meeting. The Government wants something specific to do with the pay of the highway-workers retroactive to January 1st. Mr. Handverger thinks the Selectmen should be able to make an Affidavit - Mr. O'Leary made a motion to pay the highway workers. The Selectmen then all made a motion to inform Milton Consortium in a signed letter with the Town Clerk's Seal attesting it.

Mr. Higgins called and mentioned the fact that he wants to get to work soon on the sidewalk that will be put around the Town Hall Offices to the back of the Library. Mr. Higgins wants to know if the Selectmen will decide on bituminous (hot top) or concrete. There is money in the budget for this.

A letter will be sent opposing the purchasing of the Wollaston Golf Course. Send it to the Norfolk Country Commissioners disclosing the town of Medway's views on this subject.

A motion was made to make a move that Town Counsel be authorized to defend any town official that requests assistance who is being sued by Mr. Henry Zide. All those in favor agreed. The Medway Housing Authority has their own lawyer.

A motion was made to give Brocton Taunton permission to install gas piping on Lot #5 on Main Street. Send letter granting this.

Mr. Huna Rosenfeld appeared before the Board at 9:30 to show his plans for the Medway Industrial Park. General Wire Corporation will be coming in there soon, the building being 30,000 square feet, all on one floor. There will be fifty people on one shift, 20 on another shift. Mr. Rosenfeld explained the layout of the building (he and someone else is the contractor). The company is also in Norwood and eventually would all move to Medway. When he gets an o.k., within a week, he wants to start construction. He will leave the site plans with the Board of Selectmen.

There will be a meeting with the School Committee on September 6, 1972. Mr. Handverger will be present.

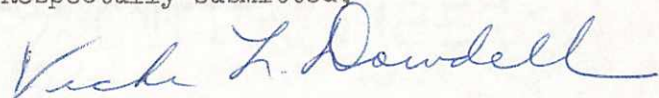

It was suggested to write a letter to Mrs. Kelley expressing their condolences due to the death of Francis Kelley, plumbing inspector.

Take care of the election workers notification - to be coming up soon in the Fall. This note was from Mr. Donavan. Two tables will be added in September and November.

It was moved to appoint Joseph Niedbala as Gas Inspector for the town of Medway; his Assistant will be Mr. Robert Heavey. Send Mr. Niedbala a letter and Appointment Blank.

Talked about the matter of the Veterans Agent and thought that the immediate solution would be to call a woman in Franklin that does this type of thing for different towns; she could do it for a period of two months, meanwhile the Selectmen could appoint someone from Medway to hold the job in the future. This woman from Franklin could possibly break the new person in and explain the job further to the new Veterans Agent.

Respectully submitted,

A handwritten signature in blue ink that reads "Vicki L. Dowdell". The signature is fluid and cursive, with the first name "Vicki" and last name "Dowdell" clearly distinguishable.

Vicki L. Dowdell, Secretary

Meeting Adjourned at 11:30 p.m.

MEETING OF THE BOARD OF SELECTMEN
August 8, 1972

The Meeting began at 7:35 p.m., with Mr. Wilson and Mr. Coakley present. Mr. O'Leary was away on vacation.

A group of residents came in to discuss, along with Mr. Bob Goode and Mr. Curley, the pool problem situation with the Selectmen. Mr. Thompson, spokesman for the group, states that the town of Medway is not using a viable code to go by. A letter was sent out to everybody in town who was known to have a pool about the law to go by, but the Thompsons claimed they never received one. Mr. Thompson says that Mr. Goode used a 1967 Code Book. Mr. Goode says it is not mandatory to have professional underground wiring installed, but is advisable, for the protection and safety of the townspeople. He thinks that this code is within reason. Mr. Thompson presented the Selectmen with a petition signed by 30 people, requesting Medway to call a Special Town Meeting to have to do with pools in town. Rescind one of the Articles, elaborate on Article Two. It was stated that this petition will be kept until the study committee comes to an agreement of updating it.

A Mr. Corrado, along with Mr. Mann, came in and talked about the poor, messy condition of a Mr. Revelle on Oakland Street. They claim that Mr. Revelle has been putting up many sheds over the years that do not look good. Also complained about the junk sitting in the yard and the odor of the property. The last shed was put up about six or eight months ago. Violating and putting up structures on the boundary line. The Selectmen said they talked with Mr. Revelle and that he will take care of the junks immediately. At this point, Mr. Corrado became abusive toward Chief Giallonardo and had to be forceably restrained and removed from the town offices.

Mr. and Mrs. Rubeno, along with a Mrs. Gracie of 79 Fisher Street, came in and talked about a drainage problem, or an expected one, that they feel might occur due to the building of houses by Kevin Rafferty on their street. These buildings, which are directly across the street, have an elevation which they think their sewerage system might be affected. Mrs. Gracie contacted the Board of Health, but they referred her to the Board of Selectmen. Mr. Bemis of the Board of Health listened to the conversation and stated that as long as there is 100 feet between the sewerage systems, it can be done. Mrs. Gracie, being still concerned about her shallow well problem, asked if the town of Medway would put in a system to take care of the drainage away from the Gracies house. Mr. Wilson stated that this cannot be done until something like this might occur. Medway has not got the money right now to do this. The Selectmen said they would take a look at the situation and give their best advice. A letter will be sent to Mrs. Gracie saying that if in the future a drainage problem does occur, Medway will alleviate the problem.

Mr. Hugh O'Neil gave his report about the Solid Waste matter of the Southwest Area Selectmens Coordinating Committee and what his findings are so far. A three man committee; Foxboro couldn't do it, Franklin had not reached a decision yet. Walpole has already voted this in. Mr. O'Neil is getting copies of their law and how to word it. Three County Commissioners were at the meeting, and representatives from the engineering firm. Look into the same possibilities of a Joint group. If Mr. Higgins is interested he should contact him. Let Mr. O'Neil know if this goes into the paper - the next meeting will not be until September.

Mr. Shenker came in and asked about the drainage on Mann Street. He thought that when he came in May that it would be taken care of, but the Minutes of the Meeting were brought out and read to him and all that it stated that it would be hot topped and not repaved which he assumed. Mr. Higgins said that there is no money in the budget right now and this big job cannot be done until 1973. (July) It will be worked on to rectify the situation to a better state in a few weeks.

Mr. Wilson talked with Mr. Higgins about the telephone call from Mr. Cronan. He wanted to know if Medway does their work on a force contract or are we getting contractors from outside of town to do it. No forms could be found in the files, but Mr. Higgins found them at home later. This would be a considerable saving for the town if he has the forms from the application.

A Permit was granted to have a garage sale at 34 Cottage Street at the residence of Donald Hjulstrom on Saturday, August 12th from 10:00 a.m. until 2:00 p.m. with the rain date being set for August 19th.

Mrs. Paquin of 3 Green Street has been waiting for three weeks for a street light to be fixed (Pole #88). Mr. Wilson will contact the Police Department to have them fix this problem. 2

Mr. Kadra, an attorney from Framingham, came in and wanted to see some forms of application to do with the sale of the Halfway West. Mr. Thomas O'Reardon is going to sell this to a Mr. Arthur Antonio from Framingham. The Selectmen told him that the Chief will check and investigate this man first before anything else can be done, and will then get in touch with him.

Mr. Marks of the Dept. of Public Works called in the morning about the traffic control installation of Rt. 109 and Rt. 126. He has received approval to plan specifications and everything seems to be in good form, and the town of Medway may now proceed with the advertisement. On Page 16 of the contract, the four figures of the unit price has to be erased before sending this out or xeroxing; because of this just being for our information only. Mr. Higgins took the proposal with him.

Ch. 90 construction - Mr. Higgins will fill this form out. Go up and see what the consensus of opinion is on Lovering Street. Answer by the 31st. Chief Giallonardo, along with Mr. Higgins, agreed that there should be a ban of heavy trucking on the Holliston St. Bridge. 8 tons is the limit. There is a cracked timber on the railroad bridge now. Mr. Cronan is taking all responsibility for all bridges in the State in regards to taxes, Penn. pays taxes on the bridge now. Mr. Wilson thinks we should take certain steps and find out immediately if this bridge can now be removed.

A letter was received from Metropolitan Building Movers Company from Hyde Park to ask for a permit to move a house from 108 to 109 Main Street. The Chief will check this to get a recommendation to see if they are reliable. There was no date on the letter as to when this would be done, and a question of address was brought up.

Bill Danforth called and talked with Mr. Barrows about going underground. Edison charged \$3700 to the Brown Company. Put a cable through the pipe and also install the informer on the site. Finally told inspector he cannot do this. Supposed to do the pipes one at a time.

The Chief talked about departmental matters with the Selectmen. John Sullivan resigned as Dispatcher. Jeffers is giving up a couple of the days. The Chief wants to have a Special Police Officer at the desk at all times. Mr. Bob Saleski of Hopkington sent in a resume and an arrangement has been worked out that he will be on the desk at all times. His salary will be \$2.90 per hour and when the town meeting comes up in September, he will then receive \$3.43 per hour, being retroactive. The Chief wants to work him five days regularly, the shift being 4:00 p.m. until 12:00 midnight, which is a busy shift. The difference of 53¢ comes to about \$340.60 per year. The Chief will hire him in the hopes that he will stay until the raise of pay comes through. Mr. Giallonardo also showed the Selectmen the folder on Deskon Remote Control, because of the fact that the one in the front of his office is breaking down, and needs a new one. The present one is old, it not being replaced when the building was rennovated. The cost would be about \$200. The Selectmen told him to find out more about it and the exact cost, and the Selectmen would think this matter over more. The talk of hiring another new policeman was discussed for next year. Mr. Giallonardo has selected the type of carpeting he wants in his offices, costing about \$495; the town has enough money for this in their expenses.

Motion - Made and seconded that Mr. Giallonardo can go ahead and order carpeting.

On August 2 Mr. Wilson and Mr. Coakley went to Boston to the State Office Building and talked with Veterans Services. Mr. Mason and Mr. Ryan were present and discussed in length about the work that has been done with the veterans agent in the town of Medway. It seemed to be of the opinion of Mr. Mason, Mr. Ryan, and Mr. Freeman, that the work done by the veterans agent, Mr. Hyman Kramer, was not adequately done to bring any reimbursement to the town.

Mr. Wilson and Mr. Coakley talked about getting together with Mr. Higgins and to see what projects will be completed and he will be doing in the future. Make up our mind to ask the Board of Health to haul their own gravel.

The Selectmen also want to get together with Mr. Abe Handverger about the Holliston St. Bridge and get things straightened out once and for all to see if this can be removed.

Mr. Wilson received a telephone call from Mr. Freeman a week ago; he is going to be there next week and start the job. This is in regards to drainage near Gallaghers. Mr. Freeman made an apology about this whole situation taking so long.

The Meeting adjourned at 11:30 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
July 25, 1972

The Meeting began at 7:40 p.m., with all Members present. Mr. Coakley arrived at 8:20 p.m.

Henry Zide first met with the Board of Selectmen and the manhole situation on Malloy Street was discussed. It was not deteriorated. Checked the structure and was level after 16 years. Mr. Higgins is on vacation so highway matters were talked about with Charlie Upton. The only problem he had this week was about a resident, Mr. Chester A. Blumgren of 100 Oakland Street who wants a drain to be put in. It is open now and runs through the woods. He is putting in a driveway and wants a pipe to run down through his yard. Ask him for an easement - about 60 feet. The Oak Street project is not through yet. Nothing has been done on the sidewalk either.

Two other matters were discussed in length. The first about a 1934 License that Mr. Zide found that states an already existing license had been issued for the right to buy and sell used cars. (Class II License) Five years ago the Zoning Board of Appeals turned him down. His argument that an already existing license should not have to be issued again. Abe Handverger states that the Zoning Board of Appeals does not issue licenses, only the Selectmen do. First it has to be determined if Mr. Zide can operate that license in that particular area. Mr. Handverger would like to see the Board of Appeals decision. He will make a decision after examining all the evidence. Mr. Zide also talked about the VFW, housing authority and his situation when he went to pick up free loam that the VFW gave to the town. He feels that he is being discriminated against in some ways. Also, he thought it a good idea that he and other contractors of this town be considered more often for jobs that have to be done in the town. His argument was the fact that outsiders always get the jobs, when he and others are paying the taxes in town and should have more of a right. Why go to another person and town if they have the same type of equipment? The Selectmen said they would talk to Mr. Higgins about this and see if in the future he and others will be considered first.

Bob Goode met with the Selectmen and discussed the pool laws and regulations once again. Consistency is the main problem. He says that the State Code can be changed to fit the problem and what a professional person thinks. People are complaining mainly about the cost of electrical wiring. Mr. Goode thinks the people should have a licensed electrician put the wiring in, but it is not mandatory. He said most of the pools are not UL approved or labelled correctly. Each pool is different for each person. If a person is doing his own wiring - what's to happen if he puts an addition on or sells the house in the future? This will be put in the Town Meeting for next year about wiring of pools. Mr. Zide brought up the point that people are made about the fact that one person charges \$3 for the pool to be inspected, another \$5, and still another \$10. They should all charge the same. The Selectmen said they are willing to stand behind Bob Goode and what he is doing. The present code does not say enough about wiring. A new code book will be coming out this year.

Mr. Pappas, representing Cumberland Farms for their signs, came in and showed the Selectmen how and where the signs will be put up for their new store on Main Street. It will be 48 square feet. 6 x 8 feet and two signs on the same pole. The other tenants signs will be much smaller, probably 3 x 6 feet. The only word of caution from the Selectmen was the fact that these two signs do not block or obstruct the view for cars entering and particularly leaving Pond Street. Mr. Pappas said they would take that into consideration.

Mr. Ed Reardon came in and gave the Selectmen the bills for the policy covering all buildings, other than school property. \$2868.00 is the approximate total. There is money left over in the budget. It was signed and put in next weeks warrant. Mr. Reardon also complained about two rubbish trucks that are parked next door to his place of residence. He has already told the man that he should find another place to park the trucks. But before making a formal complaint, he will speak to the neighbor once again.

Permission has been granted to have Brocton Taunton Gas Company install gas piping on Fisher Street.

Mr. Fred Sanford of the Industrial Development Commission came before the Board to discuss a few matters. He said that Dick Parrella did not take his oath and did not feel a resignation letter was necessary. Mr. Sanford suggested two names to be considered for the IDC. In the place of Ben Summers would be Mr. John J. Cunnally, 27 Gorwin Drive for the remainder of the 1973 term, and Mr. Raymond G. Hewitt of 50 Oakland Street for the term which would expire in 1975. Mr. Sanford also mentioned the fact that he would like to move ahead and get an "Industrial Development Financing Authority" started. He said it would be a five member board which would be an advisory group to the Selectmen. One member should be from a finance background, another from real estate, town government, and two members at large. Mr. Sanford would like to be considered as one of the members at large from the IDC. The question was raised if the town would have to pick up the liability. The answer is no. They would have to be appointed from year to year. The Selectmen said they would talk this over and see if this type of Authority would be helpful to the town.

Mr. Harrington of the Finance Committee came in to talk about the status of the new bicycle safety law. Selectmen said the Jaycees and the Chief of Police will set this up in the near future. Find out if the safety law will be implemented. Also asked about the sewer situation. Two attorneys and town counsel from Franklin and Medway are researching their systems. The two towns should take action as to what will be the best. They hope to have something by the Fall.

Mr. Fred Lee asked the Selectmen for permission to borrow \$300,000 for the town of Medway for tax anticipation. He will write a formal letter to the Board of Selectmen for their approval.

Motion - made and seconded that Mr. Lee be given this money.

At 9:00 p.m. the Selectmen met with Mr. Hyman Kramer, Veterans Agent, in a closed session to discuss various matters and monies to do with Medway.

The land taking of the Pawlowskis is being researched and drawn up by Guierre & Halnon of Millis and is not quite ready yet.

Mrs. Merkes of 45 Highland Street is moving and wants permission to have a yard sale on August 12th, 13th and possibly on August 19th, and 20th.

Motion - made and seconded that this permit be granted.

Peggy Wickstrom wants to have a meeting in the Sanford Room for the Womens Club on September 19th at 8:00 p.m. Permission granted.

Peter G. Kearns of 194 Village Street wants to have a charter for an incorporation saying Amvets Post, Millis, Mass. The Chief of Police will check into his character and find out more about Mr. Kearns and let the Selectmen know.

Mr. Irving A. Waeger of Holliston sent a letter petitioning for a taxi business. An application would have to be made out and where this business will be operated from. The Selectmen will find out more about this situation and act on it at a later date.

The Chief and Selectmen talked in length about the condition of Samwin Road. Stop signs have to be put up, or it should be made a one way street. Town doesn't own it. People are using it too much and there is speeding going on. The Chief will have to go to the street and remedy the situation to the best possible safe means. Should do this before September and school starts. There is too much traffic, and it could be a very hazardous situation. There will have to be a way to either get the children to go all the way around Lovers Land by the bridge where the Police Lady directs traffic instead of having them cut across Samwin Road where there will not be any supervision at Holliston Street there. Bicycle licenses were discussed that the town will issue in the future. 2,000 plates should be ordered, and done right now because of Norfolk doing them and the time it will take to actually receive them. Applications will be made out, and the law states that a fee of not more than 25¢ can be charged. The Jaycees should be able to help the Chief out in this matter. The carpeting for the downstairs has been cancelled by Keystone Carpet because of the Chief's dislike for the samples. Mr. Wilson gave him the name of a salesman from Emerson Rug on Lovering Street that the Chief will call.

A resignation of the Council on Aging was brought to the Selectmen because of the mans moving away. Three names will be considered for this post, they are Soforenko, Neil Stokes, and Bauer. Mr. Donovan approved the letter of resignation just as it is.

The Meeting adjourned at 12:00 Midnight.

Respectfully Submitted:

Vicki L. Dowdell
Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
July 11, 1972

The Meeting began at 7:30 p.m., with all Members present.

Mr. Lola of 47 Oakland Street came in to see the Selectmen to ask if it was necessary for him to apply for a License or Permit - or if he needs one at all. His hobby is to collect used furniture and from time to time sells it. The Selectmen agreed that if it is just done occasionally and actually does not conduct business at his home, there is no need for a Permit.

Brocton Taunton Gas sent a letter to ask permission to put gas piping installations on Main Street for the Cumberland Farms, Inc. Store that is being erected there.

Motion - Made and seconded that this Permit be granted.

The Selectmen moved that they accept the bid from Tarrant Manufacturing Company of Saratoga Springs, New York, for the leaf mulching machine (1). A letter will be sent to agree to the terms they stated in their recent letter to Mr. Higgins of the Highway Department.

Motion - Made and seconded that this bid be accepted.

Mr. Higgins was present to discuss the sending out of a letter to Mr. Melpignano of New England Telephone & Telegraph Company to take care of some pole situations around the town of Medway. Mr. Charlands street light is out on the corner of Prospect Street, a light is out near the Bukis home, and the removal of a damaged pole on the corner of Kenart Street should also be taken care of. These have been like this for over a year.

Mrs. Sillay of Main Street would like to have a permit to conduct a barn sale at her house before they move out in three weeks.

Motion - Made and seconded that this permit be granted.

The material from Mr. Melpignano was just sent for our records and was defined as joint locations on existing poles.

Mr. Higgins reported that the two boys who are working with the Highway Department from EEA are doing their work well and no problems at all. Cast iron pipes will be put underneath the sidewalks on Oak Street, Maple Street, and near Cassidys Field.

At 8:00 p.m. four residents came in to discuss the electrical wiring involved with the installations of swimming pools in Medway. Mr. and Mrs. Thompson, Mr. Ed Richards, and Mr. Robert Ziko talked in length about the Code Medway distributed throughout Medway. They feel Mr. Goode, wiring inspector has misled them with internal wiring and underground conduit wordings. Mr. Goode implied that all the work should be done by a master plumber, which cost alot of money - sometimes more than an individuals pool is even worth. The people feel that if they are experienced to do it than they should be able to do it themselves. This is just for safety precautions for the people who are using the pool.

In April pool regulations were circulated to the people whose pools were known about. Mr. Coakley suggested to these people that they call Mr. Goode and tell him that you think your pool is safe according to your own standards. The people are arguing that you need 3 permits for just an inexpensive above-the-ground pool. There should be common sense in the interpretation and they believe there is not. The Selectmen agreed to call in the three inspectors and talk about it. When leaving it was voted to have Mr. Thompson compile what he thinks the changes should be and bring it in to the Selectmen so they can submit something that everyone can understand for the March Town Meeting next year.

Father Flynn would like to have a Permit for a Field Day held at St. Josephs Parish grounds on September 7th, 8th, and 9th of this year, from 6:30-12:00 Midnight.

Motion - Made and seconded that this Permit be granted.

Mrs. Janes of 2 Village Street called and asked for a permit to have a sign erected on her front lawn for her daughter who is handicapped and repairs and sews dolls clothes. The sign would be relatively small saying "Peggy's Doll Hospital."

Motion - Made and seconded that this permit for a sign be granted.

The resignation of Mr. Benjamin Summers of Karen Avenue was read and accepted with regret from the Industrial Development Commission. His reason for leaving is the purchase of another home in another town. This letter should be sent to Mr. Fran Donovan to see if this resignation is acceptable or to see if some other form should be made out.

Mr. Francis Kelley, plumbing and heating inspector, came in to discuss the new rates of gas installations of the various towns in this area and to see if we should change Medways rates. The town of Holliston is out of range, but the town of Franklin is reasonable. Both Franklin and Millis has gone up. Millis charges 3 fixtures for \$10.00, while Medway is charging 3 fixtures for \$5.00. It was decided to go along with the town of Franklin whose charge is \$6.00. It was so moved to be consistent with the town of Franklin. 95% of new construction uses gas, provided there is a gas pipe nearby.

Motion - Made and seconded to increase charges for the town of Medway.

Mr. Richard Williams of 119 Milford Street should be notified that his land which was in question a few weeks ago, is now found to be in the Industrial Center Zone and will be able to keep his trucking vans parked in his driveway.

Miss Olive M. Coe, who is a retired salvation army worker, claims she fell down on Kenney Drive last winter and the street was in total darkness. It was proved that the lights were on that night, and also after talking to one of the members of the Housing Authority, that they have no record of her falling on their property. Mr. Handverger says that the Medway Housing Authority is responsible for this. All Medway is liable for its defects and ways. Also, she should have notified Medway of her injury within 10 days and not later than 30 days, which she did not do. There has been no correspondence whatsoever about this woman either from her or Gordon Boyd until now.

A Voucher was made out in the amount of \$27,437.40 with the Selectmen signing this. The check is to be made out to P. Joseph Kenney, Attorney for William H. and Elizabeth R. Carson.

Dr. O'Leary said that he had talked to Mr. Gene Stillwell of the Finance Committee, who states that he likes this job very much, but he works nights alot and probably should resign from the Committee because of this. It was said that a resignation should be submitted by him because of the reason of business commitments.

A telephone call from Mr. Soforenko told the Selectmen that he had no intention of coming to their meeting, but apologized for not letting them know. He says the matter of the library situation and card file cabinet is entirely out of his hands, and has tried to call Mr. Richmond about it.

The Davis Trial was mentioned by Mr. Handverger who says this case is being continued until July 26th. The situation is better at his residence now. Gregory has to get out so this will be better. The time of operation was agreed upon - he can conduct his business from 8:00 a.m. until 6:00 p.m. No reefers are to be running, no parking of trucks with the exception of two trucks overnight. No working on Sundays or holidays, unless it is his ice cream business.

The matter of sewerage was talked about and nothing was heard from them at all yet. Mr. Handverger said the setting up of a District Commission would be the best form.

Mr. Jim Brodeur asked the Selectmen what they thought of him taking a vacation some time this summer. This is not the policy because he has not been working here this long. He should get a letter from Mr. Wilbur saying if he has no objection to taking a week or two it would be alright with the Selectmen. We are setting no precedent. Milton should make the decision not us. If we made the decision then would have to apply to everyone.

A letter has to be sent to the Natick Five Cents Bank again to do with the matter of Lovering Farms. ✓

Concerning EEA for next year, we should ask for more than two workers. Bellingham asked for 20 and got them. Mr. Wilbur wants to know by Friday pertinent information so Madway can be set up for next year and what kind of workers would benefit the town.

Chief Giallonardo talked about their new radar system and how it worked. The Breathalyzer should be in soon. He also asked about the rug installation for his offices downstairs. When this can be done and exactly what areas will be covered. There is enough money in the budget for this to be done. The Chief also talked briefly about the drowning that occurred a couple weeks ago. There is going to be an inquest made because of the circumstances that do not connect. The first court hearing was Friday for the murder of the Wood boy. The suspect is in Worcester until he is adjudicated. The Chief did not like the idea of leaving exhibit photographs in the court from hearing to hearing. Does not think this should be done.

The Meeting adjourned at 11:10 p.m.

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
June 27, 1972

The Meeting was called to order at 7:30 p.m. All Members were present, Mr. Coakley arrived at 9:40 p.m.

Mr. Thomas Flood and his wife of Village Street, West Medway, talked with the Selectmen about the railroad behind their house and the ditch on both sides. They have been filling it in with gravel for the last few years because of the water problem which arose from that. The grading of the slope is towards Floods back yard. There is 18 inches of difference in elevation as long as water can get out; as long as there is an easement. The Railroad has the easement and drainage. The Railroad still owns the property, but would still have to provide a passageway for the water to get out. The Floods stated that for years they had been getting sewage but never complained. The Railroad property is 82½ feet. The solution would be to put a pipe in, and simply come in and dig it back out again so the water will move freely. For fourteen years they have been filling the land. Mr. Flood stated that he does not plan to pay for any of it. The cost of the pipe would be \$300 or \$400. There is a distance of 125 feet behind Mr. Floods house and 100 feet behind the other houses involved. It would cost \$115 for a manhole, and piping would amount to \$1000. Should get permission from the Railroad for some of this work, then it wouldn't be so expensive. This would be easier than going 500 feet with pipe. Mr. Flood will ask Mr. R. Briggs whose field this is owned by so might be able to do the work there.

Bids were opened at 8:00 p.m. for a Leaf Mulching Machine. Mr. Higgins was present to hear this. One Bid came in from Tarrant Manufacturing Company - 1 vacuum leaf mulching collector, Model TTL-1 62W, with three weeks for the delivery date. Total being \$4667.40. The Selectmen and Mr. Higgins thought this price to be too high. The month of June there is a 3% seasonal discount. Talked about building their own box at about \$500. The Bid will be taken under consideration until two weeks from now. The specs would have to be changed substantially. It was mentioned that an \$80 item would be given for free.

Mr. Robert Parrella, Chairman of the Finance Committee, came in and discussed Mr. Gene Stillwell. He hasn't been to the last four meetings of the Finance Committee and does not call when he plans not to attend. A letter was written to him from the Committee, as well as Dr. O'Leary trying to call him on the phone from the Selectmens Office, but as of yet have not heard from him. If a member of the Finance Committee misses a certain number of meetings in a row he is automatically disqualified from the Committee. Mr. Parrella suggested that Mr. Allan Osborne is being considered for the vacancy. He has expressed his interest in wanting to become a member of the Finance Committee. Mr. Wilson also said he talked to Paul Mitchell who states that a Mr. Robert Penza would be a good person to qualify.

Mr. Robert Harrington of the School Committee talked about the plans for the Pawlowski land taking. Jim Brodeur has drawn up alot of the plans but he cannot put a stamp on them. Boundaries are pretty well set. Mr. Handverger was present to discuss this also. Mr. Harrington called Mr. Terhune to see if he would put a stamp on it, but feels that

an Engineer would not want to stamp it if it wasn't his own work. Mr. Wilson will call Guierre & Halnon tomorrow to see if they will do the work. (Surveying.)

Motion - Made and seconded to call Guierre & Halnon.

Mr. Donald Hjulstrom of 34 Cottage Street would like to have a garage sale on Saturday, July 8th from 10:00 until 2:00 p.m. Rain date July 15th.

Motion - Made and seconded.

Mrs. Haas, Mr. Beard and Mr. Pelletier of Coffee Street came in to complain about the water problem that they have. A big puddle has been on their street for some time and is getting worse. Mrs. Haas, who is the school nurse, says that during the school year the children walking to school always get wet by the time they enter the school. After the rains this puddle gets worse. The only thing the Selectmen could suggest now is to write a letter regarding the problem and it will be put in the 1973 Town Meeting concerning drainage. This is not in the budget for this year.

Mr. Higgins talked with the Selectmen about EEA. A man from Milton will bring their money and take the time slips from Mr. Higgins for the two high school boys that will be working on the Highway Department. Brocton Taunton Gas Company requests permission to make gas piping installations at 105 Oakland Street for Patrick Tornifoglio.

Motion - Made and seconded that this Permit be granted.

Mr. Wilson and Mr. Higgins went to Fisher Street to ask Kevin Rafferty to put a pipe in one of the driveways so it will get in the town drain so it will not go out on the street. Mr. Rafferty agreed to this. Mr. Wilson talked with Mrs. Sullivan last Saturday and explained to her that the iron posts should be removed from her property. She said yes and it was done. The best way to make any widening on the present Ellis Street is to eliminate the well. This belongs to the town. The Selectmen also went to Gil Greene and explained to him about the problem around the corner on Ellis Street and Mr. Greene said he would fix the water drainage problem when the weather got better and didn't rain.

Mr. Joseph Juliani of the Fire Department came in and talked with the Selectmen to see if he could put some containers around town for the benefit of the nine firemen that died in the Hotel Vendome Fire in Boston. Permission granted. He also said that a portable radio system would be good to have for the fire department. The estimated cost is about \$450. Every truck has to be equipped with a Scott Air Pack by next year. Let the Finance Committee know how much he is spending and on what.

Mr. Richard Williams of 119 Milford Street came in as requested and talked about the parking of his moving trucks in his driveway. The complainant was Charles Bresnahan. Years ago when Mr. O'Brien lived at the same residence he was also asked to move his trucks. The law says that you cannot park commercial vehicles in an agricultural-residential zone. This would be a Zoning Board of Appeals decision. There is a question as to what zone he is in; Mr. Handverger will decide if Mr. Williams is in the industrial zone and to see if he can keep parking his trucks there. Mr. Williams operates out of Northboro but his trucks are kept at his residence for convenience sake. The Selectmen will let him know one way or the other soon.

Mr. Carlo Molinari, who owns land on Causeway Street, next to Finn Brothers Gravel Pit, wants to take a Permit to take gravel out of his property. He owns approximately 60 acres of land, but not all of this is gravel. He has never had a permit but would like to have one now because of the possibility of many houses that are going to be built around this area. Mr. Handverger thinks this is a Board of Appeals matter. Mr. Molinari says that as long as it is an open facing his lawyer says he can do this. Pre-existing non-conforming operation. This goes beyond a reasonable extent but Mr. Molinari says he only wants to use one hill. The By-Laws says he should go to the Zoning Board of Appeals because the Selectmen cannot issue a permit for removal of sand, loam, gravel, etc.

Mr. Giallonardo was present to talk about departmental matters. He said that the Police will get the signature of the pool table license at the Elm Social Club and the Selectmen will sign it. The question of another dispatcher (part-time) was talked about. Complained about them not coming in. Might have to get another worker soon. Marty Beksha is doing the job now from 12:00-8:00 a.m. There is not enough money right now to get one. The Chief thinks that \$2.93 per hour is too low and should be more money for the work that they do. Also discussed about the police officers vacation. Five working days and four working days off which equals 9 working days according to the Chief. Only says one week in the police contract. The week starts on a Sunday.

Charles Bresnahan and Paul DeSimone of the Parks Department had a closed meeting with the Board of Selectmen to talk about personalities within the Park Department and their not doing their jobs according to what they should be doing. The Park project from Whitman & Howard, Inc. (preliminary plans) were passed around and read by the Selectmen and Town Counsel. This has been reviewed by the Bureau of Outdoor Recreation. It will be started about October 15. Sandersons Pond will be worked on first. Check the Deeds of Lovering Farms to see if they own just to the edge of Chicken Brook. Would have to get permission if more is owned. The plans were broken down as follows: \$20,000-plans and specs.; \$7500-surveys;; \$2000-final applications to the State;; \$1500-borings (about four);; \$192,000-construction;; and \$30,000-contingencies. Services are under 10% of the cost. Mr. Handverger thought this too high. It was also discussed that there has been an undercover agent at the park who states that drugs have been bought and sold there during the park hours. Harry Romsey says that this might turn into a big problem in time. He suggested that a Policeman should be on duty perhaps from 2:00-6:00 p.m. to patrol the area. The Parks Department agreed that they would rather spend their money for some supervision rather than on something else.

P. Joseph Kenney called Mr. Wilson about submitting a warrant for \$30,000 for the Carson property near the park. The Selectmen should sign it. He wanted to know if it would be proper if it was paid to William and Elizabeth Carson or P. Joseph Kenney, Attorney for? Payment on present by an acceptable deed by Town Counsel. Nobody has spoken to Mr. Handverger about doing title work on this piece of property. Get from Mr. Donovan the warrant check on how we voted on it. Submit a Voucher for \$30,000?

Mr. Hyman Kramer, Veterans' Agent, was discussed and his job ability. The Selectmen wonder whether he is putting all his effort into it or not. They asked Mr. Handverger why Medway isn't getting the \$17,000 that we think we should be entitled to.

Effective July 1st, Carr Liquor License (J & R Superette). The fee will only be \$100 because of it being for half a year. The Selectmen agreed to this fee.

Motion - Made and seconded that this liquor license be granted.

The Selectmen and Mr. Handverger discussed in length the water problem near Gallaghers in West Medway. Two or three feet of the driveway is washed away. The Selectmen wanted to know whether we are responsible for the damages it does when water runs into someones property? Mr. Handverger does not think so. He states that abnormal conditions exist now because of all the rainy weather we have had. The pipe that runs underneath his parking lot gushes and cannot hold any more water. The Gallaghers are upset because work has not been done on Cottage Street. They are going to wait and see if anything gets done in July. Mr. Freeman says that Peter Koshivas should be doing the work but Freeman says he is slow. It was agreed that a letter should be written to Mr. Freeman and to bring suit on the contract or agreement that he signed. August 1st the work should be started.

EEA Applicants were discussed and they agreed not to hire any girls that might have applied for the job. Although they might be capable, a highway department job is not really for a girl. Mike Eldridge and Dave Robinson were picked from the applications to be the most qualified for this funded job. They will start work on July 3, after filling out the necessary forms. (Such as the WE-4 form which will mean that taxes will not be taken out of their salaries.)

The Jaycee Field Day which was scheduled for June 24 was cancelled and a new date was set for Sunday, July 2, at 1:30 p.m. at Legion Field.

Motion - Made and seconded that this date be re-scheduled.

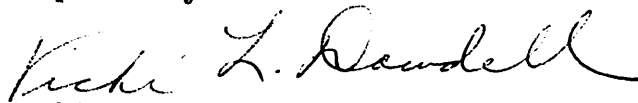

A Fair for the Order of the Eastern Star was granted a Permit for the month of November, at 10:00-2:00 p.m. at the Masonic Temple in West Medway. A sign was granted to be put up at the end of Cottage Street near Gallaghers for that day so that they can advertise for the Fair and to show the directions towards it.

Motion - Made and seconded that this Permit be granted.

Mr. Edwin Cerel wants a renewal of his Auctioneers License. His permit just expired and a new one will be made to him. These licenses are good for one year only. His address is 84 Milford Street, Medway.

The Meeting adjourned at 12:00 a.m. Midnight

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
June 20, 1972

The Meeting was called to order at 7:45 p.m. Dr. O'Leary was not present at this Meeting.

Walter Johnson, Building Inspector, was present to discuss various matters that have been brought to this attention. Along with Tom Curley of the Board of Health and Bob Goode, wiring inspector, they will make a town wide check of Medway to see if everyone has a permit for pools - legal wiring etc. They will give the residents a 14 day period to have everything according to law. Some of the people might comply with the fencing but not with the wiring. This will have to be strictly enforced. Mr. Edward Reardon of Charles River Road brought a formal complaint to Mr. Johnson stating that a Mr. Bob Higgins lives next to a house that Mr. Reardon is trying to sell. According to Mr. Reardon a hut that Mr. Higgins son has on the property is an eye sore and his house cannot be sold because of it. Mr. Johnson said that if it was painted and thought to look like a tool shed would be all that could be done. Mr. Johnson pointed out that Gil Greene and a Mr. Fantoni took over the lots of Dedham Realty Trust on Ellis Street.

Mrs. James of Main Street wanted a Permit for a yard sale on June 24th. Walter Johnson took out a permit for his daughter who is a cheerleader. They will be holding a cake raffle at Fernandes for the date of June 30th.

Motion - Made and Seconded that these two Permits be granted.

Mrs. Giardano has problems with her septic tank system - she thinks its coming from Medway town water from some pipe. This is near Kenart Street and the Selectmen will talk to Mr. Higgins about this. The Selectmen talked with Mr. Tom Curley about the bank filling in the pothole between Newton and Knowlands house, but it hasn't stopped the water from coming. A letter to the bank will be sent.

Vincent Germani of Utility Construction Corporation of Attleboro wants a Permit to excavate for New England Telephone. This permit is granted provided they notify the Chief of Police and Mr. Higgins of the Highway Department.

An Appointment is being made out to Mr. David Youman, Town Accountant, for the term of three years until June 30, 1975.

The question of an automatic pool table and the Elm Social Club came before the Board. Mr. Giallonardo said they had changed the format of the license so that the Police pick up the license from the Club itself. The police make it out and the town receives \$20 and the State gets \$50. The check is sent to the town of Medway and it goes into a general revenue fund. The State Police radio blew up -cost was \$99. The Finance Committee approved this; should take it out of equipment expenses. Raise police expenses by \$100 to cover this for the year. Street Traffic Control Maintenance-separate appropriations for the lights that were repaired at Rt. 109 and Rossettis corner. The air-conditioning repair bill was thought to be taken out of Town Hall expenses, but the Selectmen agreed that the Police Department should pay for this since it is their air conditioner.

Mr. Hyman Kramer, Veterans' Agent, came in and talked with the Selectmen about the letter from the Commissioner of Veterans' Services; he spoke to them about the \$1800 Voucher two weeks ago and they returned the check made out to employee. Claflin Hill Nursing Home was called and was told to give a complete itemized bill. Mr. Fred Lee is going to void the check for the \$1800. The problem was discussed that \$30,000 is what is left to spend and already Mr. Kramer has spent \$2300 which means only \$6847 is left. \$3000 is left in the fund. The Selectmen agreed that \$5600 is not much of a reimbursement from the Cherry Sheets; should be about \$23,000. A letter will be sent to Mr. Collatos about the situation with Mr. Kramer and also why Medway is not getting more of a reimbursement.

Mrs. Gallagher discussed with the Selectmen about the water problems near her residence. This has been going on for about four years now. Freeman is paying for the whole thing, but he cannot be pinned down as to when this will be started. Mrs. Gallagher wanted to know if this sort of thing can be capped because of it getting wider and wider, the water is getting into cellars, and rats are becoming more frequent. There is no easement on this property. Mrs. Gallagher is afraid the pipes might burst because of the pressure involved. Mr. Peter Koshivas is supposedly to have the contract to do the work now.

Mr. Charles Bresnahan suggested that a letter be sent to Mr. Richard Williams at 119 Milford Street asking him to come in before the Board of Selectmen to discuss the trucks that are being parked on his property. These trucks (Moving Vans) are parked in a residential-agricultural zone.

The letter from the Office of Planning and Program Coordination, to do with the development of child care programs, was discussed. More information should be found out about this. Medway does not have any day care center in this town at all, Kindergartens are provided but not commercial day care centers. Would have to receive a Zoning Board of Appeals Variance to operate. Call the Office and ask if they could send a copy of the state office regulations regarding the development of child care programs.

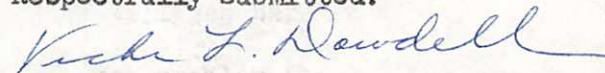

The Selectmen talked about the up and coming jobs from EEA. The applicants should be coming in this week to fill out the necessary forms. The two job openings will be for the Highway Department. Girls are not to be discriminated against and may apply for this job.

Mr. Wilson suggested that the Selectmen see Mrs. Sullivan of Ellis Street and talk with her about the iron posts near her house and making the street very hazardous. It was agreed that Mr. Coakley and Mr. Wilson will see her on Saturday June 24th.

The dump was discussed and about the growing rat problem there. An increased dosage will be put on the dump to do away with the problem, or at least reduce it. The burning ban is the result of this.

Meeting adjourned at 11:00 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
June 13, 1972

The Meeting was called to order at 7:30 p.m. with all Members present.

Mr. Stewart Douglas, Jr. came in to get his Auctioneers License. It was also voted to renew Mr. Allan Osborne's license for this year.

Mr. Higgins of the Highway Department discussed his 1972 projects and what will be completed. Vacations for his workers are being split this summer. As of this date they are cleaning the town dump - removing tires, etc. The drain job on Granite Street (near Bellingham) is being started also. The lights at Speronis are 100% reimbursement from DPU. Breezy Meadows needs a sign, painting of white lines, are other items on his agenda. Also improve conditions on Ellis Street.

Mr. Phil Hollister called and talked to Mr. Wilson about seeking a permit for the Boy Scouts. Troop 58 is to sell concentrated cleaning soap in door to door sales. The date is June 16-19th. Mr. Frank Coakley of Winthrop Street will be holding a garage sale on June 24-25th on his property.

Motion - Made and Seconded that these two permits be given.

The Board of Selectmen discussed the Tenney land off Oakland Street. The town just wants to buy the gravel. It was questioned whether it was legal to buy his gravel and not have some company contest it. They mentioned this to Abe Handverger and he said it was legal and proper to do this - but first Tenney would have to go to the Board of Appeals to have a permit issued to sell it to the town of Medway. Mr. Tenney wanted a price for the gravel but will have to get an estimate first. The payment would be spread over a two or three year period.

The Freeman subject came up and the drainage problem. Peter Koshivas will be doing the work now. The problem of the town dumping dirt and causing water to be retained in many homes near the Grohls residence was brought up by Mr. Higgins. It was dumped on the old railroad bed and this is a water problem now. Mr. Higgins said the problem can be solved very easily and will get to work on it.

Discussed the Subdivision on Sunset Drive and Abe Handverger was asked whether this hole is on a taking? Could it be put in his tax bill? Amato apparently dug up part of the right of way. Can the town fill this in or their part of the hole; and send the bill (tax) to the Contractor? Mr. Handverger said they couldn't tax him but could fill the hole. He also said that no one has the right to dig up any part of a right of way without permission from the Selectmen.

It was suggested to write Mr. Hyman Kramer a letter and meet with him to discuss the Claflin Hill Nursing Home situation in Milford. This is about a bill that should be paid.

Charles Bresnahan brought up the fact that there are very big trees growing on a public road near the Tennis Club on Massasoit Road. He said maybe Mr. Briggs or possibly Mr. Richard Coakley might want to take them down and use them for lumber.

It was mentioned to send a letter to a Mr. O'Brien at 119 Milford Street to move his trucks (moving trucks) to a more appropriate place other than his residence.

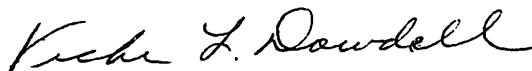

Chief Giallonardo came in and talked about departmental matters. Also Mr. Shenker talked about the dog leash law that should perhaps be put into the Warrant in the future. The Chief says this is a difficult situation if it cannot be enforced as seen in the dog leash laws in other towns. Mr. Wilson thought there are options that can be taken. The main point was that there have been a number of dog bites near the vicinity of the High Street School and also the fact that these packs of dogs get into garbage etc. Mr. Shenker has had the problem of them coming right into his garage and getting into barrels and upsetting trash and his surgical dressings that have been thrown out. A matter of health was his concern. The Chief said he will contact the County Dog Officer in Dedham and get more information on this subject.

The Carnival has been changed to a new location this week to Legion Field. Not as much of a traffic hazard that would arise on Rt. 109. Mr. Giallonardo will provide the lead cruiser for the Road Race that is set for next week. Mr. O'Leary brought in a plastic bag that Fernandes circulars are being given out in. It is large enough for a child to slip over their heads and could cause suffocation. The Chief said he would do something about this. The Wood murder was brought up and mentioned - Jim Brodeur is mapping out the scene for the up coming trial. The Trial is going to be based on circumstantial evidence. Two policemen will have to be sent to school to learn how to operate the Breathalyzer which the town is going to receive. It will not cost anything.

Mr. Handverger has the papers to sign for the Pawlowski land taking. This should take approximately two weeks for the final arrangements and for the land to be considered the towns.

Meeting adjourned at 11:00 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
June 6, 1972

The Meeting was called to order at 7:30 p.m. with all Members present.

Mr. Joseph Winniker, builder of Wilmark Apartments, talked with Dr. O'Leary stating that people are complaining of a sewerage problem that seems to be coming from his street, Samwin Road, namely Pawlowski property. He referred him to the Board of Health.

Mr. Hugh O'Neil came before the Board and talked about the recommendation of a type of disposition. The increase of solid waste matter report dropped the towns of Westwood and Norwood; but added the towns of Bellingham, Dover and Milford. They hope to get the cooperation from these three new towns but not anything yet that is mandatory. He will get copies of the Raytheon Report within a couple days. Vote for the three man commission. The Board of Selectmen said that they will have a meeting in September or October. They will ask for a sum of money that is a portion to the Town of Medway. Mr. O'Neil also discussed that a mix up has come about as to the Field Day and Carnival - the road race and field day both being held on June 17. They decided to break it up into two different weekends and it was voted to change the Jaycee Field Day to Saturday, June 24 at 1:00 p.m. to 4:00 p.m.

A group of five residents from Ellis Street, headed by Mrs. Kelly, came in to discuss the condition of their Street. Six weeks ago a water pipe was put in (2/3 of the way down to the ground.) The water has washed out under the road. There is approximately 2½ feet of sand and gravel and not hard top. Trucks are using Ellis Street with overloads and excess is dumping off the trucks. They asked about a sign that might be placed near the Silvas residence that would say "Blind Drive". The residents all agreed this was a very dangerous corner. Dedham Realty Trust are using flatbed trucks that are going too fast and they are concerned for their children. The residents said that they didn't think there was any need for these trucks to be using their street, but Mr. Wilson said you cannot tell someone not to use a public roadway. The Selectmen will talk with Dedham Realty Trust Construction and see that something will be done about this situation. Also, they stated that the Sullivan property has a safety hazard which they are concerned about. There seems to be iron posts too near the street and if two cars are passing one another (opposite directions) the posts could and have been sideswiped. No specific bounds as to the width of the road - Medway owns a 40 feet taking. Another thing brought up was the erecting of a speed sign on Ellis Street. It couldn't be an official sign, but will have the police look into it and see what could be done. Mrs. Will, 9 Ellis Street, complained of her dangerous driveway situation.

Mr. David Long came in to discuss the matter of his two signs that he has on his sales and repair TV shop. He is allowed 12 square feet which it so states on his original variance. Denied a variance for the large sign he had. Original states no signs in a residential area to be erected except according to the zoning Board of Appeals. Mr. A. Handverger said that this is not clear. By-Laws state that a home occupation such as Dr., Lawyer is acceptable but Tv appliances. There should be a decision to fit the situation - liberal interpretation of the 12 foot sign. Mr. Long can have the sign on the front part of his business but not on the overhang.

Richard Paulette, in regard to the Medway Police Association, came in with Todd Kromer and Maureen Shubow to talk about the Annual Ball for the benefit of the Patrolman Elias Rojee Scholarship Fund. This will be held at Lakeview Ballroom, Rt. 16 on Friday evening, September 8th, at 8:00 p.m. The Association wants to sponsor a contest open to all boys and girls from 10-14 years of age. Youngsters are invited to write an essay or create a poster using the theme "Keep Kids in Sports and Out of Courts". The winning entry will be awarded valuable Savings Bonds. \$75.00 will be given for the first place entry, \$50.00 for the second place, and \$25.00 for the third place winner. Winning entries will be published in the Program Book of the Medway Police Associations Annual Ball. Entry blanks will be available at merchants displaying the contest sign throughout the Medway area. This will run through the summer.

Motion - made and seconded.

Mr. Stewart Douglas of 27 Pond Street came in to apply for an Auctioneers License. He is 26 years of age, born in Newton, Mass. 2/27/46. There is a \$2.00 fee. It was said that he cannot auction outside the town of Medway - would have to go before the Board of Selectmen in that particular town where he wanted to auction. Check with the Chief of Police. Mr. Allan Osborne, also present, stated that he should have a renewal on his Auctioneers License.

Motion - made and seconded.

Mr. Higgins of the Highway Department said that he had two "No Heavy Trucking" signs to be put on Ellis Street if need be. He will check the iron posts and check the wall near the Sullivan property (belongs to the town). Supposed to repave it soon. He suggested Bids for advertisement of a Leaf Mulching Machine be put up for the Highway Department. Specs can be obtained from Mr. Higgins at the town barn. It was agreed upon that on the 27th of June at 8:00 p.m. would be a long enough deadline for the Bids. Mr. Higgins also said he will pick up the line striping machine Thursday. A letter will be sent to the IRS asking to reconsider the salary of the highway workers in the town of Medway; one has already been sent. The hot top for Highland Street will be completed on Thursday. The street will be blocked off partially and a detour sign be put up.

Dr. O'Leary talked about the railroad matter. He called New Haven and talked with a Mr. Solters who is a real estate agent. Legislature has approved a state takeover of all railroad bridges. (House Bill #5900 - August 9, 1971) DPU authorizes over all bridges. Railroad felt that when they built these bridges thought they should get some money from the construction of it. Suggested purchasing it yourself. \$8,000-\$12,000 would be the approximate cost.

Mr. Handverger suggested that a letter be sent to Mr. Soforenko, architects, about the Library situation. Mrs. Howker called Mr. Handverger about this. She seems to have a piece of equipment that is not usable. The Board of Selectmen paid for this card catalog equipment at the end of the year.

The subject of Metcalf & Eddy (sewerage) was talked about with Mr. Handverger. An example he suggested would be pipe mains going into Lynn, problem is the fact that the sanitation plant is going to be in Medway. Lynn would pay a large sum of the cost - conveyed directly to the treatment plant. Medway in this same situation with Franklin. Mr. Handverger discussed the Pawlowski land, the Selectmen will take this land by Eminent Domain - he will contact Mr. Donavan. Harvey Davis Trial is suspended and a new date has to be started. Davis has made some improvements. Mr. Handverger met with the Water Department with Mr. Freeman - asked him when the work was going to get done on Cottage Street. Koshivas from Holliston will do this. Mr. Freeman will be billed rather than the individual occupant; for 11 years we have been billing the individual occupant. Water commissioners said it is difficult to get a reading. A Master Meter is in and Mr. Freeman paid for this. Freeman would have to do his own reading and bill them but Freeman says he would have trouble doing this. Do not know who to charge excess and who to charge minimum to. If the tenant does not use the water we can put a lien on the owner - 90% of the commercial areas do business in this way. Each store is supplied with a meter and they are billed; and the town would be shortchanged by reading the master meter. If there is any additional cost Mr. Freeman would pay for it.

Mrs. Gallagher or Gallaghers Furniture Store on Main Street appeared before the Board to ask for a permit for a new sign that they want to erect. They are removing the old sign and putting up a new one (within the 12 square feet) that will be facing both ways for the oncoming traffic.

Motion - made and seconded to permit a new sign to be erected.

The Chief of Police discussed departmental matters with the Selectmen. He thought that a set of traffic lights should be installed at Whites corner (across from the fire house). Take a survey to see if this should be done. He is also going to make West Street (near Lee Memorial) a one way direction part of the street. Also talked about Peter Bates and his not attending State Police School this summer. He feels that in the Fall he will be able to send two men instead.

In regard to Boston Edison Company it was voted to have Mr. Wilson agree to the release for construction of the pad-mounted transformer to the high school as requested by Mr. James Brown of Brown & Carpenter, the electrical contractor.

Dr. O'Leary read over the material for summer job applicants that EEA is issuing. Their ages would have to be 16-22 years old; \$1.75 per hour, totaling \$409.50 per person for the summer. This would be for nine weeks, totaling 26 hours per week. Top priority applicants would have to be a school drop out, a returning veteran, or a family who needs the money badly. An application has to be filled out by every person who applies for the job. This person can be used in any project. It was suggested that a highway assistant or aide would be appropriate. Call McCarthy and see if he thinks this type of job is right.

Mr. Wilson and Dr. O'Leary looked over the land that Mr. Tenney of Oakland Street owns and what he has available for us. Crown of the hill has all been eroded and the original bottom was right here the distance of the town barn. They don't think the town barn is on any of their (cemetary) property at all. Wait and see what Jim Brodeur comes up with. If anybody ever disputes the lines he sets, then the Town has to get it surveyed.

Discussed Jim Brodeur and what he will do in his job. Talked about the research end of it, if he runs out of work after the dump issue. The Selectmen will lead him in a certain direction.

It was decided to ask Mr. Higgins to bring in his budget and what has been done as of this date - and what will be finished in the future.

Meeting adjourned at 11:30 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
May 30, 1972

The Meeting was called to order at 7:45 p.m. with all Members present. Mr. Coakley arrived at 8:30 p.m.

Mrs. Howker, Librarian, came before the Board to discuss the card file problems of the new card catalog cabinet purchased recently for the Library. She wanted to know if the Board of Selectmen had already paid Dunton Corporation for it. They had and the total cost was about \$510.00. Bob Soforenko claims this cabinet should be complete.

School Bids were opened at 8:00 p.m. with Mr. Handverger in attendance. Mr. Wilson read them as follows: Quincy Oil Company - #5 Fuel Oil for Medway Elementary School, North Elementary and the Medway Junior-Senior High School, at \$.1005 per gallon; \$1.052 per gallon. Burner Service hourly basis is \$10.50 per hour, #5 Oil Burners at \$65.00 per unit; Hopedale Coal and Ice - \$.145 per gallon #2 Fuel Oil for James G. Anderson and West Medway Elementary Schools - \$.122 per gallon. One Boiler \$65.00 for total of \$195.00. Oil Burner Service is \$5.50 per hour. Garelick - School menu requirements - $\frac{1}{2}$ pint paper container for all schools - \$.0707; Sunshine Dairy - delivery of milk at \$.0694 per $\frac{1}{2}$ pint container, all schools; Bread - ITT Continental Baking Co., Inc. White Pullman Sandwich bread .29, larger .40; Hamburg rolls and Frankfurt rolls at .31; Mazzearelli's Bakery, Inc. - 16 French Bread - .22¢.

At 8:10 p.m. the Selectmen adjourned to the Special Town Meeting in the Sanford Hall room, which was held over from last week. Mr. Bresnahan talked to the people of Medway about the West Medway Park Project. Mr. A. Handverger was the moderator. Whitman and Howard is the engineering firm involved in this recleaning of the Park water. After one and one-half hours of deliberation it was voted to appropriate a sum of \$50,000 to be raised on the 1972 tax levy, and a sum of \$192,000 to be raised by bond issue for improvements. It was amended to read a split sum of \$121,000 on tax levy and by bond. An amendment to the amendment was offered by Leonard Carruci to raise \$50,000 this year and to bond the remaining \$192,000.

Motion carried - 60 in favor, 15 against.

Mr. Fred Lee discussed with the Selectmen the fact that he needs \$400,000 to borrow in anticipation of tax revenue. This would carry through to July. The Board of Selectmen hereby authorized the Town Treasurer to borrow the said amount.

Motion - made and seconded.

It was mentioned that at 8:00 p.m. on Thursday, June 1, the Board of Selectmen along with Town Counsel had to attend the Village Church Trustees Meeting about gravel that the Town had been using for many years which they had no right to do.

Mr. A. Handverger told the Selectmen that the Town will take Palowskis land (.29 acres) which is located off of Holliston Street, by Eminent Domain.

A Mrs. Henneberry of Summer Street and Mr. Fenton of Old Summer Street talked with the Selectmen about Boston Edison's DPU Hearing which will be held on June 30. They discussed the smell, vibration, and noise that has bothered them for some time and what can be done about it; it was decided that the DPU will erect one stack of the six that are to be put up, and to see if this will solve the situation. Mr. Wilson suggested the unit be run and tried and see if it works with the addition of the chimney and then come back to the Selectmen to decide on the rest of the stacks. It was mentioned whether Boston Edison is using non-polluting fuel.

The matter of the Harvey Davis Trial was brought up. Town Counsel said the trial had been suspended and will arrange another date. Harvey Davis agreed to let Mr. Handverger look at his books; also says his place looks like a warehouse.

It was voted to pay Sarah T. O'Donnell her annual pension which is due her. The total price being \$1200.00.

Motion - made and seconded.

Chief Giallonardo talked with the Selectmen about Mr. Tim Pickering selling the Elm Social Club to a Boston Police Officer. This has been checked through and is all set. The Chief also went over his figures of the Police Department's five month expenditures to date. \$19,000; Allocate for overtime \$4,000; only spent \$1400.00 so far. Peter Bates is attending school. If need more ammunition the Police should take it out of school money because there is only \$37 left in ammunition fund. The Police Association wants to have a special day for the youngsters of Medway on June 5th (Safety). Prizes are to be given out and it was suggested that the items be a bicycle and ice skates.

Mr. Wilson talked with Bill Danforth (Boston Edison-Mr. Shepard) and it was stated that they charge the contractor \$1500 for temporary installation. Mr. Barrows was ill and could not be reached. He would come back to the Board of Selectmen when he knew what to do.

Four letters will be sent to each of these restaurants - Village Inn, Half Way West, Speroni's and Gormley's Cafe stating that they can remain open until 1:00 a.m. instead of the existing 12:00 Midnight.

Motion - made and seconded.

Discussed the possibility of taking Shirley Paulette out to dinner or to buy an appropriate gift because of her leaving her secretarial position with the Board of Selectmen for the past five years. It was agreed to buy her a gift.

Mr. Wilson decided to terminate the mail at the Village Station and be sent instead directly to the Office of the Board of Selectmen at the town offices. Mr. Gene Tillberg of the Main Street branch of the Post Office will be notified in writing.

The EEA (Emergency Employment Act) has two summer youth jobs open and first choice applicants would be poverty stricken people. Mr. O'Leary will read over this material and discuss it at a later date.

It was also decided that Mr. O'Leary will represent the Town of Medway and Board of Selectmen in the July 4th celebration of the Centennial Parade to be held in the Town of Norwood. He has to supply his own open car and have a sign with the name of the town on it.

Motion - made and seconded.

Metcalf & Eddy is all set - determined that the money is there and send a voucher to see that they get paid.

The eight Auxiliary Police Officers are to be sent an Appointment Slip which hasn't been done yet this year. They are: John L. Bigelow, Sr., John L. Bigelow, Jr., Freeman S. Bullard, J. Fred DeRoche, Charles Gallagher, John C. Westkage, Robert Dunn and Charles Spavold.

Mrs. Kronman of 3 Hill Street was given a Permit to conduct a lawn sale for this weekend, June 3 and 4.

Meeting adjourned at 12:00 Midnight.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
May 23, 1972

The Meeting was called to order at 7:30 p.m. with all Members present.

Mr. Walter Pratt, 48 years old and who resides at 32 Village Street applied for an opening in the Highway Department that will be coming up in September. He has a Class II truck license. The Selectmen will talk with Mr. Higgins about this matter.

Mr. George F. Pavlik came in to discuss the prices of a sliding door that has to be installed in the Town Offices. The price agreed upon would cost about \$50.00 and this would be done in the near future.

Mr. Robert Harrington of the School Building Committee discussed the cable and underground operations which Boston Edison is doing. Edison is looking for an addition because they are bringing it down the end of Holliston Street and cutting it through. It had been voted to move it to a new location, being 43 feet into a clump of trees. The Selectmen agreed to get a breakdown of the cost by talking to the Field Engineer (discrepancy over cost) and that Mr. Harrington should be present to talk to the Contractor also. The Selectmen will contact Mr. Carlton S. Barrows.

Jack Ryan of the Finance Committee discussed the writing of the Article for the Bond which is being done by Mr. Handverger. They want to have another recommendation prepared - favor funding for a year but would definitely vote against a Bond issue for the next five years. A Motion should be ready that if voted upon properly it would be legal.

Mr. Walter Johnson, Building Inspector, talked about the question of the Legion Post being residential or pre-conforming. Would have to go to the Board of Appeals - it is exempt from zoning because it is a fraternal organization and non-profit. It was agreed upon not to issue Soforenko a permit yet. The Selectmen will talk to Mr. Handverger about this. Mr. Johnson also made an inspection on Sun Valley Drive, Lot #25, and said that there is a spring-fed body of water right in the middle of the development not more than 50 feet in back of houses. He wanted to be known to go down on record that he was opposed to this and thought it very dangerous.

Mr. John Donohue, attorney, represented a Mr. O'Reardon who is the new owner of the Rock Garden. He wants to know if the restaurant can be open until 1:00 a.m. instead of 12:00 a.m. on Saturday nights. Petition under Chapter 138, Section 12 states that you can be open until 1:00 a.m. on Saturday morning. The Board stated that they would take this under advisement and will write Mr. Donohue a letter about this.

Carl Eaton, President of the Jaycees, asked for a Permit for the Annual Childrens Field Day for a road race on June 17th. Mr. O'Leary along with Mr. Osborne will give out the prizes.

Motion - made and seconded, that this Permit be granted.

Mr. Lomberto who parks and repairs trucks on his property, came in to discuss a problem with the Selectmen. He is going to have a federal surveyor come in and look at his property but he cannot seem to approach his neighbor, Mr. Reardon, who says that Mr. Lombertos cesspool is overflowing. The Board received a letter from a lawyer about this situation (Demand). Also, the Selectmen stated that you cannot park commercial vehicles on residential property and they wonder whether there would be some place in town where he could park his trucks. Mr. Lomberto says it is hard to do because of vandalism. If the Selectmen get any more complaints about these situations they will have to act upon it. Selectmen urge Mr. Lomberto to go to the Zoning Board of Appeals.

Peggy Wickstrom attended the Meeting along with Faith Coye, Cheryl Sepko and Pam Arnold to discuss the granting of a "Mary T. Hardiman Day". This will be a Tea and Reception to be held on June 11th from 3:00 p.m. to 5:00 p.m. on Sunday afternoon.

Motion - made and seconded, that this Day be granted.

Mrs. Sillay of Main Street, West Medway, asked for a Permit for a Barn Sale selling household goods and yard tools. This will be on a Saturday and Sunday afternoon, and the upcoming Holiday.

Passed - Unanimously

Mr. Iseman of Millis requested that a Clam Bake be held at Legion Field on August 20th from 1:00 p.m. to 8:00 p.m. The St. Josephs Corps Club would be putting this on and that beer would be sold there for the day. The need for only one policeman was discussed. The Chief of Police should be contacted about the parking.

Passed - Unanimously

Tom Curley suggested that when the Board of Health Clinic is held upstairs in these town offices that chairs can be lined up in the hall and the children be taken in one by one.

It was noted that there should be three Appointments made to a Vocational High School Committee. Mr. Loring D. Maxwell, Mr. Ray McCausland, Jr., and a Mr. William Schavrien be nominated to the Committee. Mr. Handverger will sign the Appointment papers.

Motion - made and seconded that these Appointments be made.

It was moved to appoint the Town Accountant.

Motion - made and seconded.

The subject of the DPU was discussed and was noted that a Hearing should be held first before the stake is put up and that we would be prepared to remove such equipment and be prepared to do so. Should discuss the matter and see what happens - also take the letter to Mr. Handverger and see what he thinks about this.

The Selectmen talked about what they should say and how long a speech should be given at the May 29th Memorial Day exercises.

Allan Osborne brought up a point to be discussed at a later date in a closed session. This has to do with the set up at the new town barn. 2/3 of the town barn is sitting on cemetery gravel which the Highway Department has been removing. Mr. Osborne said that a Deed to be maintained forever for cemetery purposes should be written. A meeting will have to be called of the lot owners in September. \$1450 is spent to maintain the cemetery and 40% of the town barn is on the church property. Mr. Rimbold, an attorney, would be representing Mr. Osborne. Wait until Jim Brodeur is certain of his lines.

Sgt. Lambirth wants to know about air conditioning in the Police Department. It seems that he does not think the present one is doing an adequate job. Mr. Wilson said there is not enough money in the budget for a larger one at the present time.

Mr. Wilson and Mr. Higgins went to Center Street this week and looked over the water drainage problem. It seemed to be centered around the leaves that have been building up in the drain. They went to the school and the strong odor is the smell of rotting leaves. A ditch would have to be made to take care of the water problem. Talk to Mr. Trufant in the future.

The Girl Scout Organization wants to meet in the town offices once a month; but the Selectmen do not think these rooms are large enough because Mrs. McGonagle says 25-40 people usually attend these meetings. Wait on this matter.

Mr. Higgins submitted the Bids that were accepted this week. George B. Voorhees Company from Ashland, Mass., received the Bid of Highway Department radios at a cost of \$3063.81; and North Shore Yellow Lines, Inc., got the other Bid, their total price delivered being \$1225.00.

Mr. Timothy M. Scoggins applied for a Permit for solicitation of magazines in Medway. He has solicited in the Milford, Wrentham, Franklin areas and his company is Publishers Continental Sales Incorporated, 2601 East Michigan Blvd., Michigan City, Indiana.

Passed - Unanimously

Meeting adjourned at 10:45 p.m.

Respectfully Submitted:

Vicki L. Dowdell, Secretary

MEETING OF THE BOARD OF SELECTMEN
May 16, 1972

The meeting was called to order at 7:30 p.m. with all Members present.

Mr. Harold Davidson of Keystone Carpet was present, along with Mr. Beksha, to discuss the purchase of carpeting (rug and runner) for the first floor of the Town Offices of the Police Department. It was approved and was agreed upon to install in the near future @ \$3.95 per square yard.

Passed - Unanimously

At 7:45 Mr. Donavan, Town Clerk, brought Mr. Thorne of Millis in to have Mr. Wilson pick a Juror. Joseph F. Hennessey, a Security Officer, of 17 Oakland Street of Medway was chosen for session in Criminal and Civil Court on June 5, 1972.

John Hodgeson and group met and asked about the possibility of a three day town clean-up instead of Final Exams at the high school. This situation was not yet discussed with the school heads and was told that it was virtually impossible for the Board of Selectmen to do anything about this sort of thing.

Vetoed

At 8:00 o'clock Bids were opened for Street Markers - North Shore Yellow Lines Inc.: 12 gallon tank, 10 inch lid assembly and riding trailer, Binks, 69, hand gun; Total price delivered \$1,225.00; Files Equipment Company, Inc., 1 Model 8000 Unimasco Line Marker, \$1495.00; Bids were also opened for two-way radios for the Highway Department. George B. Voorhees Company - 1 GE Model DM74LAU 100 watt, 2 GE Models RG64TAU 50 watt, Total \$3063.81; Motorola Communications and Electronics Inc. two-way radio Model C71LHB, \$3260.00; two Motorola Model T51BBN (alternate bid) \$3,666.00, ITT Mobile Communications two-way radio system 1-F 88/TS, 2-M 87/TS with a total cost of the system being \$3,874.00.

Mr. J. R. Melpignano, District Agent for New England Telephone & Telegraph Company, attended the meeting and discussed the petition of the N. E. Tel. & Tel. for the laying and maintaining of underground conduit on Shaw Street. One abuttor, Mr. Kenneth Bell who lives at the corner of Village and Shaw Street, did not object. It was moved to grant the telephone company to go underground.

Passed - Unanimously

Mr. Fred Sanford of the Industrial Development Commission appeared before the Board to state that he wanted to have appointed to the Commission a Mr. Charles Clougherty for the term of 1 year, ending in 1973.

MOTION - made and seconded.

Passed - Unanimously

Attorney Frank McKenna discussed with the Board recommendation for a job to a man who will shortly retire from the Police force.

Dr. Shenker was present to talk about the condition of the road on Mann Street. He stated that the water drainage is very poor, especially his driveway where patients have to park. The Board and Mr. Higgins of the Highway Department decided all that could be done temporarily would be to patch the road and put a coat of oil to remedy this situation.

Passed - Unanimously

Mr. Orlando Taddeo asked for a Permit for an Auto Body Shop for used cars. This would be his only income and he would be selling a few also. The Board agreed that there should be a limit put on the Permit stating that a "total at all times not exceed 15 cars on the premises".

MOTION - made and seconded, that this Permit be granted under the conditions set down.

Passed - Unanimously

Dr. Soforenko of the Legion Post was present to question whether they needed a Common Vitualers License to serve clams every Friday to its members. It was decided there was no need for one. He also asked for permission to build a 15 x 30 foot shed addition to the backside of the building because of the need for storage space. He will go before Mr. Johnson.

Mrs. Gladys Bruce complained about a dog barking next to her and wondered about keeping it quiet during parts of the day. There is no Dog Leash Law in Medway. The Board of Selectmen suggested to her that if it continues to be a nuisance that she should contact the Police Department so that they could talk to the people with the noisy dog.

The Board then met with the Finance Committee at 8:45 p.m. until 11:45 p.m. Betty Archer discussed the printing of the warrants, postage, office supplies, dealing with the expenses to all. Chief Giallonardo also was present and all of the Articles of the Town Warrant were discussed. Gone over in detail was

the situation of the Town Tax Consultant, Mr. David Youman, and matters involving the Police Department such as bicycle plates for the town of Medway, the need for a Breathilizer, new radar system, tranquilizer gun for dog officer, and a raise for the Clerk of the Police. Another important matter the Board of Selectmen brought up was that of a Sarah O'Donnell. She is a retired school teacher who once taught in Medway.

MOTION - made and seconded to grant Sarah O'Donnell money owed to her before July 1. Chief Giallonardo was granted the Breathilizer

Mr. Edward Reardon, of Reardon Insurance Agency, Inc., talked over an insurance policy (Workmens Compensation) for the year to employees. They moved to sign this policy tomorrow downstairs with Mr. Fred Lee, Town Treasurer.

A Mr. Peter Shultz and Mr. Gene Stilwell discussed the water drainage problem on Center Street. Mr. Tom Curley will check the water take samples, and will submit a letter to the Board of Health. It is intended that permission to have the water drained be acted upon and ask the School Department if this area can be blocked off.

Passed - Unanimously

Meeting Adjourned at 12:45 a.m.

Respectfully submitted:

Vicki L. Dowdell, Secretary

BOARD OF SELECTMEN MEETING
May 9, 1972

The meeting was called to order at 7:30 P.M. with all members present.

MOTION - made and seconded, that the Chairman of the Board of Selectmen be given authorization to sign vouchers from the State Water Pollution Control board for the feasibility study being made of the town sewerage.

Passed - Majority

An offer of assistance in any town project designated by the Board of Selectmen was received from Larry Landry of the V.F.W. representing a group of about 70 men from the reserve corps of engineers. The Board of Health and the Highway Superintendent would be contacted to see what project they felt would be of prime importance.

A letter was to sent to Bessette Ford, Franklin, releasing the 1954 Ford cab and chassis for sale prior to the town receiving the new highway truck.

In regard to the increase in salary for the Highway EEA worker, Mr. McCarthy, Milton Consortium, asked us to wait until approval or disapproval had been received from the IRS for the highway department increases in salary before submitting an application for an increase for Mr. Bergamini rather than doing it in two steps.

At 8 P.M. a hearing was held on the request for an application for a beer and wine license for the J. & R. Superette, 76 Holliston St. owned and operated by Joseph & Rose Carr, represented by Attorney Frank McKenna. There being no abbuttors present or any objections made the Selectmen voted to give them a permit subject to the approval of the ABC.

MOTION - made and seconded, that a permit be given to Joseph & Rose Carr for the sale of beer and wine at the J. & R. Superette, 76 Holliston St., Medway.

Vote - 2 for, 1 against
Passed - Majority

(The objection being made by one of the Selectmen was that he felt there were sufficient package stores in the town at present).

A permit for a garage sale was given to John Kawana, 401 Village for May 13 & 20.

In a discussion regarding the signs on the Odd Fellows building for the Quality Market and Mele's repair shop the owners would be informed that they are in violation of zoning laws and should make the necessary application to the Zoning Board of Appeals in this matter.

Mr. Gordon Lougee, 39 Broad St., was also referred to the Zoning Board of Appeals regarding having his land rezoned from residential to commercial so that he could more easily sell his property as he has taken a job elsewhere.

A permit was given to the Brockton Taunton Gas Co. for an installation for Daniel Glickman, 3 Richardson St.

Billy Giordano, Donna Black and David DelGenio, members of the Senior Class at Medway High School applied for a permit for a Rock Concert to be held on Saturday, May 27, 1972 at the Medway Elementary School from 1 - 11 P.M. The Boosters Club was to act as sponsor. A lay-out map of the area to be used and a list of chaperones were given to the Selectmen and the Police. A conditional permit was given for the Concert subject to the receipt of: 1) a letter from the Superintendent of Schools or the School Committee giving permission for the use of the school property and 2) an "OK" from the Chief of Police relative to parking areas and police protection.

The Selectmen informed Mr. Francis Donovan, Town Clerk, that no official notice had been received from Mr. Davoren relative to the allegations made in the Milford News that Medway had not filled state requirements at the primary election.

A permit was given to the Police Association to solicit ads for a souvenir program book for their ball to be held at Lakeview Ballroom.

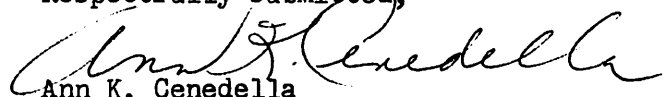

Mr. Robert Harrington, Chairman, School Building Addition Committee met with the Board to discuss the following: 1) has any progress been made on the purchase of the Pawlowski land, and 2) would the Selectmen contact the telephone company to see if the fire alarm system could be laid in with the telephone conduit when it is installed. In reply the Selectmen stated that at this time no further progress has been made on the Pawlowski land, Town Counsel was to contact her lawyer and they would contact the telephone company re the installation of the alarm system.

It was decided by the Selectmen to grant a pension of \$1200 to Sarah D'Donnell a former teacher in the Medway Public Schools under the provisions of Chapter 944 of the Acts of 1971 as required by law. Mrs. O'Donnell had retired before the establishment of the Teachers Retirement Fund, thereby is eligible under this chapter. This amount will be reimbursed 100% by the state.

Mr. Diarmuid Higgins, Highway Superintendent, met with the Board to discuss departmental matters.

The Secretary was dismissed at 12 midnight.

Respectfully submitted,

Ann K. Cenedella
Secretary, pro-tem

MEETING OF THE BOARD OF SELECTMEN
MAY 2, 1972

The meeting was called to order at 7:45 P.M. with all members present.

A permit was granted to the American Legion to hold a shower at their hall on Sunday, May 7 from 3 to 6 P.M.

Mr. Diarmuid Higgins, Highway Superintendent, was present to discuss departmental matters. The Board of Selectmen authorized Mr. Higgins to advertise for bids on a communication system and a street line marker for the Highway Department. Bids to be opened at 8 P.M. on Tuesday, May 16th at the Selectmen's office. Also discussed was vacation time for Mr. John Bergamini, EEA employee of the Highway Department. The Selectmen were to advise him regarding this at a later date.

MOTION - made and seconded, to appoint Raymond Hewitt to the Overall Economic Development Commission.

Passed - Unanimously

Mr. Frank Krupa, Council for the Aging, requested that a letter be sent to Mr. Joseph Greaney, Dept. of Community Affairs, Boston, stating that members had been appointed and sworn in by the Town Clerk for the Council on Aging from Medway.

Mr. Peters and Mrs. Sylvia Dill from Maryland Nursing Home requested that the Selectmen declare the week of May 14-21 as Nursing Home Week. The Selectmen signed a Proclamation in observance of this week. (Proclamation on file.)

MOTION - made and seconded, that the week of May 14-21 be observed as Nursing Home Week and that this Proclamation be signed so stating this.

Passed - Unanimously

A hearing was set for May 16th at 8:00 P.M. on the petition of the N. E. Tel. & Tel. Co. for the laying and maintaining of underground conduit on Shaw Street.

Mrs. Helen Henneberry, 16 Summer Street and Mrs. Marilyn Fenton, 8 Old Summer Street appeared before the Selectmen to register a complaint against the Boston Edison Co.'s generating plant in West Medway. They complained of the noise, vibration and odor present at this site and feel that their property is being devalued because of these conditions. They have discussed this matter with representatives of the Boston Edison company and have had correspondence with them regarding the problem but no satisfaction has been forthcoming. They do not feel that raising the stacks to a higher level will remedy the situation as so stated by the Edison company. The Selectmen would contact the Department of Public Utilities in regard to this matter and would report back to Mrs. Henneberry and Mrs. Fenton. A letter was sent to James W. Penney, DPU, with a copy to Warren Roach, Boston Edison Co., requesting that they be notified as to whether or not a public hearing is going to be held on this matter.

Mr. Frank McKenna, attorney, representing Joseph C. Carr and Rose M.

Carr presented to the Selectmen affidavits affirming that publication had been made of a hearing to be held May 9th, on their petition for a beer and wine license for the J. & R. Superette, Holliston Street, Medway.

Mr. Edward Borek requested an opinion from Town Counsel as to whether or not the town by-law regarding unoperable cars remaining on premises remaining on premises without a permit or license from the Selectmen had been passed. No record has been found to date that approval had been received. A letter was sent to Attorney General Robert H. Quinn asking if the town by-law passed on March 4, 1968 had been approved.

Mr. Borek also asked the Selectmen to investigate the possibility of establishing a Town Forest here in Medway, mentioning three possible sites for such a project. (The Woods property on Ellist St., the corner of Causeway St. and Holliston St and on Winthrop St.) The matter was taken under advisement by the Selectmen.

Mr. Charles Bresnahan and Mr. Hugh McGrail, Park Commissioners, submitted articles for the Park Department for the warrant for the special town meeting to be held May 22.

At the request of the Board of Selectmen, Inspectors Robert Goode, Walter Johnson, Francis Kelley, Thomas Curley and Robert Heavey, were present to discuss the issuance of permits under their respective jurisdiction. It was decided that a form would be devised whereby each inspector would check when a permit had been issued for a specific item such as plumbing, heating, building, etc. This record would be kept in the Inspectors' office, Town Hall. Permits have been issued by inspector's prior to the building inspector's permit and it is hoped that in the future that this form would eliminate any problems regarding permits. The specific case in question at this time was the renovation of a home on Holliston Street by Francis Cassidy. The building inspector had not issued a permit but other permits have been issued for this property. The building inspector felt that certain codes should be adhered to prior to his issuing a permit, e.g. more fire escapes. The Selectmen at a previous meeting had told Mr. Cassidy that he could continue the renovation but now feel certain changes should be made. They would make a determination on this matter and would report back to the Building Inspector.

Mrs. Betty Archer, Board of Registrar, reported on the expenses for the primary election. The cost of the election was much more than expected. Mrs. Archer and the Selectmen would meet with the Finance Committee in regard to this.

Mr. James Jeffers, Mr. Harold Dennis and Mr. Herbert Rivkin, Board of Health members met with the Board to discuss departmental matters.

Appointments to the Regional School committee were discussed. Names suggested were: Mrs. C. J. Stephenson, Loring Maxwell and Clifton G. Chew. No appointments made at this time.

MOTION - made and seconded, that Mr. Michael Beksha, custodian, be given permission to purchase a lawn mower.

Passed - Unanimously

Meeting adjourned at 12 midnight.

Respectfully submitted,

Ann K. Cenedella, Secretary, pro-tem

MEETING OF THE BOARD OF SELECTMEN
APRIL 25, 1972

The meeting was called to order at 7:45 P.M. with Chairman Paul Wilson and member Richard Coakley present. Mr. O'Leary arrived at 8:15 P.M.

Mr. Damiani was present to discuss selling nursery products at Mars parking lot. As this was felt by the Board of Selectmen to be in violation of the Zoning law he was referred to the Zoning Board of Appeals for a permit.

Mr. Henry Miller, representing the Citizens Scholarship Foundation requested that the Selectmen declare Sunday, May 21st as "Dollars for Scholars" Day.

MOTION - made and seconded, that Sunday, May 21st be declared "Dollars for Scholars" Day and that the Citizens Scholarship Foundation be given permission to solicit funds on this day for that purpose.

Passed - Unanimously

At 8:00 P.M. bids were opened for a Line Marking machine. Only bid received was from Files Equipment, Acton for \$1600. This was taken under advisement as it was over the funds appropriated.

Mr. Frederick Lee and Mr. David Youman met with the Board to discuss borrowing of \$300,000 in anticipation of tax revenue to meet current expenses and the work being done on refinishing of the safe in the Town Clerk's office and a new system of Data Processing for the Town.

MOTION - made and seconded, that permission be given to the Town Treasurer Frederick Lee to borrow \$300,000 in anticipation of tax revenue to meet current expenses.

Passed - Unanimously

Mr. Walter Johnson met with the Board to discuss building violations.

1.) Mr. Felix Parchesky met with the Board at this time to discuss with them and Mr. Johnson the addition of a carport at his home for which he had never been issued a Building permit. The carport is only 4' from his boundary line. He was referred to the Zoning Board of Appeals for a judgment in this matter.

2.) Mr. Francis Cassidy met with the Board and Mr. Johnson at this time to discuss the renovation of a house on Holliston Street for which he had not received a Building permit. Plumbing and gas permits have been issued. As this house had previously been a three family home no further action was taken at this time.

MOTIONS - made and seconded, that the following bids be accepted:

E. C. Murrery Construction Co., Inc. - bituminous concrete
@ \$9.95 per ton in place

Bayer & Mingolla Industries, Inc. - bituminous concrete
Type I-1 Cold Patch f.o.b. Ashland Plant @ \$7.50 ton

Simeone Stone Corp., bituminous concrete, Type I-1 @
\$7.50 per tone at plant.

Trimount Bituminous Products Co., - Asphalt, furnished &
applied per gallon, MC1, MC2, MC3, MC4 or MC5 Medium
Curing @ \$.272; RC1, RC2, RC3, RC4 or RC5 Rapid Curing
Cutback asphalt @ \$.272

Bids - continued:

Trimount Bituminous Prods. Co. (Continued)

OA3 85/100 or OA4 Asphalt @ \$.272, Road Tar, T3,T4,T5 or T6 @ \$.336

Milford Concrete Pipe Co - concrete pipe as quoted in bid of March 28, 1972 (in Bid file)

Finn Brothers Service, Holliston - sand, stone and gravel as quoted in bid of April 5, 1972. (in Bid file)

Independent Bituminous Co., Inc. - Liquid asphalt, MC (all grades), RC (all grades), OA (all grades) deliver and apply @ \$.272 per gallon, Asphalt Emulsion, RS-SS-MS (all grades) delivered and applied @ \$.279 per gallon, Road Tars, T-3, to T-9, delivered and applied @ \$.336 per gallon, Anti-Strip additive as needed @ \$.026 per gallon, Penn Culvert Co., Malden, steel and aluminum corrugated pipe as quoted in bid of April 18, 1972.

Passed - Unanimously

All bids were approved by Mr. Higgins, Highway Superintendent. (Copies of all bids on file) Town Clerk notified that the bid for "plain & reinforced concrete pipe" was awarded to the Milford Concrete Pipe Co., Inc. in the best interest of the Town.

Mr. Higgins, Highway Superintendent, also discussed a flooding problem which exists at 400 Village Street.

Mr. Frank Yered, 172 Main Street, filed a complaint with the Selectmen regarding a beer sign on the Quality Market. The Selectmen were to look the matter over and would meet with Mr. Yered at a later date.

At 9:30 Mr. David I. Driscoll, Principal of the High School met the Board to discuss a "Rock Concert". He advised the Board that he had not signed the letter requesting the concert and at first did not understand why he had been contacted. (This matter was to be straightened out by him). He was advised that sponsors, chaperones and insurance would have to be obtained for a concert before any permit would be issued. It was suggested that he contact the Jay-ees and Richard Paulette of the Police Association, both of whom had sponsored the concert last year. If all stipulations were met the Selectmen and Chief Giallonardo saw no reason why the permit would not be given.

A copy of the Mass. Clean Waters Act was given to Town Counsel for his legal opinion.

The Selectmen proclaimed Monday, May 1, 1972 as Law Day.

Mr. Ellis, Improved Homes, Inc. met with the Board to discuss putting in a road on Oak Street. He was informed that the money approved for Oak St. was to improve what already existed not for a new road. He was advised to have the property surveyed for homes but to include in this survey enough land to cover the construction of a new road at a later date.

Permits were granted for the following: Boston Edison Co., May 5, to move a transformer subject to the stipulations of the Chief of Police, American Legion Auxiliary, May 4,5,6, for the sale of Poppies

Permits: (continued)

Village Church, May 13, yard sale on the Village Green.

MOTION: made and seconded, that the following be appointed to the Memorial Day Committee, Larry Landry and Michael Matondi, VFW representatives, Donald Pollock and John Easter, American Legion, representatives.

Passed - Unanimously

The names of Vincent Fiori, Jr. and William Reardon were suggested as representatives of the Selectmen. They would be contacted to see if one of them would serve.

The Chief of Police requested \$140 for a tranquilizer gun. The Selectmen advised him that this was not included in his budget and suggested he make note of items such as this for next year.

Mr. George Archer, Water Commissioner, requested the Board to meet with the Water Board on April 27 regarding the Freeman case and Fernandes.

A letter was to be sent to Mr. John McCarthy, Milton Consortium, requesting a change of pay rate from \$3.50 to \$3.70, the level of other Highway workers for John Bergamini, EEA worker.

The date for the Special Town Meeting was set for Monday, May 22 at 8 P.M. A notice to be put in the paper requesting that all articles for the warrant to be submitted to the Selectmen by Tuesday, May 9, 1972.

The meeting adjourned at 12:30 P.M.

Respectfully submitted,

Ann K. Cenedella
Secretary, Pro-tem

Approved: _____

Date: _____

MEETING OF THE BOARD OF SELECTMEN
APRIL 11, 1972

The meeting was called to order by the Chairman Paul Wilson at 7:30 P.M. with all members present.

Mr. Max Greenberg, a member of the Overall Economic Development Commission, was present to see if there were any funds available for this commission and to whom were they to make reports. The Selectmen stated that no funds were available for expenses and that reports were to be made to them.

Richard Harrington, 18 Anchorage Rd., Franklin, Steve Harrington and Eddie Szajner, representing the Franklin Youth for Development Committee, met with the Selectmen to discuss a parade permit for Saturday, May 13. They would like to have a "walk" from Franklin, through Medway to Milford and back to Franklin to raise money to benefit the "Heifer Project" and the American Indians. The boys were to check with the Chief of Police as to the conditions under which he would allow the "walk". As long as they meet the stipulations set down by the Chief the Selectmen would grant a permit.

MOTION - made and seconded, that this permit be granted under the conditions set down.

Passed - Unanimously

Mr. Diarmund Higgins, Highway Superintendent, met with the Board to discuss departmental matters. May 20th was set as "Clean-Up Day" in Medway. The Boy Scouts and other organizations would be contacted to help in this clean up program.

8 P.M. - a hearing was held regarding the installation of cable by the telephone company along Village Street. Mr. Melpignano represented the Telephone Company and abbuttors present were: Mr. LaBounty, Mr. Frank McKenna, Mr. Wodjylak, Mrs. Marilyn Bukis, Mr. & Mrs. Lynch, Mrs. and Mr. George Pavlik. Mr. Melpignano showed those present maps for the installation to be done and answered questions put to him by the abbuttors. There being no objections from those present the Selectmen granted the Telephone Company permission to go ahead with this project. So voted.

The Selectmen announced that the Polls would be open from 2 - 8 P.M. on April 25, 1972.

Representative George Woods, Franklin, was present and offered his congratulations and assistance whenever possible to the new members of the Board of Selectmen.

A discussion was held with Paul Mitchell, Planning Board and Henry Doyle, Water Commissioner, regarding the drainage problem on Farm Street. Further action on this matter was taken under advisement.

Mr. Abraham Handverger, Town Counsel, was to contact Mr. Robert Keating, Attorney, for Mrs. Pawlowski regarding her land on Holliston Street. He was also to contact Mr. St. Cyr to see what the background was on the work being done on Farm St. by the Vazza Co. and to find out what the Town's responsibility is in this situation.

A request was received (by telephone to Mr. Wilson) from the caretaker at Breezy Meadows for permission to park trailers at the camp, and also to allow go carts to use their property. Zoning By-laws would have to be checked on this matter. Mr. Wilson was to contact the caretaker for further information so the matter was taken under advisement.

Mr. George Pavlik met with the Board to discuss improvements at Town Hall. He would begin improvements in the Town Clerk's office.

Mr. John Kennedy was granted permission to use the Planning Board Room for an organizational meeting for his committee, on Thursday evening, this was to be for the one night only. A definite decision would have to be rendered by the Board as to political candidates using Sanford Hall.

A permit was given to the VFW for the sale of Poppies on May 26 & 27.

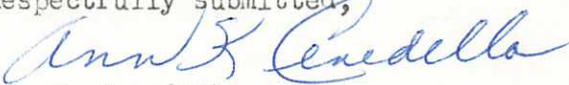

A permit was given to the VFW to show "old time movies" at the High School for the benefit of the Scholarship fund on May 14.

Mr. Sam Pinkham's name was suggested as a member for the Mass. Area Planning Council. He was to be contacted.

A letter was to be sent to Mr. Jack Sheehy and Mr. Walter Johnson notifying them that Pat Tourte, Helga Johnson and Sam Mushnick would have to be replaced at the election on April 25, 1972 as they are candidates and Town Counsel ruled these positions would be in conflict of interest. All other election positions are in non-conflict, so stipulated by Town Counsel.

The meeting adjourned at 11 P.M.

Respectfully submitted,

Ann K. Cenedella
Secretary, Pro-tem

MEETING OF THE BOARD OF SELECTMEN
APRIL 4, 1972

The meeting opened at 7:30 p.m. with all members present.

Shirley Paulette, Secretary to the Board submitted her resignation with deep regret for personal reasons (ill health). The Board accepted her resignation with regret and stated that they would be asking for applicants as soon as possible.

Mr. Ben Summers, representing I.D.C. appeared before the board and asked that a letter be sent to the Dept. of Commerce & Development regarding allocated funds, the sum of \$500. to be used on a matching basis for and for advertising and promotion of its industrial areas. This matter was taken care of.

Diarmuid Higgins, Highway Supt. was present and discussed departmental matters. The board VOTED to open bids for street marking machine on the 25th of April at 8 p.m. at the Board of Selectmen's Office.

The Board will request that Mr. Youman appear at their meeting on April 18, 1972 to discuss a personal matter with him. (8:30 p.m.)

The Board met jointly with members of the Planning Board to fill a vacancy on the board. The name of Allan Smith was nominated and also Mr. Benjamin Summers. On a vote of 4-1 Allan Smith was appointed. Later in the evening Mr. Paul Mitchell and Mr. Leo MacDonald appeared before the board and stated that they concurred with the vote.

A letter was received from Nancy Malloy, Barber Street, in reference to the letter that she received from the Board of Selectmen stating that they did not feel it was the towns responsibility to erect a fence at her property that abuts the playground. Mr. Wilson will take care of the matter.

✓ Mrs. Marjorie Handverger was appointed to a three year term on the Council on Aging.

Dr. Soforenko appeared at the meeting and requested that a committee should be considered for the Memorial Day exercises. The matter will be taken under advisement.

Mr. Henry Zide, Prospect Street appeared before the board to discuss a letter that he had received from the Board with reference to a drainage problem on Malloy and Holliston Street. After a lengthy discussion on the problem and causes of the drainage, Mr. Wilson suggested that a joint effort be made between the Board and Mr. Zide and that they handle the matter in a cooperative way. Mr. Zide will seek the services of Mr. Higgins, and they will jointly straighten out the problem. Mr. Wilson stated that he would speak to the Highway Supt. on the matter.

MEETING OF THE BOARD OF SELECTMEN - APRIL 4, 1972

-

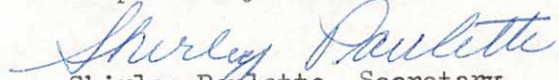

PAGE TWO

John J. Sullivan, 45 Coffee Street was drawn for the civil & criminal session commencing on May 1, 1972. His name was drawn at the request of Arthur Thorne, Millis.

At the suggestion of the Chief of Police, the name of Paul Trufant was submitted as a member to the Police Dept. as a Special Police Officer. This was seconded by Mr. Wilson and it was so VOTED.

The Board voted to send a letter of thanks to the Board of Selectmen and the Fire Chiefs in the towns of Franklin and Millis for the mutual aid assistance rendered to them at the recent fire at the Village Pharmacy building.

Respectfully submitted:

Shirley Bauletto, Secretary

Town of Medway
Board of Selectmen Meeting
March 28, 1972

The meeting was called to order at 7:30 P.M. by the Chairman Paul Wilson with Dr. Richard O'Leary present. Mr. Richard Coakley arrived later.

Mr. Edwin Crimmings met with the board to discuss low income housing to see whether or not the new board had any different opinions on this item at this time. The previous board had voted against low income housing. The matter was taken under advisement. The Selectmen did approve of an \$145,000 increase on the original contract for the Housing for the Elderly on Lovering St. The contract will now read for \$1,165,000.

Mr. Paul DeSimone reported that he had received permission from the Police Department for the Medway Junior Baseball League to hold a "Fun-O-Rama" on Main Street (Route 109) the week of June 12-17. Adequate police protection would be provided.

Mr. Richard Maciolek, Chairman of the Zoning Board of Appeals, requested that associate members be appointed to this board to fill in at meetings when regular members were unable to be present. Names suggested were Joseph McLaughlin, James Gallagher, Paul Quinn, Joseph Hoban and Dave Long.

Mrs. Gladys Bruce, 12 Barber St., requested the Selectmen to ask the Boston Edison Company to put a shade on a light which shines directly into a bedroom. (Letter to be sent to Boston Edison Co.)

Mr. Walter Johnson, Building Inspector, gave a departmental report. (Copy attached). He also requested permission to have copies of the regulations for fencing of pools printed. He was authorized by the Selectmen to have 300 copies of such rules printed.

Leaders of Boy Scout Troops 748 and 777 were present to discuss the sale of home products by their respective troops. Troop 748 had been given a permit by the Selectmen and Troop 777 had been given a permit by the Police Department to sell these products at the same time. Neither group was willing at this point to reach an amicable decision, however, after a discussion with the Selectmen and then by themselves it was decided that Troop 748 would sell the home products from now until April 15th, Troop 777 would stop selling now and begin again on April 16th through May 6th. The Boy Scout leaders offered the services of the boys to the Selectmen for any projects for which they could be of service.

Mr. Robert McNeil and Mr. Richard Longton representing Cumberland Farms Stores were present to discuss the drainage of the property on the corner of Pond and Main Streets, and the problems involved before a building permit would be issued for this store. A new 21" pipe would be installed along Main St. to alleviate the drainage problem in this area and Cumberland Farms offered to pay \$1500 to help defray part of the cost of such an installation. Such monies to be held in escrow until the pipe could be installed.

Mr. Hy Kramer, Veterans' Agent, was to investigate as to how much additional funds are due the Town as reimbursement for Veterans Benefits paid to date.

MOTION - made and seconded, that Cumberland Farms Stores be given a building permit and approval of site plans under these conditions. (They would provide a certified check for \$1500 with an agreement to be drawn up by Town Counsel based on this discussion).

Vote - 2 for, 1 against.

Passed - Majority

MOTION - made and seconded, that a letter be sent to Mr. Henry Zide requesting that road conditions on Malloy Street be repaired for the safety of the residents of Malloy and Holliston Streets.

Passed - Unanimously

Several names were suggested for appointment by Town Counsel to fill the vacancies which exist on the Regional Technical School Committee - Loring Maxwell, Mrs. C. J. Stephenson, Mr. Chue, Ray Hewitt, Gardner Rice and Walter Johnson.

✓ Allan Osborne was appointed for the one year term on the Council for the Aging. (Mrs. Alice O'donnell was to be asked if she would accept the three year appointment.)

Police Chief Giallonardo was present to discuss departmental matters.

MOTION - made and seconded, to approve the Police Department contract.

Passed - Unanimously

(Signed by Town Counsel, Richard Paulette, John Mills and Frederick Paulette for the Police Department)

MOTION - made and seconded, to appoint Charles Glynn as Consultant to the Planning Board (if not already done so).

Passed - Unanimously

A discussion was held as to the Rules and Regulations governing "Beano". Town Counsel was to investigate the laws before making a decision re this.

Mr. Wilson announced that a representative of Metcalf and Eddy would speak tomorrow night on "Regional Sewerage" at the high school.

The meeting adjourned at 11:30 P.M.

Respectfully submitted,

Ann K. Cenedella, Secretary, Pro-tem

MEETING OF THE BOARD OF SELECTMEN
MARCH 21, 1972

The Meeting opened at 7:30 p.m. with all members present.

Town Clerk Francis Donovan and Betty Archer, Board of Registrars was present to discuss budget matters with the board. They estimated that their present budget would not be sufficient money and asked for additional monies. Mrs. Archer told the board that they want to begin a project to update the voter registration list which hasn't been done for some time. She stated it would take many additional hours and that funds were not appropriated. More money will be needed for postage, clerical wages, etc. They estimated the salary account for election workers is about \$1200 less than what will be needed. They pointed out that the April election will take much longer to count than the ordinary election. The Board requested that the Registrars go over the budget and submit their request for addition funds to the Finance Committee and that it would be submitted at the next special town meeting.

Mrs. Robert Lindsey appeared before the board and requested permission for Troop #748 to canvass the town for the sale on 22 different household items. Permission was granted.

Explorer Troop #58 (Nick Cipoletta) was granted permission to conduct a car was at the Shell Plaza Station on Route 109 on March 25 (9-5).

Mrs. Nancy M alloy, Barber Street appeared before the Board and asked them to replace a fence at her property that abutted the old school ground. She was informed that this project came under the Park Department's jurisdiction Mrs. Malloy said she had already contacted Mr. Bresnahan and that he was quite nasty to her on the phone and that he turned her request down. She said she felt that seeing that fences had been replaced for her neighbors that she ought to be given the same consideration.

✓ Police Chief Giallonardo was present and discussed departmental matters. He suggested that Irving Finklestein be appointed as a special police officer and this was so voted on a unanimous vote. He also said that he would like to reappoint the same officers as last year as special police officers. This was So VOTED. Chief Giallonardo also asked for a \$10. - \$15. increase for his clerk, Mrs. Higgins. After discussing the matter briefly the Board voted to increase her salary.

A communication was received from Millis Board of Selectmen for their mutual aid rendered during a recent house fire on Lavendar Street.

Town Treasurer Frederick J. Lee requested to borrow \$300,000 in anticipation of revenue. This was so approved.

Mr. Mann, owner of the Delco Realty was present and discussed the illegal operation of Mr. Davis at the Awl Street property. Mr. Mann appeared at the request of the Board. Mr. Mann stated that Mr. Davis was only to occupy the building if he had a proper variance and since it was denied he stated

that he had asked Mr. Davis to vacate the property immediately. He stated that Mr. Davis should be out by the end of the week. He also stated that he did not like the idea of Mr. Davis being there any more than the Board and that any help he could receive in getting Mr. Davis out would be appreciated.

The following appointments were made:

✓ James Rostcheck, Overall Economic Development Commission, *Chairman*
✓ Max Greenberg, " " " "

Named to Conservation Commission were:

✓ Peter Nolan, Peggy Wickstrom - Term to expire in 1973.
✓ Robert Briggs, ~~XXXXXXXXXXXXXXXXXXXX~~ " " 1974
✓ Richard Handverger - Term to expire in 1975
✓ Gordon Hasenzahl - Term to expire in 1975

The names of Clifton Chew and Ray Hewitt were taken under advisement for possible consideration to the Industrial Development Commission.

✓ James Rotcheck and Robert Niro were appointed to the Industrial Development Commission - Each term to expire in 1975.

✓ Charles W. Glynn was appointed as Field Representative on the recommendation of the Planning Board.

Appointments to the Council on the Aging were as follows:

✓ James Mahan, - Chairman, (Pro-Tem) - 3 year appointment
✓ Reverend Stokes - 1 year term
✓ Anne Gately - 3 years
✓ Marjorie Wyman - 2 years
✓ Francis Krupa - 2 year

B. ISABELLE MCGOURTY DAY WAS PROCLAIMED BY THE BOARD OF SELECTMEN ON APRIL 29, 1972. THE Proclamation was read by the Board and asked all citizens to cooperate on this day.

Respectfully submitted:

Shirley Paulette
Shirley Paulette, Secretary

MEETING OF THE BOARD OF SELECTMEN - MARCH 14, 1972

The meeting opened at 7:30 p.m. with Chairman Paul R. Wilson, Dr. Richard J. O'Leary and Mr. Richard J. Coakley.

Mr. John Coakley and Augustus Leverone representing the Senior Citizens appeared before the Board and submitted names to the board for consideration for appointment to the Council on Aging. The suggested names were as follows: Senior Citizens, Leo Connolly and Ann Gately, Study Group, Barbara Horowitz, Housing Authority, James Mahan, Publicity, Allan Osborne, Clergy, Reverend Stokes, Reverend Bowers, Reverend Flynn, Registered Nurse, Marjorie Wyman and Therapy, Francis Krupa. Chairman Wilson said that he would get in touch with these people to see if they would serve and then would make the appointments.

Public hearings were conducted on petitions submitted by the New England Tel. & Tel. and the Boston Edison Co. for pole locations on Granite, West, Center Street. No one appeared before the board either in favor or against the locations. The Board granted permission and the petitions were turned over to the Town Clerk for certification.

The following girls representing the Girl Scouts of Medway appeared before the Board: Coleen Hagen, Wendy Wilkinson, Dawn Hovey, Kathy Sheehy and Helena Wilhelm. The board proclaimed the week of March 12-18 Girl Scout Week in honor of the 60th Anniversary of Girl Scouting.

A permit was issued to Girl Scout Troop #49 to conduct a dance at the Elementary School on March 18 for the Jr. Sr. High School.

Mr. Frank Einsmann appeared before the board asking permission for St. Josephs Corp Club to sell candy house to house from April 15 to April 29th. Permission was granted. He also stated that he would like to put in an application for "BEANO". The Board said they would check out the regulations and that his name would be the first applicant on the list.

The Medway Jaycees were authorized to operate a "Shrub Sale" on Route 109 from April 15-~~May~~ 30th.

The following bids were awarded: One 1972 FordL 800 to Bessette Ford of Franklin and one 1972 Sedan and One 1972 Ranch Wagon Cruiser to Jack Madden Ford. They will be notified by letter of this award.

The following appointments were made: Dog Officer, William J. Giallonardo; Asst. Building Inspector, Richard Choate; Asst. Gas Inspector, Joseph Niedbala, Asst. Wiring Inspector, Robert Belland, Board of Registrar, Elizabeth Oliver, Term to expire in 1973. Hugh O'Neil, Southesst Area Coordinating Committee; James Rostcheck, Overall Economic Development Plan Committee; Veteran's Grave Officer, Allan G. Osborne, Industrial Development Committee, Richard Parella (Term to expire in 1975) The names of Paul Quinn and Joseph Hoban were submitted by Richard Coakley for consideration to the Zoning Board of Appeals. These names were taken under advisement. Weights & Measurers, Wilfred Leggee, Cemetery Commissioners, Harold Bemis, Charles Crowley and Francis Donovan.

Resignations were received and accepted with regret from Angelo Spezzano from the I.D.C. and from James Olver as Deputy Warden of Precinct I.

Highway Supt. conferred with the board on departmental matters. He was told that a letter will be sent into the IRS for approval of wages voted at the annual town meeting that exceeded the 5.5% maximum. As soon as approval is received the department would get the increase. He also asked permission to open the road at Malloy & Holliston Street to correct a drainage problem. Permission was granted.

Police Chief Giallonardo was present and discussed departmental matters. He discussed the traffic problem that existed near the Community Church at the corner of Milford & Main Streets. He told the board that a police officer would be instructed to do traffic duty at that intersection.

Elizabeth Archer appeared before the Board and thanked them for her appointment. She stated that they had been putting in many hours due to updating of the voting list. She stated that the present board of Registrars wished to get paid at an hourly rate and asked the board for funds. She also asked for a ruling on election workers at the April 25th primary. Town Counsel said he could see no reason for the usual workers at the election counting as long as there was a democrat and a republican, even though their name would appear on the ballot.

The case of Harvey Davis was discussed with Town Counsel. Town Counsel was asked what had been done on the matter. Town Counsel said that the case had been formulated into decree and if he violates it he is in contempt of court. Town Counsel stated that he would put in writing to the Board what decision had been made in court.

It was voted to send a letter to the Dept. of Public Works stating that money had been voted at the Annual Town Meeting for the installation of traffic signal lights at the Corner of Route 109 & Route 126.

The Board voted to have Mr. Mann, owner of the Awl Shop building that Harvey Davis occupies to appear before the board at the meeting of the Board on the 21st at 8:30 p.m.

Richard Paulette, President, Medway Police Association appeared before the Board with the new contract. Attorney Handverger took the contract and said that he would look it over closely before it is to be signed.

- Page 2 -

At a meeting of the board of Selectmen, held on January 25, 1972, the Board of Selectmen, under the provisions of General Law 44, Section 13, declared that a state of emergency existed in the town and that the safety of the public was involved, due to the lack of a police vehicle that was destroyed in an automobile accident. The Board voted unanimously to purchase a police vehicle.

On the same evening the Medway Finance Committee voted unanimously (6-0) to concur with the vote of the Selectmen.

MEETING OF THE BOARD OF SELECTMEN - MARCH 7, 1972

The organizational meeting was held. Dr. O'Leary served as chairman pro temp for the purpose of carrying on elections. Paul R. Wilson was elected Chairman on an O'Leary, Coakley motion and it was so voted unanimously. Dr. O'Leary was unanimously voted to serve as Clerk. Dr. O'Leary congratulated and welcomed Mr. Wilson and Mr. Coakley and wished them well for the projects that were ahead of them.

The following appointments were made, all on a unanimous vote:

Shirley Paulette, Secretary
Highway Superintendent, Diarmuid Higgins
Fire Chief, Joseph Juliani
Engineers, William Douglas, Jerome Hanlon
Building Inspector, Walter Johnson
Gas Inspector, Francis Kelley
Wiring Inspector, Robert Goode
Town Hall Custodian, Michael Beksha
Civil Defense Director, John McGowan, Jr.
Board of Registrars, Betty Archer, Term to expire in 1975
Director of Veterans Services, Mr. Hyman Kramer
Tree Agent & Moth Agent, John Slatkavitz

Later in the evening A. T. Handverger was appointed Town Counsel. He was asked if he would take cases against the Police. He stated that he now had one pending but that this would be the last one that he would take. He did admit that it was morally and ethically wrong but at the same time had to think of his pocketbook.

Paul DeSimone, appeared before the board on behalf of the Little League and asked permission to run a "Funarama" on Route 109, opposite the Medway Shopping Plaza. He was asked the intentions of parking vehicles in the area. He stated that he would get in touch with Mr. Freeman, owner of the shopping plaza and request that vehicles be parked in their lot. The board said that Mr. DeSimone should check with the Chief of Police on the matter and also for recommendations. The dates of 12-17 June were approved.

Mr. Raymond Hewitt, representing the Jaycees appeared before the board to discuss the town wide survey that the Jaycees intend to undertake in the next couple weeks. It was voted that they could distribute questionnaires on the 19th of March and pick them up on the 26th.

Mr. Harry Sabin, Village Street appeared before the board once again and asked Town Counsel if anything had been done on the matter of Harvey Davis, Be-Well Farms, Inc. for being in contempt of court. Attorney Handverger stated that the case had been continued until tomorrow morning (Wednesday, March 8, 1972. Mr. Sabin said "fine, that's all I wanted to know" and then left.

The Board discussed departmental matters with the Chief. Bills amounting to \$338.34 were presented to the Board. These bills were all due to transferring equipment from the demolished cruiser to the newly purchased cruiser and would come out of the cruiser account. There should be no additional bills with reference to this account. The bill for the new cruiser appeared on last weeks warrant.

MEETING OF THE BOARD OF SELECTMEN

MARCH 7, 1972

The Chief also stated that the State Police radio had blown up and that he would like to purchase another. He stated this was an absolute necessity and was unforeseen. Permission was granted.

Diarmuid Higgins, Highway Supt. was present and discussed departmental matters.

Melvin C. Usher was drawn for jury duty, civil and criminal session commencing on April 3, 1972.

Longs' TV & Radio requested permission to construct a 5' x 6' sign. Permission was denied and he was referred to the Zoning Board of Appeals. 168 Main Street is not in a commercial area and therefore does not comply with the zoning by-laws.

It was voted to send a letter to Mr. John Sheehy, Chairman, Democratic Town Committee requesting that his committee submit a name of a registered democrat to serve on the Board of Registrars.

Walter Nelson was appointed to the Zoning Board of Appeals, three year period.

The Jaycees and Teacher Association were given permission to conduct a "Las Vegas Night" at the High School from 7-11 p.m. on March 25, 1972.

It was voted to have Mr. Samuel Freeman come to the meeting of the board on the 28th of March at 8 p.m. and Mr. Longton representing Cumberland Farms at 9 p.m. to discuss drainage at their locations. It was suggested that Mr. Longton might like to bring his attorney.

MEETING OF THE BOARD OF SELECTMEN - FEBRUARY 29, 1972

THE MEETING OPENED AT 7:30 P.M. WITH DR. RICHARD J. O'LEARY AND MR. EDMUND CHARLAND.

Diarmuid Higgins was present and discussed departmental matters.

Trucks bids were opened for the purchase of a Model L-800 1972 Dump Truck, Truck, Cab, and Chassis, Body with Plow. Tobey Ford submitted a bid of \$13,198. \$200 allowance - \$12,998. - Bessette Ford submitted a total bid of \$11,820. delivered. Pilgrim GMC, Walpole submitted a bid of \$11,498. Bids were taken under advisement with Highway Supt. Higgins.

Mr. & Mrs. Sundy Mann, Oakview Circle appeared before the board and requested that some type of fence be put around their property that abutts the Oakland Playground. They asked that an article be submitted in the warrant. They were told by Selectman O'Leary that this was under the park board's jurisdiction. Mr. Mann stated that both he and his wife had already spoken to Mr. Bresnahan, Chairman, Park Board and that they had received no satisfaction. They said that Mr. Bresnahan had agreed to keep a buffer zone, but that the trees had been mowed down by accident and never replaced. Dr. O'Leary said that he would talk to Mr. Bresnahan on the matter.

Bids were opened at 9 p.m. on one 1972 Ford Custom Ranch Wagon, submitted by Jack Madden Ford - \$5,074.79 plus trade-in \$1,995.50 for a total amount of \$3,079.29 One 1972 Ford Sedan, according to specifications, submitted by Jack Madden Ford, \$4,678.00 less allowance \$1,771.92 Net: \$2,906.08

The Board then held a short coffee and cake party in honor of Mr. Edmund Charland on his retirement from the Board of Selectmen. Dr. O'Leary thanked Mr. Charland for his untiring efforts and Mr. Charland in turn stated that he had never worked with two more honorable men and men that sincerely had the best interests of Medway at heart.

Chief William J. Giallonardo conferred with the Board on departmental matters. He then adjourned to the Finance Committee meeting to discuss the purchase of an unmarked cruiser for his personal use. The finance committee after considerable discussion voted to go along with the Chief's request.

The remainder of the evening was spent discussing budgets for the annual town meeting.

MEETING OF THE BOARD OF SELECTMEN - FEBRUARY 22, 1972

The meeting opened at 7:30 p.m. with Dr. Richard J. O'Leary and Mr. Edmund Charland.

Mr. Paul DeSimone appeared and requested that the Little League be given permission to sell raffle tickets. He requested the dates of February 25th through April 6th. He was granted permission but was asked to limit the door to door sales on weeks beginning March 12th and March 19th so as not to be in conflict with other requests. He was told to register with the Town Clerk as far as raffle sales request.

A public hearing was held at 8 p.m. on an application from Walter Nelson 54 Milford Street for an 8,000 gallon tank underground and piping for Diesel Fuel. The following were present for the hearing: Mr. Thomas Moore, Mr. Walter Nelson, Mr. James Coakly & Mr. & Mrs. Robert Gudmore, abbuttors to the property. Mr. Nelson stated the need for diesel fuel for trucks coming from Route 495. Ed Cerel spoke in favor. Mr. Thomas Moore spoke in favor and Mr. Coakley spoke in favor. Mr. Gudmore asked if there would be any change in hours. Mr. Nelson said that the hours would not change. On an O'Leary Charland motion it was unanimously voted to approve the request.

~~Attorney Rutherford~~, Mr. Edwin Crimmings, Mr. & Mrs. William Murphy, Mr. Jerome Hanlon, and Mr. Thomas Flood appeared before the board regarding Harvey Davis (Be-Well Farms, Inc.) They asked why no petition on Contempt of Court has not been filed. The Board said they would discuss the matter with Town Counsel.

Chief Giallonardo discussed departmental matters with the Board. He stated that officer Lovejoy had served his 9 month probation period. It was voted 2-0 (unanimous) that Officer Lovejoy would now go into his first step and his rate of pay would go from \$158. to \$164.

It was voted to send a letter to the American Insurance Co., 1 Center Plaza, Boston requesting that their company make good on bonds for Miss B. Isabelle McGourty as stated in the Audit Report second to last paragraph, page two.

Mr. Diarmuid Higgins, Highway Supt. conferred with the Board on departmental matters.

The Board spent the remainder of the evening on budgets.

MEETING OF THE BOARD OF SELECTMEN - FEBRUARY 15, 1972

The meeting opened at 7:30 p.m. with Dr. Richard J. O'Leary and Mr. Edmund Charland.

Attorney Peter J. Rutherford appeared before the board to discuss the status of Harvey Davis. He stated that the Franklin Street residents had hired him and that he felt it should be Town Counsel Handvergers job to see to it that Mr. Davis was not in contempt. He said that if nothing was done by the end of the week on the filing of a petition for contempt of court, that he would act on the matter. After a brief discussion the Board stated that they would talk to town counsel on the matter once again. Attorney Rutherford felt that his clients had taken enough and that enough time had elapsed.

The Board of Selectmen voted that any hearings that would have to be held on petitions of the Boston Edison Co. or the New England Telephone Co. would have to come before the Board. The Board would then give them a date for the hearing, they would then be responsible for notifying abutters, advertising, etc. Both companies will be notified of this decision.

Peggy Wickstrom, Paul DeSimone, and Mr. Richard Handverger met with the Board to discuss the purchase of land adjacent to the Park. (Fairbairn property) They said the property has been appraised at \$30,000, plus appraisals \$31,000. This would be 50% reimbursable and that the state would match \$1. to \$1. The property consists of 9 1/2 acres. They said they were working with the Park Department on the matter.

The Sewerage Treatment Report was received from Metcalf & Eddy Engineers for a joint facility with Franklin. Nine copies were sent to Franklin and one to Bellingham.

The remainder of the evening was spent on budgets.

MEETING OF THE BOARD OF SELECTMEN - FEBRUARY 8, 1972

Bids were opened for the planting of 50 Norway Maples and 50 Crimson Kings. The following were bidders: Bigelow Nurseries, Northboro, \$1350.; Woodlawn Tree, Randolph, \$2,250.; Winslow, Inc., Needham, Mass. \$40. each, Norway, \$50. each, Crimson; Labadini Tree, \$2500.; A. J. Tomasi, Hingham, \$2,535.; Ken Tripp, Furit Street, Norfolk, \$1,490. Annett Construction, Schatocke, New York, \$4,900.; Bel-Air Gardens, Bellingham, \$1,299.; Arello, Inc., Holden, Mass. \$1,925.; Blueview Nurseries, Canton, \$2,500.; Beaver Nursery, Inc., \$2,389.50.; Sudbury Nurseries, Sudbury, \$1,900.; Smith & Sons, \$2,375.; The Board voted unanimously to award the bid to Bigelow Tree. It was voted to notify the Town Clerk of the decision as it was in the best interest of the Town. The low bidder was Bel-Air Gardens in Bellingham.

A letter of resignation was received from Caroline Reardon as a member to the Board of Registrars. The letter of resignation was accepted with regret.

Walter Johnson, member of the Republican Town Committee submitted the name of Veronica Clark as a member of the Board of Registrars. It was so voted to appoint Mrs. Clark on a unanimous vote. (2-0) Charland, O'Leary.

A bill was received from Anthony Ozella in the amount of \$50. for an estimate on land value of the Pawlowski property adjacent to the school. He estimated the value to be \$500.

Town Counsel Handverger reported to the Board of Selectmen on the hearing held at Dedham Court on February 8, 1972 re: Harvey Davis. The judge has turned the case over to a Master who will hear the merits of the case on or about March 1, until the decision of the Master, the judge has rendered that Mr. Davis may operate at his premises on Franklin Street between the hours of 6 a.m. - 8 p.m. No business activity is to take place between 8 p.m. - 6 a.m. If it does, Mr. Davis is in contempt of court. Any exception to this order must be of an emergency nature and cleared through Mr. Handverger.

The remainder of the meeting was spent on working on budgets for the 1972 year.

MEETING OF THE BOARD OF SELECTMEN
FEBRUARY 1, 1972

The meeting opened at 7:30 P.M. with Dr. Richard J. O'Leary and Mr. Edmund Charland.

Highway Supt. Diarmuid Higgins discussed departmental matters with the Board.

Buddy Nelson appeared before the Board with a request for 8,000 gallon underground tank and piping to single dispensing pump for diesel fuel. The matter will be checked out with the Fire Chief to see whether or not a public hearing is necessary. If a hearing is necessary it will be held on February 22, 1972 at 8 p.m.

The following residents appeared before the Board with a complaint that Harvey Davis is in violation of the zoning laws. Kay Thomas, 7 Awl Street, Marjorie Pickering, Awl Street, Alice Szafir, 2 Awl Street. They stated that there were 10 children under 10 years of age living on that street and didn't think it was a street for heavy trucking. They said it was the same problem that existed on Franklin and Village Streets but now that the problem has moved up to Awl Street. Dr. O'Leary stated that he felt it was a good idea to make their feelings known at the public hearing that will be held next week in reference to Mr. Davis receiving a variance. Residents also appeared from the Franklin Street area in objection to Mr. Davis's operation. They were also told to appear at the meeting of the Zoning Board of Appeals. The Board of Selectmen agreed that they would have the Highway Superintendent post a sign at each end of Awl Street, "No Heavy Trucking Allowed". The following residents were present from the Franklin Street area: Mr. & Mrs. Harry Sabin, Dr. William Murphy, Mr. Thomas Flood, Mr. Edwin Crimmings. They were told that there would be a hearing in the Court at Dedham on February 8, 1972. Mr. Crimmings stated that he would attend this hearing.

Mr. Diarmuid Higgins was present and discussed the sidewalks, drainage, etc. He was told that Mr. Marks from the Department of Public Safety had presented the board with a cost of \$19,195 for the installation of Traffic Signals at Speroni's Corner. A letter will be sent to Mr. Cronin, County Engineer stating that we would like this program to come under Chapter 90, Section 33B.

It was voted unanimously (2-0) that the Police be paid at a rate of time and one half after 44 hours.

It was voted to Notify Mr. McGill, Department of Corporations and Taxation that our Town Treasurer has resigned effective March 6, 1972, and that it was the understanding of the Board that an audit of the Town should be made.

It was voted to put a referendum on the ballot to read: "Shall the Town authorize its Treasurer to act as Collector?" An affirmative vote would abolish the office of Collector of Taxes, and Treasurer there upon would assume the duties of Collector of all monies due the town. Effective date would be March 1973.)

MEETING OF THE BOARD OF SELECTMEN - JANUARY 25, 1972

The meeting opened at 7:30 p.m. with Dr. Richard J. O'Leary and Mr. Edmund G. Charland.

Arthur Cenedella appeared before the board and complained about trucks running at all hours of the night across from his home at Fernandes Parking Lot. The board said they would put a stop to the trucks being parked there and would send a letter to Mr. Freeman, owner of the lot, requesting this.

Diarmuid Higgins, Highway Supt. was present and discussed departmental matters. He was asked to put a sign up at Owl Street stating "No Heavy Trucking Allowed".

The Board voted to send a letter to the Director of Accounts stating that Miss B. Isabelle McGourty would be retiring on March 6, 1972, and requesting that an audit be made.

Town Counsel Handverger reported on the status of the Davis case. He said a hearing would be held on February 8, 1972 at Dedham Court.

Chief Giallonardo was present and discussed departmental matters. It was unanimously voted (2-0) that an extreme emergency existed and that the safety of the public was involved. Under the provisions of General Law 44, Section 13, the Board declared a state of emergency due to the lack of a police vehicle that was destroyed in an automobile accident. The Board voted unanimously to go out to bid on February 2, 1972 for the purchase of a vehicle.

Mr. Harold Bemis was given permission on a unanimous vote to move a house across a public Street, namely Route 109 at an hour acceptable to the Chief of Police.

A letter was received and accepted with regret from Mary B. Crowley, member of the Board of Registrars. It was voted to send her a letter of thanks for her years of dedicated service to the town.

It was unanimously voted to hire John Bergamini, Holliston Street as a laborer of the Highway Department under the Emergency Employment Act of 1971. Effective date to be January 31, 1972.

It was unanimously voted to send a letter to Senator Burke and Representative Woods stating that the board was in favor of repealing S1082, (Bill on raises for Police & Fire Chiefs)

Francis Donovan, Winthrop Street, was unanimously voted to fill the vacancy of Mary B. Crowley on the Board of Registrars.

The Board spent the remainder of the evening on budgets.

MEETING OF THE BOARD OF SELECTMEN
JANUARY 18, 1972

The meeting opened with Dr. O'Leary, Mr. Charland, Mr. E.A. Borek, present.

Letters of resignation were received and accepted with regret from Town Clerk and Town Treasurer B. Isabelle McGourty to take affect on March 6, 1973.

A letter of resignation was also received from Mr. Edward Board to take effect on January 19, 1972. His letter was accepted with regret and Dr. O'Leary and Mr. Charland both extended their thanks and best wishes to Mr. Borek. Cake was served in his honor.

A letter of resignation was received from Anne Hanlon as a member to the Board of Registrars. A thank you letter will be sent to Mrs. Hanlon for her dedicated service to the town. Her resignation was received with regret. The Board voted unanimously to appoint Betty Y. Archer, Maple Street to serve the unexpired term of Mrs. Hanlon. (April 1972) Her appointment was based on the recommendation of the Democratic Town Committee.

A permit was issued to the Odd Fellows Lodge through Paul Kelly to conduct a square dance at the Elementary School on Friday, February 11, 1972.

Girl Scout Troop 49 was granted a permit for a dance at the Elementary School on February 12, 1972.

The Boy Scout Rifle Club, through Chris DiRusso was granted permission to canvass the town for the sale of candy from January 29-February 12, 1972.

A public hearing was held on the petition of the Boston Edison Co. to construct a 345 KV over and across the following public ways: Walker Street, Populatic Street, West Street and Beech Street. The following were present at the hearing Mr. George Koshivas, Mr. John Koshivas, abutters, they had not objections but were concerned with increased static. Present representing the Edison Co. was Mr. Leo Flemming, Mr. John Bartley and Mr. Leo Deleplace. Permission was granted on a unanimous vote.

A list of census takers was presented to the Board and a copy sent to the Police Department for Precincts I and II.

It was voted to send a letter of intent to Mr. James J. Collins, County Commissioners office on the intentions of the Board to remove the Railroad Bridge at Holliston Street crossing and that the board would appreciate any engineering services that would be available to the town.

Permission was granted to the Library Board for use of the Sanford Room for thirteen successive Wednesday evenings commencing March 1, for a showing of the Kenneth Clark CIVILIZATION film series.

The name of Rita Wight, 26 Oakview Circle, Assembler, was drawn for jury duty commencing on February 7, 1972, civil and criminal session.

It was voted to send a letter to Mr. Mann, Delco Realty informing him that Harvey Davis, a tenant was in violation of the zoning by-laws of the town and request that this business cease immediate operation. Mr. Handverger, Town Counsel stated that he would have a bill of equity filed no later than Friday on the property on Franklin & Village Street owned by Davis.

Roger Munroe, 4 Guernesey Street filed an application with the Board of Selectmen for the position of laborer on the Highway Department under the Emergency Employment Act of 1971. He was told that the matter would be taken under advisement.

The Board conferred with the Chief of Police on departmental matters.

MEETING OF THE BOARD OF SELECTMEN - JANUARY 11, 1972

The meeting opened at 7:30 p.m. with Dr. Richard J. O'leary, Mr. Edmund Charland, and Mr. Edward A. Borek.

Mr. Richard Longton, representative of Cumberland Farms project to be constructed on Main Street was present to discuss construction plans. He submitted a new contract to cover the drainage project that will be installed by them. The Board stated that they would have Town Counsel Handverger look the contract over and would take the matter under advisement.

The following residents appeared from the Village, Franklin and Charles Street area: Mr. Edwin Crimmings, Mr. William Murphy, Mr. Harry Sabin, Mr. William Fuller. These citizens were present to protest the operation of the Bewell Ice Cream Firm on Franklin & Village Street. They stated that the noise and the traffic conditions are at a point that it is intolerable. They submitted a letter to the board in this regard. (Letter attached to back page of minutes). They questioned the reasons why something has not been done on this matter and that it has been some time since they were told that the matter was going to court. They questioned why it has taken so long for any action. They said there was no doubt in any persons mind that this man was definitely in violation.

It was also pointed out that he was leasing the building to MacDonalds and that they stored more than frozen foods at the plant. Dr. Murphy stated that the Selectmen are the enforcing authority and should do something on the matter and each time there was delay after delay on court action. The Board of Selectmen went into executive session with Town Counsel on the matter later in the evening. It was voted 1. To write a letter to Delco Realty (Mr. E.C. Mann, Prospect Street, Holliston) concerning the illegal use of the Awl Shop property by Mr. Davis and ask him to cease operation immediately. It was also voted unanimously to order Town Counsel to prepare a restraint order of all business now conducted at the Bewell Farm site on Franklin Street now being leased by MacDonald. Mr. Handverger will file this in the Dedham Court possibly Thursday morning and promised no later than Friday morning.

It was voted to allow the Good Government use of the Sanford Room from 8 p.m. on January 28, 1972.

It was voted to send a letter to the County Commissioners that the Board intends to remove the bridge on Holliston Street at the Penn Central Spur as soon as the land is purchased from the Penn Central Co.

A letter of resignation was received from Anne V. Hanlon, Board of Registrars. The Board of Registrars also asked that a replacement be made as soon as possible.

The Democratic Town Committee reserved Sanford Hall for January 20, 1972.

MEETING OF THE BOARD OF SELECTMEN - JANUARY 11, 1972 - PAGE TWO

The Board of Selectmen met with officials of the Youth Hockey Program and sold them the first decals in support of the local hockey fund.

Mr. Edmund Charland announced that he would not be seeking reelection in the March elections. He stated that he plans to travel in the coming year and feels he will be unable to attend meetings. He said he wanted to give other people that might be interested in running time to take out papers. Mr. Charland thanked the citizens for all their support and paid special thanks to Edward Borek and Dr. O'Leary for their work with him and said that he had never worked with more dedicated public servants.
