Chief Lynch conducted tours of Fire Station 1 (Summer Street) and Station 2 (Village Street) beginning at 6:30 PM at Station 1. Station 1 houses most of the fire department equipment including the two ambulances for the new ALS program. It has a full kitchen with dormitories for the full-time firefighters. Chief Lynch's office is also at this location.

Station 2 houses several fire trucks as well as a water rescue vehicle. It is an older building that has been expanded three times and is being utilized to its maximum capacity. A second set of turn-out gear is located at this facility in order to respond to emergency calls from this side of town.

No discussions or deliberation occurred.

*Respectfully submitted,  
Jeanette Galliardt*

*It is noted that this tour summary was prepared from notes from Finance Committee member Susan Segarra.*
